HELMBOLD'S BUCHU.
HELMBOLD'S BUCHU.
HELMBOLD'S BUCHU.

The Only Known Remedy for DIABETES,

Irritation of the Neck of the Bladder, Inflammation of the Kidneys, Catarrh of the Bladder, Strangury or painful Urinating.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of Helmbold's Buchu will relieve you.

PHYSICIANS AND OTHERS PLEASE NOTICE.

I make no secret of ingredients. Helmbold's Extract Buchu is composed of Buchu, Cubebs, and Juniper Berries, selected with great care, prepared in *vacuo* and according to rules of

PHARMACY AND CHEMISTRY.

These ingredients are known as the most valuable Diuretics afforded.

DIURETIC

Is that which acts upon the kidneys.

HELMBOLD'S EXTRACT BUCHU ACTS GENTLY.

Is pleasant in taste and odor, free from all injurious properties, and immediate in its action.

FOR THE SATISFACTION OF ALL.

See Medical Properties contained in Dispensatory of the U. S., of which the following is a correct copy:

"Buchu.—Its odor is strong, diffusive, and somewhat aromatic, its taste bitterish, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, Chronic Catarrh of the Bladder, Morbid Irritation of the Bladder and Urethra, Diseases of the Prostate, and Retention of the Urine, in the parts concerned in its evacuation. It has also been recommended in Dyspepsia, Chronic Rheumatism, Cutaneous Affections, and Dropsy."

FROM THE

LARGEST MANUFACTURING CHEMIST

IN THE WORLD.

I am acquainted with H. T. Helmbold; he occupied the drug store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise.

W. M. WRIGHTMAN,
(Firm of Powers & Weightman),
Manufacturing Chemist,
Ninth and Brown Streets, Philadelphia.

[From the Philadelphia Evening Bulletin, March 10th,]

We are gratified to hear of the continued success, in New York, of our townsman, Mr. H. T. Helmbold, Druggist. His store, next to the Metropolitan Hotel, is 28 feet front, 230 feet deep, and five stories in height. It is certainly a grand establishment, and speaks favorably of the merit of his articles. He retains his Office and Laboratory in this city, which are also model establishments of their class.

The proprietor has been induced to make this statement from the fact that his remedies, although advertised, are

GENUINE PREPARATIONS,

And, knowing that the intelligent refrain from using any thing pertaining to Quackery, or the Patent Medicine order—most of which are prepared by self-styled Doctors, who are too ignorant to read a physician's simplest prescription, much less competent to prepare pharmaceutical preparations.

These Parties Resort

to various means of effecting sales, such as copying parts of advertisements of popular remedies, and finishing with certificates.

The Science of Medicine stands SIMPLE, PURE, MAJESTIC,—having Fact for its Basis, Induction for its Pillar, Truth alone for its Capital.

A WORD OF CAUTION.

Health is most important; and the afflicted should not use an advertised medicine, or any remedy, unless its contents or ingredients are known to other besides the manufacturer, or until they are satisfied of the qualifications of the party so offering.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which the fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or obnoxious matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which condenses in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many distressing diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from it or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERYTHEMA and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSA, or ERYTHRODERMIA, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER, and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYMPHYLITIC and MERCURIAL DISEASES, PROSYP, DYSPEPSIA, DIBETIS, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: Coughs, Hoarseness, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cure, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to require description. In persons, whose virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted that they can never forget, and produced cures too numerous and too remarkable to be forgotten.

SPEAR'S PATENT

Fruit-Preserving Solution,

FOR THE PRESERVATION OF ALL KINDS OF Fruits, Vegetables, Jellies, Wines, Cider, Etc., Etc., Etc.

Without Sugar, and Without Expensive Sealing or Air-Tight Jars.—One Bottle will preserve 128 Pounds of Fruit, or 48 Gallons of Wine or Cider.

This Solution when properly used, effectually prevents fermentation or decay of Fruits, and by the most simple and inexpensive process, every variety may be kept in a fresh and perfectly wholesome condition the year round. It is no new and uncertain experiment, but has been in practical use for the past eight years, yet has been, for the most part, kept from the public for the purpose of ascertaining the result of a series of experiments, all of which have proved the validity of all that is now confidently claimed for it.

Fruits preserved by this Solution are as good as the best "canned" fruits, while the use of the Solution avoids the trouble of sealing, costly jars or cans, keeping from their air and light, frequent examinations, and the many other troubles and annoyances well known to every housewife.

PRICE \$1 per bottle.

[From JAMES R. CHILTON & Co., the Celebrated Analytical Chemists, New York]

Having made numerous experiments with Mr. Lewis H. Spear's Fruit-Preserving Solution, we are enabled to state that it will prevent the decomposition of fruits when used in the manner described by him. The prepared fruits upon which we experimented had been mixed with the Solution, and were found to resist all attempts to generate fermentation. There is nothing in the nature of this Solution which, when absorbed by the fruits, can act in a manner to render them unwholesome.
