

Frightful Accident.

Seth Kennedy, says the Wayne County Herald, an old and respected resident of Mt. Pleasant township, was killed in his grist mill on the 18th ult., by being caught between two wheels. He went below to oil the machinery, telling his son, a young man of 19, to start the mill. Shortly afterward the boy observed the shaft which ran the stones, jump up four or five inches, and supposing that something had gone wrong, he immediately stopped the mill and went below, when he found that his father had been caught in the machinery. The alarm was given and the body of the unfortunate man removed, when it was ascertained that he had been cut entirely in two, and his limbs horribly mangled. Of course his death was instantaneous, as he must have passed between the spur wheel communicating with the water wheel, and the cog wheel turning the upright shaft which gave motion to the stones.

A Good Law.

By the provisions of an Act passed by our State Legislature at its late session, any person or persons who shall maliciously break, or throw down any post and rail or other fence, or shall carry away any post, rail, or other material, of which such fence was built, shall be guilty of a misdemeanor, and on conviction shall be fined Fifty Dollars, one half of which shall be paid to the informer and the other half to the support of the poor of the township or borough in which the offence has been committed, or to undergo an imprisonment not exceeding six months, or both, or either at the discretion of the Court.

Fruits of War.

Tredell county, North Carolina, is literally full of widows and orphan children. Two years ago there were, in the little village of Statesville and vicinity, twenty-nine widows, each with one to six and eight children. The Fourth North Carolina Volunteers was recruited in this county, and it suffered heavily at the second battle of Manassas.

Ayer's Pills.

Are you sick, feeble and complaining?—Are you out of order with your system deranged and your feelings uncomfortable?—These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges its natural functions. These, if not relieved, react upon themselves and the surrounding organs producing general aggravations, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Pains in the Stomach, Bilious Complaints, Indigestion, Derangement of the Liver, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large doses.

They are Sugar Coated, so that the most sensitive can take them easily, and they are the surest and best purgative medicine yet discovered.

Ayer's Ague Cure.

For the speedy and certain Cure of Intermitting Fever, or Chills and Fever, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in bilious derangement, caused by the Malaria of miasmatic countries.

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinine or any injurious effect whatever. Shaking brothers of the army and the west, try it and you will endorse these assertions. Prepared by J. C. Ayer & Co., Lowell, Mass., and sold by Wm. Hollishead, Dreher & Brother, in Stroudsburg, and by dealers in medicine everywhere. August 4, 1864.—lyce2m.

U. S. 7-30 Loan. THIRD SERIES, \$230,000,000.

By authority of the Secretary of the Treasury, the undersigned, the General Subscription Agent for the sale of United States Securities, offers to the public the third series of Treasury Notes, bearing seven and three-tenths per cent. interest per annum, known as the

7-30 LOAN.

These notes are issued under date of July 15, 1865, and are payable three years from that date in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent Gold-Bearing Bonds.

These bonds are now worth a handsome premium, and are exempt, as are all the Government Bonds, from State, County, and Municipal taxation, which adds from one to three per cent. per annum to their value, according to the rate levied upon the other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest at 7-30 per cent. amounts to One cent per day on a \$50 note. Two cents " " " \$100 " Ten " " " \$500 " 20 " " " \$1000 " \$1 " " " \$5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions.

The Notes of this Third Series are precisely similar in form and privilege to the Seven-Thirties already sold, except that the Government reserves to itself the option of paying interest in gold coin at 6 per cent. instead of 7 3-10ths in currency. Subscribers will deduct the interest in currency up to July 15th, at the time when they subscribe. The delivery of the notes of this third series of the Seven-Thirties will commence on the 1st of June, and will be made promptly and continuously after that date.

The slight change made in the condition of this THIRD SERIES affects only the matter of the interest. The payment in gold, if made, will be equivalent to currency interest of the higher rate.

The return to specie payments, in the event of which only will the option to pay interest in Gold be availed of, would reduce and equalize prices that purchases made with six per cent. in gold would be fully equal to those made with seven and three-tenths per cent. in currency. This is

The Only Loan in Market

Now offered by the Government, and its superior advantages make it the

Great Popular Loan of the People.

Less than \$230,000,000 of the Loan authorized by the last Congress are now on the market. This amount, at the rate at which it is being absorbed, will be subscribed for within two months, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities for taking the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders. JAY COOKE, Subscription Agent, Philadelphia. Subscriptions will be received by the Stroudsburg Bank, and the First National Bank of Scranton Pa. May 25, 1865.
