

The Jeffersonian, THURSDAY, MAY 17, 1866. UNION STATE TICKET.

FOR GOVERNOR,
Major General JOHN W. GEARY,
OF CUMBERLAND COUNTY.

In anticipation of receiving an extended report of the proceedings of the Sabbath School Convention, held in this town on Tuesday, from a friend, we prepared nothing on the subject. We will remedy our short-coming next week.

A lad named Howard Staples, son of Mr. Daniel Staples, of this Borough, was considerably cut and injured about the head, by being thrown from a wagon a few days ago. The little boy was soon around again, as lively as though nothing had happened.

We regretted to learn, on Saturday last, that our friend Shuman Wagner, was, on that morning, thrown from his wagon, while loading goods at the Depot, and badly injured in the back. He still suffers from his hurt, but we hope soon to hear of his complete recovery.

Boys, both big and little, girls, ditto, and ourselves with the rest, got the "dingbats" ready, for the Circus is coming. No humbug of a show this, but a regular "out-and-out" the best one that has visited this section of country in a long while.

Our citizens were regaled on Tuesday morning last with the sight of a heavy white frost—we mean such of them as got up early enough. Those who had beans and corn above ground felt rather streaked until the vigor of the plants at mid day showed that they had not been injured. We believe no serious damages were done.

Confirmed.

The nomination of Josiah P. Hetrick, Esq., editor of the *Northampton Co. Journal*, at Easton, for the office of Collector of Internal Revenue of the 11th Collection District, was confirmed by the Senate on Monday last. Mr. Hetrick takes the place of E. T. Foster, Esq.—We are glad that this streak of good luck has fallen on our old "Boss."

Gen. Selfridge, Assessor of this 11th District, arrived in town on Tuesday. He left for his home in Bethlehem yesterday. The General is one of those fortunate specimens of the genus homo who in every acquaintance secures a friend. A number of our citizens made use of the opportunity afforded by his short stay for the indulgence of a whole-souled hand-shaking.

A Fine Trout.

Mr. John Selwood exhibited in our office a few days ago, a trout caught by him in Pocoon creek, near Swartwood's mill, which measured fifteen and a half inches long, three and a half inches across, and eight around. It was a rouser, and proved friend Selwood to be a prince of skillful fisherman—but then, he should have caught more of the same kind so as to have given us an opportunity of "sampling the quality of the goods."

FIRE.

The residence of Mr. Wesley Van Vleet, in Stroud township, together with its contents, was destroyed by fire on Wednesday evening last. The family had been in bed but a short time, when they were routed out by the flames, and so rapid was the destruction that they saved little or nothing of their household goods.—The fire is supposed to have originated from a spark from a passing locomotive.

Narrow Escape.

Theodore Barnett, son of M. M. Barnett, Esq., of this place made a very narrow escape with his life, on Saturday morning last. It appears that he had taken the place of a sick brother, who was employed on the gravel train on the railroad, for a few days, and while attending to his duties he fell under the train, which was in motion, and was dragged a long for some distance. He received a severe bruise on the side of his head and had three of his toes mashed by the wheel passing over them. We are pleased to learn that he is rapidly recovering. His coming out of the ordeal alive was almost miraculous.

The neighboring villages of Scranton, Hyde Park, and Providence, and the intervening "magnificent distances" of streetless and houseless vacant ground, have been incorporated into a city; where at, Scrantonians rejoice, and all "the rest of mankind" in Luzerne mourn. We hope the aeronautic calculations of our neighbors over the "good time a coming," out of their elevation may not prove "sweet to the mouth but bitter to the 'bel'-stomachs of the taxpayers."

Mr. James H. McCarty advertises his Cabinet Ware Room in this week's paper. No need now of going to the city for either plain or fashionable furniture, as Mr. McC. has every thing on hand, in the Cabinet-Ware line, for the inspection and supply of customers, and will sell at less prices than even the wholesale houses of the cities. We know that the quality of his ware, being made under his own supervision, will prove superior. Such an establishment, where everything, from a single piece to a full suit of parlour, dining room or chamber furniture can be had when wanted, has long been needed in our borough and should be liberally encouraged.

Removed.

The office of the American Union Telegraph Company, in this Borough, has been removed from Stokes' building, to the Drug and Jewelry Store of Messrs. Detrick & Williams, on Main-street, one door above the Post-office. Mr. Peter S. Williams, is the operator in the new location, and from his clever disposition and gentlemanly characteristics, we may promise a satisfactory administration of the Company's affairs here, and the prompt transaction of the business entrusted to the office. Mr. W. had considerable experience as an operator on the old Easton, Belvidere and Stroudsburg line.

Reader if you desire a good drink, a pleasant drink, a wholesome drink, go to the establishment of J. S. Williams & Co., secure a supply of their superior Sarsaparilla Syrup, take it home, pour a small quantity into a tumbler, fill up with cool, sparkling water, and you have a nectar to quaff which would have made old Paccius himself laugh. This syrup is the pure article, not the miserable effervescing compound of vitriol, marble dust, molasses, wintergreen and water sold in the saloons and hotels under the name of sarsaparilla, or, as some call it, "sarsaparilla." To those, if there are any, who object to the addition of water on account of its being "too wet," we might say that it don't make a bad addition to something "drier"—*eau de vie*, for instance. Landlords and saloon keepers should make a note of these facts.

Corner-Stone Laying.

The cornerstone of the new M. E. Church, at Cherry Lane, on Tannersville circuit, will be laid on Tuesday afternoon, the 22nd inst., at half-past one o'clock.—An address will be delivered on the occasion, by the Rev. Dr. J. H. ALDAY, with other interesting exercises. The public are respectfully invited to attend.

J. CHANDLER GREGG, Pastor.

The Massacre in Arizona.

A telegraphic despatch from San Francisco to the Associated Press states that Fort Goodwin, in Arizona, has been captured by two thousand Indians, and the garrison, one hundred and twenty-five men, massacred, with one exception; also, that the fort was burned. Mr. J. Ross Brown, who has just arrived in that city, direct from Colorado river, and who is thoroughly acquainted with the state of affairs in Arizona, says that it is scarcely possible this report can be true. Fort Goodwin is situated in a desert tract of country, about eighty miles from Tucson. The commanding officer, Colonel Bennett, of the California Volunteers, is one of the most efficient and experienced men in the country, and to suppose he would permit two thousand Apaches to enter his stockade and massacre his command is to indulge in a very improbable supposition. Not more than one in twenty of these Indians is provided with firearms. How could they capture an armed post of one hundred and twenty-five men? That there may have been some fighting, is highly probable; but this extravagant report needs confirmation before any credit can be attached to it.

The New Texas Constitution.

The new Texas Constitution fixes the Governor's term of office at four years instead of two, and the salary at \$4,000 instead of \$2,000. It also gives the Legislature power to guarantee the bonds of railroads for the purchase of iron. The article abolishing slavery says:

"Africans and their descendants shall be protected in their rights of person and property by appropriate legislation; they shall have the right to contract and be contracted with; to sue and be sued; and to acquire, hold and transmit property; and all criminal prosecutions for like offenses against the white race, and they shall be subject to like penalties."

The Constitution will be submitted to the people for their acceptance or rejection on the fourth Monday in June. It will be observed that in its wording and scope the Texas Constitution is nearly identical with the Civil Rights Act.

Military Departments.

Lieutenant-General Grant has instructed military department commanders to abolish the districts under their command as rapidly as circumstances will permit.—In some cases he has recommended the conversion of the district into a military post. Every means which may consistently with the welfare of the country be used to reduce the number of volunteers yet in service has been adopted.

Sixteen thousand barrels of flour are lying in the warehouse of one mill at Minneapolis, Minnesota, awaiting the opening of navigation to be shipped east. Nearly three million bushels of wheat are in store at point of debarkation on rail and river awaiting shipment, which does not include the large amounts still held by farmers.

Jefferson Davis.

BALTIMORE, May 11.—Yesterday, Jefferson Davis was indicted for treason against the United States, by the Grand Jury in session at Norfolk, and the trial of the prisoner, it is supposed will take place in June.

NORFOLK, Va., May 11.—Late yesterday afternoon the Grand Jury of the United States Circuit Court, in session here, brought in a true bill against Jeff. Davis for treason, and adjourned until the first Tuesday in June, to meet in Richmond.

Judge Underwood went North last night. He has a copy of the bill of the indictment against Jeff. Davis with him.

The Detroit papers say that a couple of men from the neighboring State of Wisconsin recently arrived in Detroit for the purpose of selling the citizens anti-cholera, small-pox and yellow fever "soles." It seems that some sharp Yankee has hit upon this device for turning to pecuniary account the cholera panic which is beginning to be felt throughout the country, and is manufacturing by the thousand medicated shoe soles, by the wearing of which he pretends cholera and the other diseases mentioned may be effectually warded off.

The Murderer Probst—His Death Warrant Read to Him.

Philadelphia, May 9.—The death warrant for the execution of Antoine Probst, on Friday, the 8th of June, was received by the Sheriff this morning.

The *Evening Telegraph* says: The prisoner received the announcement quietly, seemingly entirely unmoved. He had previously told his confessor that he believed death was the only expiation for his crimes, that he was willing to suffer. No person except his confessor will be allowed to visit him. To-day three years ago Probst landed in this country.

Collecting the Internal Revenue for the South.

The Internal Revenue Bureau, acting under the general law, requires all citizens of the South to render income returns for the year 1864, as well as for 1865. Some of the ex-Rebel officers residing in Alexandria, Va., are startled by the call of the assessors upon them, to furnish the required statements, and are surprised that rations received by them in the Confederate army, are estimated at forty cents. One of them expressed his readiness to pay his tax in Confederate money, but this was, of course, refused.

Failure of a Philadelphia Banking Firm—Heavy Fall in Fancy Stocks.

Philadelphia, Monday, May 14, 1866. The failure of Werk, McCouch & Co., bankers, of this city, caused much excitement at the Stock Board this morning.—This failure has entailed heavy losses on stock speculators. They were great "bulls" in the Hestonville Passenger Railroad shares, which were forced up to \$45, then fell to \$20, and to-day declined to \$8 a share.

Special Notices.

REDUCTION IN PRICE

OF THE

AMERICAN WATCHES,

MADE AT WALTHAM, MASS.

In consequence of the recent great decline in gold and silver and all the materials used in the manufacture of our goods, and in anticipation of a still further decline, we have reduced our prices to as low as as possible as they can be placed.

WITH GOLD AT PAR, so that no one need hesitate to buy a watch now from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

MORE THAN 200,000 WATCHES have given our productions the very highest rank among timekeepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together, we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover over three acres of ground, and give accommodation to more than eight hundred workmen.

It is fully justified in stating that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade-marks engraved on the plate:

1. "American Watch Co., Waltham, Mass.
2. "Appleton, Tracy & Co., Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "We Blied."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co., Waltham, Mass."
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co. of Waltham, Mass., authorize us to state that without distinction of trade marks or price.

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time keepers of their class ever made in this or any other country. Buyers should remember that unlike the guarantee of a foreign maker who can never be reached, this warranty is at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American watch made at Waltham, are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.
