flamation of the Kidneys, Catarrh of the Bladder, Stranguary or painful Urinating.

Are you troubled with that distressing pain in the small of the back and through the hips ! A teaspoonfull a day of Helmbold's Buchu will relieve you.

PHYSICIANS AND OTHERS.

PLEASE NOTICE.

I make no secret of ingredients. Helmbold's Extract Buchu is composed of Buchu, Cubebs, and Juniper Berries, selected with great care, prepared in vacuo and according if not assisted to do this through the natural to rules of

PHARMACY AND CHEMISTRY.

These ingredidnts are known as the most valuable Diuretics afforded.

DIURETIC

Is that which acts upon the kidneys. HELMBOLD'S EXTRACT BUCHU

ACTS GENTLY,

Is pleasant in taste and odor, free from al injurious properties, and immediate in its action.

FOR THE SATISFACTION OF ALL, See Medical Properties contained in Dis pensatory of the U.S., of which the follow-

ing is a correct copy : "Buchu .--- Its odor is strong, diffusive, and somewhat aromatic, its taste bitterish, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, Chronic Catarrh of the Biadder, Morbid Irritation of the Bladder and Urethra, Diseases of the Prostrate, and Retention or the Incontinence of Urine, from a loss of tone in the parts concerned in its evacuation, It has also been recommended in Dyspepsia,

A compound nemedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cura. It is believed that such a remedv is wanted by those who suffer from Strumons complaints, and that one which will accomplish their cure must prove of immense ser-vice to this large class of our afflicted fellowcitizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints :

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, UL-CEES, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHI-LITIC AFFECTIONS, MERCERIAL DISEASE, DEOPSY, NEURALGIA OR TIC DOFLOUREAUX, DEBILITY, DYSPERSIA AND INDICESTION, EENSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to ex-pel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions an I alcorous rores, through which the system will strive to rid itself of corruptions, channels of the body by an alterative medicine. Cleansa out the vitiated blood whenever you find, its impurities barsting through the skin in imples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is falt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but will this pabulum of life disordered, there can be no lasting health. Sooher or later comething must go wrong, and the great machinery of life

is disordered or overthrown. Sarsaparilla has, and deserves much, the repu-tation of accomplishing these ends. But the world has been egregiously deceived by prepara-tions of it, partly because the drug alone has not all the victue that is claimed for it, but more because many preparations, pretending to be con-centrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Bursuparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed he use of the various extracts of Sarsaparilla which flood the market, until the name itself is instly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloginy which rosts upon it. And we think we have ground for believing it has virthes which are irresistible by the ordinary run of the diseases it is intended to cure. In order to

[From the Philadelphia Evening Balletin, March 10th,]

We are gratified to hear of the continued success, in New York, of our townsman, Mr. H. T. Helmbold, Druggist. His store, next to the Metropolitan Hotel, is 28 feet front, 230 feet deep, and five stories in height. It is certainly a grand establishment, and speaks favorably of the merit of his articles. He retains his Office and Laboratory in this city, which are also model establishments of their class.
