monwealth became possessed of the ownership of all the vacant lands within the State." The wide extent of one of the last of these purchases, which took away from the aborigines nearly all their hunting grounds in the province, occasioned the Indian war that led to Bradock's defeat in 1755. This branch of the report is illustrated by a map, which is well worth studying and preserving.

The report also gives an exposition of the leading facts connected with the boundary controvesies between Pennsylvania and her neighbors, Maryland and Virginia, which resulted first in the running of Mason and Dixon's line to the west end of Maryland, and subsequently in its extension to what is now the south-The report of Surveyor General Barr, western corner of this State. In respect

of Pennsylvania, is a document of more to the Maryland dispute, it is shown that than usual interest It shows that the Lord Baltimore claimed up to the latireceipts for lands during that portion of tude of Philadelphia, Bedford and Somerand on foot !
