## Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsana illa, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is regarded to cure. It is believed that such a remedy is wanted by those who saffer from Surumons complaints, and that one which will necomplish their cure must prove of immense service to this large class of our afflicted fellowcitizens. How completely this compound will do it has been p oven by experiment on many of the worst cases to be found of the following

SCROPULA AND SCHOPULOUS COMPLAINTS, EMPPHONE AND EMPPHUS DISEASES. U.S. CERS, PINPLES, BLOTCHES, TUMORS, SALT RHEUK, SCALD HEAD, SYPHILIS AND SYPHI-LATTE AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALUIA OR TIC DOPEDURGAUX, DEBULITY, DYSPERSIA AND INDIGESTION, Envergence, Rose, or St. Anthony's Fire, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken is the spring, to exthat season of the year. By the timely expulsion of them many rankling disorders are uippe in the bud. Mallitudes can, by the aid of thi remedy, spare themselves from the endurance of foul eraptions and ulcerons sores, through which the system will strive to rid it said of corruptions if not assisted to do this through the astural channels of the body by an alterative medicine. Cleanse out the visited blood whenever you find its impurities bursting through the skin in pimples, cru, ilons, or cores; eleanse it when you find it is obstructed and the gish fa the veins; cleanse it whenever it is foul, and your feelings will teil you when. I ven where no particular disorder is fall, people enjoy better realth, and live hower, for cleansing the blood Merp the blood hearty, and all is well; but skill this pabulars of fife disordered, there can be no lasting health. Sooner or later sotarthing taunt po wrong, and the great machinery of life is disculered or overthrown.

Sarsapariila has, and deserves much, the reputation of accomplishing these ends. But the would has been egregiously decrived by preparations of it, pandy because the drug alone has not all the virtue that is channel for it, but more because many prepar tions, pretending to be cercontented expenses of it, contain but little of the vinue of Saraparilla, or my thing else.

Lauring here years the public have been misles by large border, protending to give a quart of Extract of parse with far one deliar. Most of Leve have been france upon the sick, for they net only contain little, if any, Sansaparilla, but often no carative properties whatever. Hence, better and painful disappointment has followed the use of the various extracts of Sarsapari which flood the number, until the name itself is analy despised, and has become senonymon with imposition and cheat. Still we call this compound Susseparilla, and insend to supply such a roundly as shall resome the name from the lead of obseque which rests upon it. And we tues which one irresistible by the ordinary run of the diseases it is latended to cure. In order to secure their complete enalleation from the sys ten, the remody should be judiciously taken as conling to directions on the bottle.
