

The Jeffersonian,

THURSDAY FEBRUARY 1, 1866.

Mr. R. S. Staples, Merchant in this Borough, sold his stock of Store Goods, to Charles Troch and Joseph T. Walton.

The Annual Statement of the Receipts and Expenditures of this County, will be found on the fourth page of today's Jeffersonian. Of course all taxpayers will note its contents.

William Hollinshead sold his house and lot on Main street in this Borough, now occupied by Christian Hiller, known as Christie's Lager Beer Saloon, to the latter named gentleman, for \$3,000.

Mr. G. Auracher, of Stroud township, sold his Store House and Lot, situate near the Stroudsberg Depot, to Thomas Stemple, for \$4,000.

Mr. John Malven, of Stroud township, has sold his farm to Mr. Daniel Peters, of Stroudsburg, for \$9,500.

At an election held at Philadelphia, January 30, 1866, the following gentlemen were elected Directors of the Jackson Oil Company:

- Luke W. Brodhead,
- F. B. Moss,
- Peter Kunkel,
- William S. Rees,
- Jacob L. Wyckoff,
- Jerome S. Williams,
- George S. Jones.

The Directors then met and elected the following officers for the ensuing year:

- WILLIAM S. REES, President.
- JEROME S. WILLIAMS, Vice Pres't.
- L. W. BRODHEAD, Sec'y and Treasurer.

Liberal Donation.

The Rev. B. S. Everitt, the Presbyterian Minister of this place, was the recipient of a donation on last Thursday, amounting to \$225, it being the second best donation ever made in town, if we recollect aright. This is very flattering and encouraging to Mr. Everitt, as well as creditable to his congregation and friends, as it clearly evidences that his gentlemanly deportment, and the able and persistent manner in which he has discharged his ministerial duties, are appreciated.

The Exhibition of Wilder & Co.'s trained stallion, the free lecture, &c., came off in our place according to announcement. The horse was driven through the street several times on a trot, and once on a run, without any harness or reins, and was controlled by the motion of Mr. Wilder's whip, as completely as any horse could have been by reins. It was a rich feast to all beholders.

Mr. Wilder gave a lecture on the management and training of horses which was full of interesting instruction; after which he performed on two rather ungovernable horses, which he reduced to perfect submission. This he did in the presence of a class of about 20 students in the art, all of whom we believe are highly pleased with the information he imparted to them on the important subject of Horse management.

Arrest of a Horse Thief.

On Thursday night last, a man by the name of Lorenzo D. Smith, from Flat Brookville, N. J., called upon Esquire Barnett and stated that he had traded wagons with a stranger and suspecting that said stranger, who was then stopping at the Washington Hotel, in this place, had stolen said wagon, asked for a warrant, which was granted and placed in the hands of Constable Snyder, who speedily arrested him. The stranger then proposed terms with Mr. Smith, who not having any convincing proof that the property was stolen, agreed to them. So the matter was settled between them by the stranger's giving Smith his wagon and boot money back, together with fifteen dollars for his trouble.

But from the facts surrounding the matter, E. G. Miller, the keeper of the Washington Hotel, strongly suspected that the property the stranger had in his possession must be stolen property, and accordingly he had him re-arrested and placed in the County Jail. The next morning Lewis M. Brown, residing near Goshen, N. Y., reached this place, and identified the prisoner as the man who had stolen from him, a horse, wagon, harness and buffalo robe. The thief, who says his name is Charles Brown, had traded his horse to J. Jones, of Milford, Pa., but still had in his possession when Mr. Brown identified him, his wagon, harness and buffalo robe, with Mr. Brown's name on the robe.

On consent of the prisoner to accompany Messrs. Brown and Jones, without a requisition, and by approval of the District Attorney, the prisoner was taken back to Goshen, N. Y., where his enterprising spirit will undoubtedly receive marked attention at the hands of those high in the public trust.

BUSHKILL, Jan. 25th, 1866.

Mr. Editor:—Sir—Allow me through your columns to express my heartfelt thanks to the good people of Bushkill and Walpack, for their very generous gift of a purse of \$415 00 in cash, and wood sufficient to make it \$420 00.

Mrs. McW., also desires me to thank 24 new subscribers to the Christian Intelligencer, for a Wheeler and Wilson Sewing Machine, price, \$65. That the Great Head of the Church may reward the donors for their liberality, is the earnest prayer of the recipient.

A. McWILLIAM.

A jury in the Brooklyn City Court returned a verdict of \$11,000 in favor of Mr Edwin Whitney, proprietor of a boy's boarding school, in Connecticut. Some time since a lad of 9 years of age was sent to the school with a view to the improvement of his temper which, it seems, was rather ungovernable. He wasn't long there before he set fire to the establishment, causing damage to the amount of \$12,000. As the boy had \$50,000 coming to him in his own right, when of age, Whitney sued the estate and got damages, as above stated.

Ingenuity of Thieves.

Quite a novel dodge was successfully carried out in the City of New York, on Friday last. The facts as we are informed by the Tribune, are these:

Thomas Quinn, the messenger of the Greenwich Savings Bank, while returning from the Greenwich Bank with a tin box containing \$3,000 in small bills, was arrested by a man dressed in police uniform, and an officer of the Twenty eighth Precinct, on a charge of being a counterfeiter. The box was taken by the stranger, who told the officer to take his prisoner to the Station-House. On arriving there the officer found that he had aided in the perpetration of a most ingenious robbery.

During the conflagration of Canton, caused by the bombardment of the British, the extensive medical warehouse of our countryman, Dr. J. C. AYER, of Lowell, (the depot of his Cherry Pectoral and Cathartic Pills, for China) was totally destroyed. He now makes a demand upon our Government for indemnity from the loss of his property, and hence will grow another nut to crack with our elder brother Johnny. Stick to it Doctor; and if our Government maintains our rights wherever your Pills are sold, we shall only be unprotected on tracts that are very barren. [Reformer, Trenton, N. J.]

An interesting girl of 16 years was convicted in the New York court of special sessions of pocket-picking at funerals. It appeared from the testimony of one witness that a death occurred in his home, and at the funeral the prisoner came in, pretending to be a mourner, and her movements about the room led him to suspect; while all were engaged in prayer he noticed the prisoner glide along very swiftly to the side of a woman who was deeply affected and insert her hand in the woman's pocket. The week previous a death had occurred in his brother-in-law's family, and he saw the prisoner there, and after the funeral was over \$200 was found to have been stolen from one of the mourners.

Revenue Tax.—By the terms of the 93d section of the revenue law, the taxes on manufactures and products are to be paid within ten days from the 20th day of each month, and for the failure the payer is liable to a penalty of ten per centum on the amount of the tax. The Commissioner has decided that this penalty must be collected in all cases when a tax-payer has become liable thereto, as the collector has no discretion in the matter.

Staging.

David Starner, the driver on the stage route from Stroudsburg to Port Jervis has perhaps served a longer time in that capacity and gone over more miles than any man in Pennsylvania. Commencing in 1825 he has continued till the present time, travelling during this long period 584,990 miles—equal to about 15 times travel around the world. Mr. S. is still as active and energetic as ever, and bids fair for many more years of service in the profession of which he is truly a veteran.—Milford Herald.

Large bodies of Northern men who had gone South to settle in Louisiana, Mississippi and Alabama, are being forced to leave their new homes by the hostile attitude of the whipped rebels, who threaten to burn the property and take the lives of all Northern men who attempt to settle in the South.

The Western papers are complaining that it costs three bushels of corn to send one to market, a distance of one hundred miles; one hundred bushels to get a pair of boots; one thousand bushels to get a suit of clothes, and two tons of corn for a ton of coal.

Last year the stove trade of Troy was immense. Sixteen thousand tons of iron were used, and one hundred and fifty thousand stoves were sent to market.

Among the patents issued lately was one to William Tapper, of New York, for a bed-bug trap consisting of a braided frame of willow.

A man in Albany put a handkerchief wet with chloroform to his nose to get to sleep, while suffering with neuralgia, and the next morning was found dead.

A young "swell" in London, who dissipated a fortune of \$80,000 a year, now earns \$5 a week as a stage driver.

A very important railroad controversy is now in progress before the Supreme Court of Pennsylvania. The Atlantic and Great Western Railroad, entirely controlled by parties in England, is seeking to establish a great through route from the West to New York and Philadelphia, by a line running through the oil regions and connecting with the Catawissa and Reading Railroads. A protracted argument took place before the Supreme Court, conducted by able counsel. The question was on the application for an injunction by the two first-named companies to restrain the Atlantic and Great Western Railway Company from entering into an agreement with certain other companies to lease their roads. Millions of dollars of capital and hundreds of miles of road are controlled by each party; the value of which, on either side, is asserted to be largely dependent upon the decision. The rival roads are persistent in their opposition to the new project, and have now applied for an injunction to prevent the Catawissa Company from crossing the Philadelphia and Erie Road. The application charges that the object of the defendants is to turn the trade of the oil district from Philadelphia to New York.

Governor Curtin, since his return to Harrisburg, has been actively engaged in his public duties, his physical health having been entirely restored by his trip to the West Indies. During last week he was engaged in the preparation of a message to the Legislature, which was expected to have been delivered yesterday. Up to this time no business of general importance has been consummated in either House.

Hon. Joseph Allison has been appointed by the Governor to be President Judge of the Common Pleas of Philadelphia, in the place of Oswald Thompson, whose sudden death recently occurred.—The vacancy in the bench of this Court is yet to be filled. The lawyers of the city are endeavoring to procure a law authorizing the appointment of an increased number of judicial officers, the present force being inadequate to the duty required of them.

The sweepings of the London Corn Exchange fill twelve or fourteen sacks every day, and are sold as food for poultry or animals. The richness of this refuse is owing to a habit of the merchants to take a handful from each of the sample bags, and after chewing a grain or two, throwing the rest on the floor.

A scouting party, sent in pursuit of the men who robbed the safe of Paymaster Ellis, of Leavenworth, Kansas, the other day of \$30,000, overtook them in Platte County, Mo., and all the money except \$5,000 was recovered. The thieves when overtaken took to the bush and escaped.

The Detroit Free Press, of Jan. 8, gives a long and curious account of the mode of cultivating the herb, and the methods of producing the essential oil.

Correspondence.

FROM DR. R. SHELTON MCKENZIE, THE LITERARY EDITOR AND CRITIC.

"Some years ago Evans' Gift Book Store was accepted as one of the institutions of this city, and was conducted with a great deal of fairness. After a prosperous reign of seven or eight years Mr. Evans 'came to grief,' as the saying is. He had been robbed on all sides—plundered to a vast extent. One of his employees, his confidential clerk, built half a street with money which, he eventually confessed, he had abstracted from letters addressed to Mr. Evans, and received by mail. Mr. Evans could have stood this, but the war obliged him to close seven of his branch offices in the South, by which he was a heavy loser.

"Mr. Evans has manfully struggled since his business eclipse; latterly as agent for the Florence Sewing Machines. He has just recommenced his old gift book business, advertising liberally (which was the secret of his former success), and is likely to make a fortune again."—Philadelphia Correspondence of N. Y. Round Table.

We are pleased to learn that the Evans' Gift Book Store is again opened. Our citizens can now again obtain their books from him at the usual price, and in addition, obtain a valuable gift with every book, worth from 25 cents to \$100.

Send to him for a copy of the new classified Catalogue of 1866, with full instructions for forming clubs, and inducements to agents, &c. One trial will assure you that the best place to buy books is at the Evans' Original Gift Book store, No. 628 Chestnut Street, Philadelphia; for it will be remembered that during the years 1859 and 1860, Mr. G. G. Evans purchased and distributed among his patrons presents costing him \$343,795 15.

Persons desirous of acting as agents in forming clubs for this old established house, should notify them at once, when they will receive catalogues and all necessary instructions.

Orders promptly filled for all parts of the United States.

CONSTITUTION WATER.

The astonishing success which has attended this invaluable medicine proves it to be the most perfect remedy ever discovered.—No language can convey an adequate idea of the immediate and almost miraculous change which it occasions to the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of DIABETES, IMPOTENCY, LOSS OF MUSCULAR ENERGY, PHYSICAL PROSTRATION, INDIGESTION, NON RETENTION, OR INCONTINENCE OF URINE, IRRITATION, INFLAMMATION OF ULCERATION OF THE BLADDER AND KIDNEYS, DISEASES OF THE PROSTATE GLAND, STONE IN THE BLADDER, CALCULI, GRAVEL, OR MILK-STONE DEPOSIT, and all Diseases or Affections of the Bladder and Kidneys, and Dropsical Swellings existing in Men, Women, or Children.

For these Diseases Peculiar to Females, Constitution Water is a Sovereign Remedy.

These Irregularities are the cause of frequently recurring disease, and through neglect the seeds of more grave and dangerous maladies are the result; and as month after month passes without an effort being made to assist nature, the difficulty becomes chronic, the patient gradually loses her appetite, the bowels are constipated, night sweats come on, and consumption finally ensues her career.
