

The Jeffersonian

THURSDAY, OCTOBER 19, 1865.

We learn that Lewis Myers has recently sold the George Philips property to Phillip Swartwood.

We are informed that Jacob Singmaster has sold the Teel property together with some thirty acres of woodland, to Amzie Coolbaugh, for \$7,000.

J. E. W. Miller, sold his Livery Stock, &c. to Messrs. Hendershots, of N. J. for \$2100.

ROBBERY.

The safe belonging to Wm. E. Dodge & Co., at Tobyhanna, this County, was blown open Tuesday night last and \$3000 taken therefrom.

On Monday evening 9th inst., Jacob B. Hinceline, our County Jailor, went to bed with \$22.50 in his pocket, and when he got up had but 50 cents remaining.

On Sunday evening last, Wm. A. Brodhead, of the Delaware Water Gap, had a horse stolen from his premises.

P. S.—Since the above was in type, we have been informed Mr. B. recovered his mare. She was found in the woods on the hill near the Del. Water Gap.

Soldiers Vote.

The following is the vote of the Monroe County Soldiers, in the Army, as far as heard from, viz:

Table with columns: Da. Hart. Lin. Comp. v. r. n. f. ton. bell. and rows for various locations like Camp Butler, Ill., Mower Hosp'l, Phil., Lower City Guard House, Work House, Charleston, S.C., and a Total row.

During our visit to Lowell we were shown through the Laboratory of our celebrated countryman, Dr. J. C. Ayre.

They make a barrel of solid Pills about 15,000 doses, and three barrels of Cherry Pectoral, 120,000 doses, per diem.

That we thankfully acknowledge the goodness of God, in the pleasant and profitable meetings we have been permitted to attend, and solemnly pledge to Him and to each other, renewed and increased interest and diligence in this work of faith and labor of love.

Upon the whole, the Convention was a decided success, and will, it is hoped, prove the harbinger of a brighter day for the Sunday School cause in Monroe County.

Sunday School Convention.

Pursuant to public notice, the friends of the cause of Sunday Schools held a County meeting, in the M. E. Church in this borough, on Monday last, commencing at 10 o'clock, A. M.

At 12 M. the convention took a recess until 2 p. m., when it re-assembled; and after devotional exercises conducted by Rev. E. Townsend and Mr. W. F. Peters, the following subject was taken up for discussion.—The qualifications of a Superintendent, and the best mode of conducting a Sunday School.

At 3 p. m. a recess was taken to attend the "children's meeting," which was held in the main audience room of the church, and was largely attended, not only by the little ones, but also their parents and friends.

Very interesting addresses were made by Rev. J. Clark Cline, of Oxford Furnace, N. J., Rev. E. J. Pierce, and Mr. W. F. Peters.

The Convention re-assembled at 7 o'clock, and after devotional exercises, took up for discussion the following question: "What is the best mode of teaching a Sunday School class?"

The concluding discussion was upon the important question, "How may the great end of the Sabbath School, the conversion of the children, be best secured."

That we thankfully acknowledge the goodness of God, in the pleasant and profitable meetings we have been permitted to attend, and solemnly pledge to Him and to each other, renewed and increased interest and diligence in this work of faith and labor of love.

The Next Congress.

The Chicago Republican publishes a complete list of the two Houses of the next Congress. In the Senate, twenty-five States are now represented by 38 Unionists and 11 Democrats.

At the recent election of a new Legislature in California, the Union party gained a complete victory. The State Senate is composed of 40 members, of whom 19 hold over from last year, and 21 elected on September 6.

Mr. Gottschalk, the distinguished pianist, predicts that the Mason & Hamlin Cabinet Organs will become as fashionable as the pianoforte has been, and will indeed be "sure to find its way into every household of taste and refinement."

VICTORY!

Glorious Union Victories!

Pennsylvania, Ohio, Indiana, Iowa.

Pennsylvania Elects her Gallant Sons, Gen. Hartranft and Col. Campbell, by about

21,000 Majority!

The official vote in the State, has not, as yet, been received. The vote in 51 Counties heard from, is as follows:

Table showing vote counts for Total Union (44,760), Total Democratic (23,275), Union Majority (21,485), and Senate/House counts for Republicans and Democrats.

OHIO ELECTION.

New York, Oct. 16.—A special despatch to the Tribune, dated Columbus, Ohio, the 15th, says, the returns from all the counties gave Cox, Republican candidate for Governor, a majority of 28,237, while the majority on the State ticket is about 30,000.

Table showing Ohio election results: Senate (Union 25, Dem. 12), House (Union 70, Dem. 35).

IOWA ELECTION.

Another glorious victory in Iowa.—The copperheads in this State distinguished their real sentiments and ran a soldier for Governor on a very respectable platform.

INDIANA ELECTION.

There was no election for State officers in Indiana this fall; merely local and county officers were selected on Tuesday last.

A Touching Tribute to the Memory of Abraham Lincoln.

A correspondent of the Chicago Tribune, writing from Florence, Italy, says: "Among the first incidents which met my eyes as I entered Italy were one or two, which are perhaps not altogether unworthy of being read and one of which in particular may have a peculiar interest for American readers."

The public debt, on the 31st of August, stood at \$2,757,689, 571; on the 30th of September at \$2,744,947,726; showing a comforting decrease of more than twelve and a half millions in a single month.

At the recent election of a new Legislature in California, the Union party gained a complete victory. The State Senate is composed of 40 members, of whom 19 hold over from last year, and 21 elected on September 6.

The Hollisterville Robbery—Escape of the Prisoner.

We copy the following additional particulars of this horrible affair, an account of which we published last week, from the Wayne County Herald:

We have conversed with the gentleman who was appointed guard over the prisoner up to Friday night last.—From him we glean the following additional particulars:

The burglar, upon being questioned, gave his name as William McKinsley of Halifax, Nova Scotia, where his wife and four children are living. He states that about four weeks since he became connected with a gang of housebreakers, the other members of which were James Weeks of Dunmore, Mike Hazel of Hawley and John O'Brien of Philadelphia.

O'Brien first entered the house and rifled Mr. Waite's pockets of the \$500.—He then sent in his accomplice to secure the tin money-box from the bureau drawer, the result of which attempt is given above.

In the melee, McKinsley managed to shoot the two boys of Mr. Waite, the one in the abdomen and the other in the shoulder, as stated last week, and he also shot himself in the forehead while attempting to discharge his pistol at Mr. Waite over his shoulder.

In the face of these facts, our readers will find it hard to credit the statement that the desperado has been allowed to make good his escape. But such is the fact.

Horrible Catastrophe.

Our citizens were shocked on last Wednesday morning to hear of a most distressing and fatal accident that occurred in Lehman Township, this County, on last Tuesday evening, from the explosion of Kerosene.

The train was running on schedule time, and at the usual rate of speed. The breaking of the axle, which was the cause of the accident, appears to have been an unavoidable occurrence.

In a public address made at Fort Wayne, Indiana, last week, Secretary McCulloch explained the manner in which he expected to control the finances of the country.

The receipts from Internal Revenue today amounted to \$790,353 85. The Commissioner of Internal Revenue this morning decided that the owners of buildings rented to the Government are not employees of the Government in any capacity, civil, military or naval, in respect of the fact that they rent such buildings to the Government, whatever may be their status in other respects.

RAILROAD ACCIDENT.

Four Cars Thrown from the Track.—Several Persons killed and injured.—The names of the Sufferers.

Lancaster, Oct. 9 P. M.—Yesterday afternoon as the day express train on the Pennsylvania Railroad was within four miles of this city, an axle of the head passenger car broke, and a part of it striking the bottom of the car, near the front end, tore out part of the bottom, precipitating the occupants off their seats.

The accident occurred nearly opposite Mrs. Kauffman's mill, in a cut on the road, nearly midway between Lancaster and Landisville. The passengers were immediately brought to Lancaster, where preparations were made to minister to the wants of the wounded, the entire medical force of the city being assembled at the depot as soon as the news of the accident reached here.

Mrs. Barr, one of the killed, was the wife of Hon. James P. Barr, of Pittsburgh, Surveyor-General of Pennsylvania. Col. Butler, killed, was whisky inspector in Philadelphia.

Three females, evidently a mother and two daughters, and apparently Germans, supposed to be recently from California, have not yet been identified.

Colonel Isaac Moffet, of Philadelphia, it is supposed was somewhat injured internally. He is the only one known to have received serious injury.

The train was running on schedule time, and at the usual rate of speed. The breaking of the axle, which was the cause of the accident, appears to have been an unavoidable occurrence.

The officers of the Company here have been active and unremitting in their efforts to minister to the comforts of the wounded. Much difficulty has been experienced in identifying the bodies of some of the dead.

The Trial of Jefferson Davis.

During the interview on Friday, between the President and the South Carolina delegates, he said if treason had been committed, there ought to be some test by the highest tribunal, as to the power of the Government to the punishment of the crime, in order to the vindication of the Government and the Constitution.

It is known that it is the business of the Judiciary and not of the executive, to initiate proceedings in the premises; but there is a difference of views among jurists, and the opinion has been advanced that in the present unsettled condition of the Southern States, which are still under martial law (in one of which the trial would have to take place), and no general peace having been proclaimed, further legislation by Congress may become necessary, and, further, there would not be time enough between now and the first Monday of December, to try the case, for at that period the Justice of the Supreme Court of the United States will commence their regular term at the Capital.

Whatever may be the ultimate disposition of Jefferson Davis and others, this appears to be the present condition of this important subject.

Attempted Escape of Dr. Mudd.

The N. Y. Tribune has obtained from an officer of the steamer Thomas A. Scott, the following full particulars of Dr. Mudd's attempted escape. The prisoners at the Tortugas are allowed the liberty of the island except on the day of a vessel's departure.

At night they are expected to sleep within the Fort. The night previous to the return of the T. A. Scott Dr. Mudd slept out side the fort, in a shed, and the next morning he quietly walked on board the steamer, disappeared into the lowest deck and sent a fireman for Quartermaster Kelly. This was the last that was seen of him.

Colonel Isaac Moffet, of Philadelphia, it is supposed was somewhat injured internally. He is the only one known to have received serious injury.
