It is an abrupt stoppage of its operation that Messrs. Hope & Co. may freely sell "pure Leicestershire sauce" manufactured from putrid pigs' livers, it stands to reason that we ought not to expect it to be more effective when piratical vessels are built and fitted out in English ports for the purpose of preying upon the peaceable commerce of a nation with which England professes to be in British subjects against the dissemination of poisonous ketchup, how can it be expected to prevent red-handed piracy on the part of its own naval reverse? You Americans have been altogether wrong in fancying that the British Government sentment. Stubborn facts prove that you to expect to be treated better. While England destroys your commerce by a system of protective piracy, she at the same time poisons her own people by ketchup made of putrid pigs' livers.

A bill has passed both Houses of the Legislature, and will probably be signed by the Governor, equalizing bounties .-It provides that all veteran volunteers who have not received any local bounty, nor given their credit to localities outside the State, shall be paid \$300 by such city, county, ward or borough as received credit for their re-enlistment. School Directors or other proper officers are required to levy taxes for the payment of these bounties. If the veteran has since died his legal representatives are entitled to collect the money.
