

denying them all share in the enactment of laws by which they are to be governed, and all participation in the election of the rulers by whom those laws are to be enforced. In other words, a Congress in which only twenty-six States are represented asserts the right to govern, absolutely and in its own discretion, all the thirty-six States which compose the Union—to make their laws and choose their rulers, and to exclude the other ten from all share in their own government until it sees fit to admit them thereto. What is there to distinguish the power thus asserted and exercised from the most absolute and intolerable tyranny?

**UNION STATE TICKET.**  
 FOR GOVERNOR,  
**Major General JOHN W. GEARY,**  
 OF CUMBERLAND COUNTY.

We commence, on the first page, the publication of the able Address adopted by the National Union Convention, which met at Philadelphia on the 14th inst. It is well worth an attentive perusal.

**Religious Notice.**  
 Rev. J. C. Gregg will preach in the woods, near Fowler's school-house, on next Sabbath afternoon, at 3 o'clock, the public are invited to attend.

Dean Richmond, one of the most eminent of the New-York Democratic politicians, and noted throughout the country for his connection with the railroad enterprises of the country, died, in New-York city, on Monday last.

We have been requested to announce that the friends of General Geary will hold a meeting at Rinkerville, in Jackson township, on Saturday evening next, September 1st, 1866, for the purpose of forming a Geary Club. A general invitation is extended to all favoring the election of General Geary, to be present.

In accordance with a previous call, a large number of the "Boys in Blue" assembled in the club room, and elected the following named officers for the campaign:—President, Davis S. Lee; Vice-President, Barnet Kresge; Secretary, Wm. D. Walton. After transacting other business, a report of which the Secretary failed to furnish us, the club adjourned to meet again on Monday evening, September 3rd.

Voters, this fall need be at no loss for candidates. They are quietly protruding themselves before the public, and we think that by the time voting day comes there will be quite a formidable list to choose from. It is a gratifying feature in our republican institutions, that nothing militates against the liberty of the individual sovereign to make known to his fellow-citizens that he is desirous of taking rank and emolument among the servants of the people.

President Johnson and family, accompanied by Gen. Grant, several members of his cabinet, and quite a number of dignitaries started from Washington, on Tuesday morning last, on a trip to Chicago, where they take part in the ceremonies attendant upon the laying of the corner-stone of the monument about to be erected to the memory of the Hon. Stephen A. Douglas. Preparation for the reception of the President, have been made at all the cities and towns along the route.

We have been requested to announce that David S. Lee, Esq., is prepared to attend to the collection of all claims, entrusted to his care, with promptness. Mr. L. is a duly authorized claim agent, and having served a term of ten months in the 176th Reg. P. V., can appreciate the claims of those entitled to bounties and pensions, and will fix his charges accordingly, at the lowest possible rates. He may be found at the office of C. Burnett, Esq., and we have no hesitation in saying that claimants will find him perfectly reliable.

We have been informed that in the preliminary contest for Congress, in Pike county, on Saturday last, D. M. Vanauken, Esq., carried a large majority of the delegates over Henry S. Mott, competitor, and will have the conference. It is said, however, that notwithstanding Pike's claims to the nomination are just, Carbon, and possibly Wayne, will make an effort to carry off the spoils.

In our own county the delegate elections passed off very quietly. Gen. C. Burnett, being the only aspirant for State Senatorial dignity, will have the Senatorial conference. The General's Congressional aspirations, we believe, withered under the frosts of two years ago, which disposes him to leave a clear field to his friends, above and below, for the present.

The following is the score of the match game of base-ball, played in this borough on Saturday last, between the 3rd Nine of the S roadsburg Club, and the 1st Nine of the Resolute Jr. Club. The Resolute are mere lads, but the score shows them to be formidable competitors even to their seniors.

We learn that a match game between the 2nd Nine of the Sawkill Club, of Milford, and the 2nd Nine of the Stroudsburg Club, is arranged to come off on the grounds of the latter club, in this borough, on Saturday afternoon next.

Ground for the foundation of the new engine house, for the Phoenix Fire Company has been broken, and the erection of the building will be proceeded with as rapidly as possible. The building will be of brick, two stories high, twenty five feet front by thirty-five feet deep. The lower story will be finished with a hall and two track-ways for engines, hose-carriage and hook and ladder carriage. The second story will be neatly finished in a large hall for meeting purposes. To the rear corner of the building a tower, also of brick, forty feet high will be attached. Taking it altogether, the engine house will be quite an improvement to the Court-house square.

Grand Gift Distribution.  
 We learn that the Phoenix Fire Company are about making an appeal to the public, in shape of a Gift Distribution, to aid them in their laudable work of providing an efficient fire apparatus in our borough, and erecting a proper house for its preservation. The tickets for chances in the distribution will be sold at the low price of one dollar, and the catalogue of articles to be distributed will embrace Melodeons, Furniture, Watches, Jewelry, &c., &c., in almost endless variety. There will be twelve hundred tickets sold with a premium sure for each ticket. From the character of the gentlemen composing the company we can assure our readers that there is no humbug in the matter, but that everything will be done in the utmost fairness. The enterprise is a most commendable one, and should be liberally patronized by our citizens.

**On a Rustication.**  
 The Rev. gentlemen who preside over the several churches of our borough are at present absent on recuperating tours. The Rev. Mr. Egeritt of the Presbyterian Church, has already been absent some two weeks. He will return so as to occupy his pulpit on next Sabbath morning. The Rev. Dr. Alday, started on a three weeks' tour on Tuesday last. Both are untiring laborers in the service of the Divine Master, and we should think need the rest which their absence secures to them.—We have no doubt the good seed which they have sown has brought forth such fruit as will prevent Old Brimstone, from making inroads into their folds while they are gone.

**Pennsylvania State Fair.**  
 We publish in this issue an abstract of the Premiums of the Penna. State Fair, to be held at Easton, Sept. 25, 26, 27 and 28. The premiums offered in all classes exceed in amount \$8000. Embracing live stock, farm implements, farm produce, machinery of all kinds, and almost every variety of articles produced by human labor and invention. From present indications it will be the largest and most successful fair ever held by this society. The grounds are already being fitted up and prepared on the most extensive scale. For premium lists and other information, address A. B. Longaker, Secretary, Easton, Pa.

**Camp-Meeting.**  
 A camp-meeting will be held, in the woods of Joseph Keller, near Kellersville, commencing on Monday, the 3rd of September, 1866, and ending on Saturday, the 8th. Woods-meeting will be held on the same ground, on Sunday, the 2nd of September, services in the morning and afternoon. Services during the camp-meeting will be held in English and German. There will be a boarding table on the ground for the accommodation of persons attending the meetings. No huckstering will be allowed. The public are invited to attend.

By order of the Committee.  
 Mr. George R. Archer was murdered some months ago in Lawrence Co., Kentucky. Three men, named James Lyons, John Lyons and William Wright, were arrested, charged with the murder, and lodged in jail at Louisiana, in the same county. Last Tuesday a party of 150 men attacked the jail, seized these prisoners and hung them. Mr. Archer was greatly respected, and the inhabitants were highly incensed at his murder.

A cow recently died in Maine, and a piece of hoopskirt was found in her throat. It is supposed she swallowed the milk-maid.

Peace is established in Europe.

**The European War.**  
 A treaty of peace has been concluded between Prussia and Austria. The latter, indeed, could do nothing else, after the battle of Sadova, but succumb to her more powerful antagonist. Prussia promises to evacuate the territory occupied by her troops so soon as the articles of peace are ratified by Francis Joseph, Emperor of Austria. In concluding the war, which has been of extremely short duration, the Kaiser finds himself in a most humiliating position. Prussia has proved too much for him. Austria loses everything. Prussia and Italy gain all. To the latter Venetia is freely and unreservedly ceded, and the Italians are indebted to the Prussians for this plum, so long coveted, than to their own prowess. The rapid advance and the signal victories of the Prussians decided the contest, and won for Victor Emmanuel and Garibaldi the triumph over Austria which they themselves expected to achieve. Francis Joseph appreciates the condition of affairs in his empire, and has determined to strengthen his Government by granting concessions to the Hungarians. To this end he officially announces that he will create a new ministry, upon the basis of the Constitution which was granted the the Magyars in 1848.

It will be remembered that the revocation of this constitution was the main cause of the uprising of the Hungarians against the Austrian authority during the years 1848 and 1849. Although peace is thus formally declared between the belligerent powers, it is doubtful whether it can be maintained for any length of time. Jealousy of the most intense nature exists between the two Empires. Austria is humiliated; she is in the dust; she lies at the feet of Prussia, and she feels most keenly the terrible and degrading humiliation which she has been compelled to bear. For the present the war seems to be at an end; comparative quiet may reign for a few years, but it is not likely that Austria will patiently submit, or that France and Russia will quietly endure the aggressions, or look on the aggrandizement of Prussia with satisfaction. Another war will be necessary to adjust the differences and settle the question as to who shall hold the balance of power in Europe.—Prussia now claims the right. There are others who are ready to dispute it by force of arms.

The Atlantic Telegraph now in full operation, keeps us in daily communication with Europe. News of the preceding day is now regularly published in the morning papers, and we are kept as well posted in regard to public affairs in London as in those of Washington. The dispatches over the cable on Saturday were of much importance. In Paris, it was authoritatively stated that Napoleon had refused further aid to Maximilian, and would do nothing more to sustain his dynasty. He declares that he cannot break his pledge with the United States. A treaty of peace between the contending powers of Prussia, Italy, Austria and Bavaria was concluded at Prague on Thursday. It is provided that all the troops under arms shall retire to their respective countries within three weeks. Venetia has been fully ceded to Italy, and Bavaria cedes four districts to Prussia.—A great demand for American securities has sprung up in Paris and London, and they are now the favorite basis for investments.

**Fatal Accidents.**  
 As the men under Mr. Ashely were getting on a truck, to go to Weatherly, on Friday evening, one of the number, named Thos. Doyle, was caught by an engine passing on the loaded track, and instantly killed. Doyle was a stranger, and his position in life unknown. The other occurred Saturday morning. A young man named John LaBar, in the employ of the L. V. R. Co. at the Weatherly car shops, was almost instantly killed.—At the time he was assisting another, who was under the cars, and stood with his head between two cars. Some broken cars were being shifted, and collided with the cars at which they were working, which resulted as above stated. He was a resident of Bushkill, Pike county, Penna., where his parents and friends reside, and where his remains will be taken for interment.—*March Chunk Union Flag.*

The cholera appears to be decreasing in Philadelphia and New York. In some of the western cities, however, it was more destructive last week than previously.—In St. Louis the number of cholera interments in all the cemeteries of the city on Monday and Tuesday last was 260. The opening of the public schools in that city has been postponed in consequence of the disease. In Cincinnati, on Wednesday, there were thirty-three deaths from cholera, and in New Orleans the same day there were twenty-seven fatal cases. In some portions of Europe the disease is making sad ravages. It is prevailing to an alarming extent in some of the principal towns of Austria, and has broken out in the hospitals among the wounded soldiers.

A Sturgeon six feet long, and weighing 105 lbs., was caught in the Delaware River, below Belvidere, one night last week, by a Mr. Miller of Mt. Bethel, Pa. Mr. M. was engaged in watching a fish-basket, and was of course greatly surprised at the entrance of such a huge specimen of the finny tribe.—*Belvidere Intelligencer.*

More than 35 years since Mr. Thaddeus Fairbanks of St. Johnsbury, Vt., invented the scales which are now widely known in all parts of the world. The inventor is still actively engaged in business. From small beginnings the business of Messrs. Fairbanks has so increased as to require the force of more than 400 men to keep pace with their orders.

A cow recently died in Maine, and a piece of hoopskirt was found in her throat. It is supposed she swallowed the milk-maid.

**REDUCTION IN PRICE OF THE AMERICAN WATCHES.**  
 Made at WALTHAM, Mass. In consequence of the recent great decline in gold and silver and all the materials used in the manufacture of our goods, and in anticipation of a still further decline, we have reduced our prices to as low a point as they can be placed.  
 With Gold at Par. so that no one need hesitate to buy a watch now from the expectation that it will be cheaper at some future time. The sale of ten years and the manufacture and test of more than 200,000 Watches, have given our productions the very highest rank among timekeepers. Commencing with the determination to make thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together, we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover over three acres of ground, and give accommodation to more than eight hundred workmen. We are fully justified in stating that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade-marks engraved on the plate:  
 1. "American Watch Co." Waltham, Mass.  
 2. "Appleton, Tracy & Co." Waltham, Mass.  
 3. "P. S. Bartlett," Waltham, Mass.  
 4. "Wm. Ellery."  
 5. "OUR LADIES' WATCH" of the first quality is named "Appleton, Tracy & Co." Waltham, Mass.  
 6. "Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.  
 The American Watch Co. of Waltham, Mass., authorize us to state, that without distinction of trade marks or prices, ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that unlike the guarantee of a foreign maker who can never be reached, this warranty is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham, are for sale by dealers generally throughout the country, we do not solicit orders for single watches.  
 CAUTION.—The public are cautioned by only of respectable dealers. All persons selling counterfeits will be prosecuted.
