

A Virtue Needed in America. We Americans are the most wasteful and extravagant people in the world. We waste fully in food, in clothing, and in extras, waste on every secular day of the week, waste a double amount on Sundays, waste shamefully, women shockingly; and girls, too, are permitted to waste fully. Wastefulness is one of our worst national vices; for if economy be a virtue, extravagance must be a vice. The fish don't waste half as much as we do; French don't waste a quarter; and the Germans in Germany don't waste at all. Hundreds of leading hotels here and throughout the country prepare daily from fifty to fifty different dishes for dinner, out of these from a half to two-thirds regularly wasted. Thus not only is food wasted, but also labor at the same time. Ordinary families unwholesome meals of a dozen dishes are gotten up, where a meal would at once be more economical and wholesome. We gorge ourselves with numbers of articles, which are neither nutritious nor delicious, but simply costly—buy fur hats a year, where one ought to last four years. They throw away hand pants when they are but little worn for wear; and instead of having their coats mended and their stockings darned, purchase new ones, and fling away the old. Women wear very expensive articles without wearing them out; and, we heard, are inclined to spend and waste money and material without stint. The present is a most excellent time for whole people to begin to learn and practice the virtue of economy. If those men are striking for higher wages because of a high price of living, would, instead of waste less in their homes their clothing and "furnitures," it would be much better themselves and for the country. If they would live less extravagantly, and less they could sell more cheaply. A man would squander less on their tailors, their wine merchants, their horses, big houses and "fancy fixings" would set a better example, would enjoy life, enjoy better health, and be able to help their country. If the men would pay some attention to this—and we refer not merely to the upper classes, but to the common walks of life, they would be thrice blessed themselves and would confer blessings on the whole sex. The mercantile, mechanic, agricultural working classes of Germany the present will not only be worn for one year, but for half a lifetime or more, and yet they will be no less comfortable than our people, who wear out the results of expensive clothes during the year of their existence. In Daclan, the women will often be handed down to three generations—which might profitably be pondered by the daughters of America. They are not economical in articles of food on a continent. A witty Frenchman questioned why pork is always so dear, and himself answers the inquiry by saying it is because they can't raise France, for the people themselves eat all the garbage. There is hardly a truth in this to point the joke; for the rich and the economical habits teach, in matters of diet, prevents accumulation of refuse which are some other countries. Habits of waste astonish all foreigners who are enough in this country, of food, in one year, to sustain the population for life. The times are such that the currency is deranged. We must what lies in the future. The country should begin to learn habits of economy. And it is a virtue, which, if it became national, should at once be practiced by individuals.—A. Y.

U. S. 10-40 Bonds. These Bonds are issued under the Act of Congress of March 8th 1864, which provides that all Bonds issued under this Act shall be EXEMPT FROM TAXATION by or under any state or municipal authority.—Subscriptions to these Bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government at any period not less than ten nor more than forty years from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually and all other Bonds semi-annually.—The interest is payable on the first days of March and September in each year. Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's orders. Coupon Bonds are payable to bearer, and are more convenient for commercial uses. Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin—(or in United States notes or the notes of National Banks, adding fifty per cent. for premium,) or receive their drawing interest from the date of subscription and deposit. As these Bonds are their value is increased from one to three per cent. per annum, according to the rate of tax levied in various parts of the country. At the present rate of premium on gold they pay Over Eight Per Cent Interest in currency, and are of equal convenience as a permanent or temporary investment. It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is held to secure the payment of both principal and interest in coin. These Bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest. It may be useful to state in this connection that the total Funded Debt of the United States on which interest is payable in gold, on the 3d day of March, 1864, was \$768,965,000. The interest on this debt for the coming fiscal year will be \$45,937,126, while the customs revenue in gold for the current fiscal year, ending June 30th, 1864 has been so far at the rate of over \$100,000,000 per annum. It will be seen that even the present gold revenues of the Government are largely in excess of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to \$150,000,000 per annum. Instructions to the National Banks acting as loan agents were not issued from the United States Treasury until March 26, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK. Subscriptions will be received by the First National Bank of Philadelphia, Pa. Second National Bank of Philadelphia, Pa. Third National Bank of Philadelphia, Pa. AND BY ALL NATIONAL BANKS which are depositaries of Public money, and all RESPECTABLE BANKS AND BANKERS throughout the country, (acting as agents of the National Depository Banks,) will furnish further information on application and Afford every Facility to Subscribers. May 5th, 1864.—3m.

Wistar's Balsam OF WILD CHERRY. ONE OF THE OLDEST AND MOST RELIABLE REMEDIES IN THE WORLD FOR Coughs, Colds, Whooping Cough, Bronchitis, Difficulty of Breathing, Asthma, Hoarseness, Sore Throat, Croup and every affection of THE THROAT, LUNGS AND CHEST, INCLUDING EVEN CONSUMPTION. Wistar's Balsam of Wild Cherry. So general has the use of this remedy become, and so popular is it everywhere, that it is unnecessary to recount its virtues. Its works speak for it, and fine utterance in the abundant and voluntary testimony of the many who from long suffering and settled disease have by its use been restored to pristine vigor and health. We can present a mass of evidence in proof of our assertions that IT CANNOT BE DISCREDITED.

The Rev. Jacob Sechler, Well known and much respected among the German population in this country, makes the following statement for the benefit of the afflicted. HANOVER, Pa. Feb. 16, 1859. Dear Sirs:—Having realized in my family valuable benefits from the use of your valuable preparation—Wistar's Balsam of Wild Cherry—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefited by it. JACOB SECHLER. From Hon. John E. Smith, a distinguished Lawyer in Westminster, Md. I have on several occasions used Dr. Wistar's Balsam of Wild Cherry for severe colds, and always with decided benefit. I know of no preparation that is more efficacious or more deserving of general use. The Balsam has also been used with excellent effect by J. B. ELLIOTT, Merchant, Hall's Cross Roads, Md. Wistar's Balsam of Wild Cherry. None genuine unless signed "J. BUTTS," on the wrapper. For sale by J. P. DENMORE, No. 491 Broadway, N. York. S. W. FOWLE & Co., Proprietors, Boston. Ayer's Cathartic Pills ARE the most perfect purgative which we are able to produce or which we think has ever been made by any body. Their effects have abundantly shown to the community how much they excel the ordinary medicines in use. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they cure the every-day complaints of everybody, but also formidable and dangerous diseases. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief, were they not substantiated by men of such exalted position and character, as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of our remedies, while others have sent us the assurance of their conviction that our Preparations contribute immensely to the relief of our afflicted, suffering fellow men. The agent below named is pleased to furnish gratis our American Almanac, containing directions for the use and certificates of their cures, of the following complaints:— Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from foul stomach, Nausea, Indigestion, Morbid action of the Bowels and Pain arising therefrom, Flatulency, loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body, or obstruction of its functions. Do not be put off by unprincipled dealers with other preparations which they make more profit on. Demand Ayer's and take no others. The sick want the best aid there is for them, and they should have it. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., and sold by Wm. Hollinshead, Dreier & Brother, in Stroudsburg, and by dealers in medicine everywhere. August 4, 1864.—1yc2m.
