Ayer's Sarsaparilla,

A compound remedy, in which we have labored
to produce the most effective alternative that can
be made. It is a concentrated extract of Para
Sarsaparilla, so combined with other substances
of still greater alterative power as to afford an
effective antidote for the diseases Sarsaparilla is
reputed to cure. It is believed that such a reme-
dy is wanted by those who suffer from Stru-
mon complaints, and that one which will ac-
complish their cure must prove of immense ser-
vice to this large class of our afflicted fellow-
citizens. How completely this compound will
do it has been proven by experiment on many
of the worst cases to be found of the following
complaints:

SCROFULA AND SCROFULOUS COMPLAINTS,
EMIPIONS AND ERECTIVE DISEASES, ULCERS,
PIMPLES, BLOTCHES, TUBERCLES, SALT
RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC
AFFECTIONS, MERCURIAL DISEASE,
DROPSY, NEURALGIA OR TIC DOULOUREUX,
DEBILITY, DYSPEPSIA AND INDIGESTION,
RHEUMATISM, HEADACHE, ANTHRAX, ERY-
SIPPELA, ITCHING SORE, AND ALL THE
ANDERSON'S WHOLE CLASS OF COMPLAINTS ARISING
FROM IMPURITY OF THE BLOOD.

This compound will be found a great pro-
moter of health, when taken in the spring, to ex-
pel the foul humors which fester in the blood at
that season of the year. By the timely expul-
sion of them many rankling disorders are nipped
in the bud. Malignancies can, by the aid of this
remedy, spare themselves from the endurance of
foul eruptions and ulcersous sores, through which
the system will strive to rid itself of corruptions,
if not assisted to do this through the natural
channels of the body by an alterative medicine.
Cleanse out the vitiated blood whenever you
feel its impurities burning through the skin in
pimples, eruptions, or sores; cleanse it when
you find it is obstructed and sluggish in the
veins; cleanse it whenever it is foul, and your
feelings will tell you when. Even where no
particular disorder is felt, people enjoy better
health, and live longer, for cleansing the blood.
Keep the blood healthy, and all is well; but
with this purbation of life disordered, there can
be no lasting health. Sooner or later something
must go wrong, and the great machinery of life
is disordered or overthrown.

Sarsaparilla has, and deserves much, the repu-
tation of accomplishing these ends. But the
world has been repeatedly deceived by prepara-
tions of it, partly because the drug alone has not
all the virtue that is claimed for it, but more
because many preparations, pretending to be con-
centrated extracts of it, contain but little of the
virtue of Sarsaparilla, or any thing else.

During late years the public have been misled
by large bottles, pretending to give a quart of
Extract of Sarsaparilla for one dollar. Most of
these have been frauds upon the sick, for they
not only contain little, if any, Sarsaparilla, but
often no curative properties whatever. Hence,
bitter and painful disappointment has followed
the use of the various extracts of Sarsaparilla,
which flood the market, until the name itself is
justly despised, and has become synonymous
with imposition and cheat. Still we call this
compound Sarsaparilla, and intend to supply
such a remedy as shall rescue the name from the
load of obloquy which rests upon it. And we
think we have ground for believing it has vir-
tues which are irresistible by the ordinary run of
the diseases it is intended to cure. In order to
secure their complete eradication from the sys-
tem, the remedy should be judiciously taken ac-
cording to directions on the bottle.

For Catarrh, Asthma and Bronchitis they

that dreaded and desolating disease, they

**SPEAR'S PATENT
Fruit-Preserving Solution,**

FOR THE PRESERVATION OF ALL KINDS OF
FRUITS, VEGETABLES, JELLIES, WINES,
CIDER, ETC., ETC., ETC.

Without Sugar, and Without Expensive
Sealing or Air-Tight Jars.—One
Bottle will preserve 128 Pounds
of Fruit, or 48 Gallons of
Wine or Cider.

This Solution when properly used, effect-
ually prevents fermentation or decay of
Fruits, and, by the most simple and inex-
pensive process, every variety may be kept
in a fresh and perfectly wholesome condi-
tion the year round. It is no new and un-
certain experiment, but has been in practical
use for the past eight years, yet has been,
for the most part, kept from the public for
the purpose of ascertaining the result of a
series of experiments, all of which have pro-
ved the validity of all that is now confi-
dently claimed for it.

Fruits preserved by this Solution are as
good as the best "canned" fruits, while the
use of the Solution avoids the trouble of seal-
ing, costly jars or cans, keeping from the air
and light, frequent examinations, and the
many other troubles and annoyances well
known to every housewife.

[From JAMES R. CHILTON & Co., the Cele-

Having made numerous experiments with
Mr. Lewis H. Spear's Fruit-Preserving Solu-
tion, we are enabled to state that it will
prevent the decomposition of fruits when
used in the manner described by him. The
prepared fruits upon which we experimented
had been mixed with the Solution, and were
found to resist all attempts to generate fer-
mentation. There is nothing in the nature
