HELMBOLD'S BUCHU.  
HELMBOLD'S BUCHU.  
HELMBOLD'S BUCHU.

## The Only Known Remedy for DIABETES.

Irritation of the Neck of the Bladder, Inflammation of the Kidneys, Catarrh of the Bladder, Strangury or painful Urinating.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of Helmbold's Buchu will relieve you.

### PHYSICIANS AND OTHERS PLEASE NOTICE.

I make no secret of ingredients. Helmbold's Extract Buchu is composed of Buchu, Cubeb, and Juniper Berries, selected with great care, prepared in vacuo and according to rules of PHARMACY AND CHEMISTRY.

These ingredients are known as the most valuable Diuretics afforded.

### DIURETIC

Is that which acts upon the kidneys.

## HELMBOLD'S EXTRACT BUCHU ACTS GENTLY.

Is pleasant in taste and odor, free from all injurious properties, and immediate in its action.

### FOR THE SATISFACTION OF ALL.

See Medical Properties contained in Dispensatory of the U. S., of which the following is a correct copy:

"Buchu.—Its odor is strong, diffusible, and somewhat aromatic, its taste bitterish, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, Chronic Catarrh of the Bladder, Morbid Irritation of the Bladder and Urethra, Diseases of the Prostate, and Retention or the Incontinence of Urine, from a loss of tone in the parts concerned in its evacuation. It has also been recommended in Dyspepsia, Chronic Rheumatism, Botanic Affections, and Dropsy."

### FROM THE

## LARGEST Manufacturing Chemist IN THE WORLD.

I am acquainted with H. T. Helmbold; he occupied the drug store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise.

WM. WEIGHTMAN,  
Manufacturing Chemist,  
Ninth and Brown Streets, Philadelphia.

[From the Philadelphia Evening Bulletin, March 10th.]

We are gratified to hear of the continued success in New York, of our townsman, Mr. H. T. Helmbold, Druggist. His store, next to the Metropolitan Hotel, is 25 feet front, 230 feet deep, and five stories in height. It is certainly a grand establishment, and speaks favorably of the merit of his articles. He retains his Office and Laboratory in this city, which are also model establishments of their class.

The proprietor has been induced to make this statement from the fact that his remedies, although advertised, are

### GENUINE PREPARATIONS,

And, knowing that the intelligent refrain from using any thing pertaining to Quackery, or the Patent Medicine order—most of which are prepared by self-styled Doctors, who are too ignorant to read a physician's simplest prescription, much less competent to prepare pharmaceutical preparations.

### These Parties Resort

to various means of effecting sales, such as copying parts of advertisements of popular remedies, and finishing with certificates. The Science of Medicine stands SIMPLE, PURE, MAJESTIC,—having Faith for its Basis, Induction for its Pillar, Truth alone for its Capital.

### A WORD OF CAUTION.

Health is most important; and the afflicted should not use an advertised medicine, or any remedy, unless its contents or ingredients are known to other besides the manufacturer, or until they are satisfied of the qualifications of the party so offering.

## Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, discontent or unwholesome food, impure air, filth, and filthy habits, the depressing virus, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children into the third and fourth generation; indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which renders the blood, depresses the vitality of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumptions which decimate the human family, has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alternative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

### AYER'S

## Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every-where prevalent and fatal malady. It is contained in the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERYTHEMA and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSA, OR ERYTHRA, PUPULES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUBERCLES, TETTER, and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, VITiated or IMPURE BLOOD. The popular belief in "impurity of the blood," is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

## Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed, that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitality. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis his American Almanac, containing certificates of their cure, and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Irritation of the Bowels, Flatulency, Loss of Appetite, Tremors, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

## Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of the country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what medicine to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted that can never be forgotten, and produced cures too numerous and too remarkable to be forgotten.

### Manhood: how Lost, how Restored.

Just published, a new edition of Dr. Caverwell's Celebrated Essay on the radical cure (without medicine) of SPERMATORRHOEA, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also CONSUMPTION, EPILEPSY, and FITS; induced by self-indulgence or sexual extravagance.

Price, in a sealed envelope, only six cents. The celebrated author in this admirable essay clearly demonstrates, from a thirty years' successful practice, that the alarming consequence of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

This Lecture should be in the hands of every youth and every man in the land. Sent, under seal, in a plain envelope, to any address, post-paid, on receipt of six cents, or two post stamps. Address the publishers.

Desires to call the attention of the consumers of Paints and Linseed Oil, of Stroudsburg and vicinity, to an article manufactured by Bigelow & Holmes of New York city, under the supervision of D. E. Breinig, Chemist, from pure Linseed Oil, called

### BREINIG'S IMPROVED LNSEED OIL.

and readily united with white Lead, Zincs, and all colored paints in the same proportion as Linseed Oil.

Paints ground in pure Linseed Oil, and thinned with this oil will never CRACK, PEEL or SHELL OFF. It will wear better, and last longer than the ordinary Linseed Oil.

I can assure my friends that I have tested it in every possible way and manner, and side by side with both raw and boiled oil, and it has proved far superior in every respect.
