## Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Pora Sarsaparilla, so combined with other substances of still greater alterative power as to affold an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Sirumous complaints, and that one which will accomplish their care must prove of immense service to this large class of our afflicted fellowcitizens. How completely this compound will do it has been proven by experiment on many of the worst enres to be found of the following complaints:

SCHOPELA AND SCHOPLAINTS, ERUPTIONS AND EMUPTIVE DISEASES UL-CEES, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHI-LITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREAUX, DEBILITY, DYSPERSIA AND INDIGESTION, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a preat promoter of health, when taken in the spring, to expel the foul humors which faster in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and alcerous sores, through which the system will strive to rid it cif of corcuptions if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitinted blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and slurgish in the voins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is fact, people enjoy better health, and live longer, for cleansing the bood. Keep the blood heart y, and all is well; but with this pabulum of hip disordered, there can be no lasting health. Sooner or later something must go wrong, and the great antelinety of life

is disordered or overthown. Sarsaparilla has, and dose was much, the reputation of accomplishing these cuts. But the world has been egregiously deceived by preparations of it, parily because the drug alone has no all the virtue that is claimed for it, but more be cause many preparations, pretending to be con contrated extracts of it, comain but little of the virme of Sansapacida, or any thing elec.

During late years the public have been misle by large bettles, pretending to give a quart or Extract of Sarsaparina for one dollar. Most of these have been found; about the sick, for they not only combin linds, if any, Sarsaparida, but offen no curative p a erties whatever. Hence bitter and painful disappointment has followed the use of the various extracts of Sursapartila which flood the market muil the name it self is justly despised, and has become synonymous with imposition and chest. Still we call this compound Sarsaparilla, and intend to supp'y such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the sys tem, the remardy should be judiciously taken according to directions on the bottle.
