## Money Wanted.

For the payment of the loan heretofore made for Bounties to Volunteers, the Town Council of the Borough of Stroudsburg desires to borrow Ten Thousand Dollars, for which bonds will be issued at 6 per cent interest, payable in one, two, and three years from date.

The responsibility of the Borough, and certainty of the bonds being redeemed at the time specified, together with the fact that they are free from taxation, render this one of the safest and most desirable investments.

The bonds will be issued in sums of \$25, \$50, and \$100,—thus putting this favorable opportunity for investment within the reach of all. The bonds will also be made payable to bearer, which will make them readily negotiable.

Those desiring to obtain these bonds will please call at the office of the undersigned, Secretary of the Council, who is authorized to receive the money and issue bonds for the same.

By order of the Council.  
JACKSON LANTZ, Sec'y.

## U. S. 7-30 Loan.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect.—They will be issued in denominations of \$50, \$100, \$500, \$1,000, and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one quarter of one per cent, which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

**Special Advantages of this Loan.**

It is a National Savings Bank, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collateral for discounts.

Convertible into a Six per Cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent per annum, for the current rate 5-20 Bonds is not less than nine per cent. premium, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profits on this loan, at the present market rates, is not less than ten per cent. per annum.

**Its Exemption from State or Municipal Taxation.**

Beside from all the advantages we have enumerated, a special Act of Congress exempts all bonds and Treasury notes from local taxation. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offered so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order.—When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories and by the

First National Bank of Scranton Pa.  
Second National Bank of Scranton, Pa.  
and by all National Banks which a depositories of public money, and all

RESPECTABLE BANKS AND BANKERS throughout the country will give further information and

Afford every Facility to Subscribers.

## IMPORTANT TO ALL

### INVALIDS.

**IRON IN THE BLOOD.**

It is well known to the medical profession that IRON is the Vital Principle of Life Element of the blood. This is derived chiefly from the food we eat; but if the food is not properly digested, or if, from any cause whatever, the necessary quantity of iron is not taken into the circulation, or becomes reduced, the whole system suffers. The blood will irritate the heart, will clog up the lungs, will stupefy the brain, will obstruct the liver, and will send its disease-producing elements to all parts of the system, and every one will suffer in whatever organ may be predisposed to disease.

## IRON AS A MEDICINE

is well known and acknowledged by all medical men. The difficulty has been to obtain such a preparation of it as will enter the circulation and assimilate at once with the blood. This point, says Dr. Hayes, Massachusetts State Chemist, has been attained in the Peruvian Syrup, by combination in a way before unknown.

**THE PERUVIAN SYRUP** is a PROTRACTED solution of the PROTOXIDE OF IRON. A NEW DISCOVERY IN MEDICINE, that strikes at the Root of Disease by supplying the blood with its Vital Principle or Life Element—Iron.

**THE PERUVIAN SYRUP** Cures Dyspepsia, Liver complaint, Dropsy Fever and Ague, Loss of Energy, Low Spirits.

**THE PERUVIAN SYRUP** Infuses strength, vigor, and new life into the system, and builds up an "Iron Constitution."

**THE PERUVIAN SYRUP** Cures Chronic Diarrhea, Scrofula, Boils, Scoury, Loss of Constitutional Vigor

**THE PERUVIAN SYRUP** Cures Nervous Affections, Female Complaints, and all diseases of the Kidneys and Bladder.

**THE PERUVIAN SYRUP** Is a SPECIFIC for all diseases originating in a BAD STATE OF THE BLOOD, or accompanied by Debility or a Low State of the System.
