## IMPORTANT TO ALL INVALIDS.

### IRON IN THE BLOOD.

It is well known to the medical profession that IRON is the Vital Principle of Life Element of the blood. This is derived chiefly from the food we eat; but if the food is not properly digested, or if, from any cause whatever, the necessary quantity of iron is not taken into the circulation, or becomes reduced, the whole system suffers. The blood will irritate the heart, will clog up the lungs, will stupefy the brain, will obstruct the liver, and will send its disease-producing elements to all parts of the system, and every one will suffer in whatever organ may be predisposed to disease.  
The great value of

### IRON AS A MEDICINE

## PHILADELPHIA.

The subscriber has just opened an entirely new and complete stock of goods of the best quality and description, to which he would respectfully call the attention of Merchants and Dealers, who wish to find a good article cheap for Cash.

These goods were bought for Nett Cash, at the greatly reduced prices consequent upon the stringency of the times, and believing the "nimble sixpence" to be better than the "slow shilling," they are now offered to the public at prices that defy competition.

The following are a few of the articles always on hand:  
Pails and Tubs of all kinds and qualities  
Toy Pails, Salt and Sugar Boxes, Half Bushel and Peck Measures, Well Buckets, Towel Rollers, Patent head and straight clothes pins, wash boards, Wooden Mop Handles, Grain Scoops, Toy Wheelbarrows,

## J. LANTZ, DENTIST,

Has permanently located his office next door to Dr. S. Walton, where he is fully prepared to treat the natural teeth, and also to insert incurable artificial teeth on pivot and plate, in the latest and most improved manner. Most persons know the danger and folly of trusting their work to the ignorant as well as the traveling dentist. It matters not how much experience a person may have, he is liable to have some failures out of a number of cases, and if the dentist lives at a distance it is frequently put off until it is too late to save the tooth or teeth as it may be, otherwise the inconvenience and trouble of going so far. Hence the necessity of obtaining the services of a dentist near home. All work warranted.  
Stroudsburg, March 27, 1862.
