Is manufactured with certain improvements secured by letters patent, under date of May 5, 1863, and December 5, 1865. THE VERY LATEST!

NO IMPOSITION!

NOTWITHSTANDING THE BLOW and blusters of new beginners, FABLE at the old stand, on the corner is still maintaining his reputation as the keeper of the cheapest store, decidedly, in this section of country. There is no mistake in this as the following facts will show:

He is selling PRINTS at from 10 to 20 cts. per yard.

DELAINES 25 cents per yard, the price before the war.

SILKS at from \$1 to \$2 per yard.

All kinds of FINE DRESS GOODS at greatly reduced prices.

MUSLINS from 12 to 25 cents per yard.

READY-MADE CLOTHING, so far below war prices as to astonish purchasers.

HATS at a very low figure indeed.

FABLE also keeps an eye to the comfort of the inner man, and offers SUGARS at from 10 to 18 cents per pound.

COFFEES 25 to 35 cents per pound.

MOLASSES, 40 cents to \$1 per gallon.

A good assortment of CARPETS at nearly the old rates before the war.

FABLE has no desire to particularize, but if you want anything in his line, of good quality and at less rates than can be purchased at any other store, call at FABLE'S old stand corner of Elizabeth and streets and you cannot fail to be suited.

No charge for showing goods.

SPEAR'S PATENT

Fruit-Preserving Solution,

FOR THE PRESERVATION OF ALL KINDS OF Fruits, Vegetables, Jellies, Wines, Cider, Etc., Etc., Etc.

Without Sugar, and Without Expensive Sealing or Air-Tight Jars.—One Bottle will preserve 128 Pounds of Fruit, or 48 Gallons of Wine or Cider.

This Solution when properly used, effectually prevents fermentation or decay of Fruits, and, by the most simple and inexpensive process, every variety may be kept in a fresh and perfectly wholesome condition the year round. It is no new and uncertain experiment, but has been in practical use for the past eight years, yet has been, for the most part, kept from the public for the purpose of ascertaining the result of a series of experiments, all of which have proved the validity of all that is now confidently claimed for it.

Fruits preserved by this Solution are as good as the best "canned" fruits, while the use of the Solution avoids the trouble of sealing, costly jars or cans, keeping from the air and light, frequent examinations, and the many other troubles and annoyances well known to every house-wife.

L. H. SPEAR, Patentee.

L. P. WORRELL, General Agent, No. 91 Haden st., N. Y.

PRICE \$1 per bottle.

[From JAMES R. CHILTON & Co., the Celebrated Analytical Chemists, New York]

Having made numerous experiments with Mr. Lewis H. Spear's Fruit-Preserving Solution, we are enabled to state that it will prevent the decomposition of fruits when used in the manner described by him. The prepared fruits upon which we experimented were found to resist all attempts to generate fermentation. There is nothing in the nature of this Solution which, when absorbed by the fruits, can act in a manner to render them unwholesome.
