PHYSICIANS AND OTHERS PLEASE NOTICE.

PHARMACY AND CHEMISTRY.

These ingredients are known as the most valuable Diuretics afforded.

DIURETIC

Is that which acts upon the kidneys. HELMBOLD'S EXTRACT BUCHU ACTS GENTLY. Is pleasant in taste and odor, free from all injurious properties, and immediate in its action.

FOR THE SATISFACTION OF ALL.

See Medical Properties contained in Dispensatory of the U. S., of which the following is a correct copy:

"Buchu.—Its odor is strong, diffusible, and somewhat aromatic, its taste bitterish, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, Chronic Catarrh of the Bladder, Morbid Irritation of the Bladder and Urethra, Diseases of the Prostate, and Retention of the Urine, from a loss of tone in the parts concerned in its excretion. It has also been recommended in Dyspepsia, Chronic Rheumatism, Cutaneous Affections, and Dropsy."

FROM THE LARGEST Manufacturing Chemist IN THE WORLD.

I am acquainted with H. T. Helmbold; he occupied the drug store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise. WM. WEIGHTMAN, (Firm of Powers & Weightman) Manufacturing Chemist, Ninth and Brown Streets, Philadelphia.

[From the Philadelphia Evening Bulletin, March 10th.]

We are gratified to hear of the continued success, in New York, of our townsman, Mr. H. T. Helmbold, Druggist. His store, next to the Metropolitan Hotel, is 23 feet front, 230 feet deep, and five stories in height. It is certainly a grand establishment, and speaks favorably of the merit of his articles. He retains his Office and Laboratory in this city, which are also model establishments of their class.

The proprietor has been induced to make this statement from the fact that his remedies, although advertised, are

GENUINE PREPARATIONS.

And, knowing that the intelligent refrain from using any thing pertaining to Quackery, or the Patent Medicine order—most of which are prepared by self-styled Doctors, who are too ignorant to read a physician's simple prescription, much less competent to prepare pharmaceutical preparations.

These Parties Resort

to various means of effecting sales, such as copying parts of advertisements of popular remedies, and finishing with certificates. The Science of Medicine stands SIMPLE, PURE, MAJESTIC,—having Fact for its Basis, Induction for its Pillar, Truth alone for its Capital.

A WORD OF CAUTION.

Health is most important; and the afflicted should not use an advertised medicine, or any remedy, unless its contents or ingredients are known to other besides the manufacturer, or until they are satisfied of the qualifications of the party so offering.

Ayer's Sarsaparilla.

A compound remedy, in which we have labored to produce the most efficient alternative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Scrophulous complaints, and that one which will neutralize their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROPHULOUS COMPLAINTS, ERECTIONS AND ERECTILE DISEASES, ULCERS, FISTULAS, BLOWNS, TUBERCLES, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR THE DOUBLEBLAX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcers, and through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities lurking through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and stagnated in the system; cleanse it whenever it is found, and your feelings will tell you when. Even when no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this purgation of life disorder, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtues that is claimed for it, but more because many preparations, prepared through which concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else. During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been found upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is fairly despised, and has become synonymous with imposition and deceit. Since we call this compound Sarsaparilla, and intend to supply such a remedy as shall retain the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication, and the greatest benefit, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY DR. J. C. AYER & CO., LOWELL, MASS. Price, 25 cents per Bottle; Six Bottles for \$1.50.

Ayer's Cherry Pectoral

has won for itself such a reputation for the cure of every variety of Croup and Lung Complaint, that it is entirely unnecessary for us to repeat the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than say to the public that it is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF Constipation, Jaundice, Dyspepsia, Indigestion, Dropsy, Foul Stomach, Erysipelas, Headache, Piles, Hemorrhoids, Biliousness, Stomachic Disorders, Liver Complaint, Dropsy, Yellow Fever, and all the Diseases, Wounds, Gout, Neuralgia, as a Laxative Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best agent in the world for all the purposes of a family physic. Price 25 cents per Box; Five Boxes for \$1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent persons, have testified to the efficacy of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure. Do not be put off by unprincipled dealers with other preparations that they make more profit than Demand Ayer's, and take no others. The sick want the best aid there is for them, and they should have it.

All our remedies are for sale by William Hollinshead, Dreher & Bro. Stroudsburg, Pa., also by Druggists and dealers in Medicine everywhere. At wholesale by J. M. Maris & Co., Philadelphia. September 23, 1865.—ly.

Manhood: how Lost, how Restored.

Just published, a new edition of Dr. Cutverwell's Celebrated Essay on the radical cure (without medicine) of SPERMATORRHOEA, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also CONSUMPTION, Epilepsy, and Fits; induced by self-indulgence or sexual extravagance. Price, in a sealed envelope, only six cents.

The celebrated author in this admirable essay clearly demonstrates, from a thirty years' successful practice, that the alarming consequence of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

This Lecture should be in the hands of every youth and every man in the land. Sent, under seal, in a plain envelope, to any address, post-paid, on receipt of six cents, or two post stamps. Address the publishers.

MACHINE SHOP,

Having a full assortment of patterns made of the best material, he is prepared to supply all demands for

Mill Work, Bark Mills, Flaw Castings and Sash Weights,

STEAM ENGINES, MACHINE WORK,

&c., &c. Being an experienced workman himself, and employing none but the best hands and the best material, the public may rest assured that all work coming from his shop will be fully equal, if not superior, to that produced by any other establishment in the country. The new Foundry and Machine Shop is located on Walton street, near Elizabeth street, in the borough of Stroudsburg, where the orders of old friends as well as new one are solicited. Orders from a distance may be addressed, per mail, to F. LANDERS, Stroudsburg, Monroe Co., Pa. September 4th, 1862.

J. LANZÉ, DENTIST.

Has permanently located himself in Stroudsburg, and moved his office next door to Dr. S. Walton, where he is fully prepared to treat the natural teeth, and also to insert incorruptible artificial teeth on pivot and plate, in the latest and most improved manner. Most persons know the danger and folly of trusting their work to the ignorant as well as the traveling dentist. It matters not how much experience a person may have, he is liable to have some failures out of a number of cases, and if the dentist lives at a distance it is frequently put off until it is too late to save the tooth or teeth as it may be, other wise the inconvenience and trouble of going so far. Hence the necessity of obtaining the services of a dentist near home. All work warranted. Stroudsburg, March 27, 1862.
