A Mammoth Railroad.

The earnings of the Eric Railroad for passengers, \$4,031,680; total, \$15,434,-1864, of over \$2,000,000; the expenses increased in the same time \$1,406,978. 152. There were 398,359 more passenwest, there being 55,800 more of that number of passengers carried in 1865 was over two millions.

A young man named Malthy was struck by lightning, a few days since, in Sherman, Connecticut. The lightning came down through the roof, struck him on the shoulder, and passed down his side, tearing his boot and foot to pieces, and making a small hole in the floor. One side of his body, where the lightuing passed, is terribly lacerated and burned. He is suffering much, but hopes are entertained of his recovery.

The ten richest men or estates in Boston, according to the recent official estimates, are the following: Estate of Aug. Hemenway, \$2,406,000; Moses Williams, \$1,271,500; Nathaniel Thayer, \$2,362, 500; estate of John Bryant, \$1,500,000; Sear's estate, \$1,742,500; David Sears, \$1,401,600; estate of E. Francis, \$1,010,-600; William Phillips, 8858,000; H. H. Hunnewell, \$818,600; John Simmins, \$802,000.

A country exchange says that they have been reliably informed that the Coroner of Buffalo, New York, has held an inquest on the body of a man found floating in the river ten different times. At the conclusion of each inquest the Coroner throws the body in the river, and after a few days hauls it out again. His object is to receive additional fees for each jury sworn.

A colored woman called Aunt Biddy Lundy, died near Macon, 112 years old. She had been in the same family for three generations. She was born in Virginia, and used to describe the march of Cornwallis through that State. She never took a dose of medicine in her life, but drank coffee regularly twice a day, when she could get it. She finally died of pneumonia.

A substance is now manufacturing from flaxseed called linoleum. It is said that it will supercede India rubber-which it very much resembles and of which ti possesses most of the properties-in the various manufactures in which it is used .-Like India rubber, it can be dissolved inof a cement and used in the manufacture to water proof clothing.
