

and around the point to the summit of Lookout. They saw Hooker encamped among the wooded knolls away above, and Geary and his handful of men far below, and counting on the paucity of their numbers, they reckoned it feasible to here enter a wedge, that would split the hopes of relieving our army in twain, for what was easier than to dispatch three strong Confederate divisions to sweep down from the summits where they lay, and while one guarded the bridge over the Waubatchie Creek, and another the forks of the road; let the third press over, and by a night attack, in overwhelming numbers, crush Geary's little isolated detachment of veterans, while the division at the Forks kept all reinforcement from Hooker from him; then quickly retracing their steps, form a junction with both the divisions at the forks and the bridge, pushing up the valley, fall on the skeleton 11th corps, and their numbers and the bayonet, annihilate or drive it with Hagan's command over the pontoons at Brown's Ferry and thus precipitate the retreat or surrender of Thomas. That knot of officers thought the plan both simple and easy, and we afterwards learned that the knot was composed of Generals Polk, Longstreet, Breckenridge, Hood, Cheatham, and Claiborne, and numbers of their respective staffs. They could see that our united forces would hardly reach twelve thousand men. Three well tried Confederate divisions were promptly set in motion.

UNION STATE TICKET.

FOR GOVERNOR,

Major General JOHN W. GEARY,
OF CUMBERLAND COUNTY.

All Hail Maine!

Maine follows Vermont for Freedom and Justice.—The whole Union Ticket was elected on Monday last, by a majority ranging from 25,000 to 50,000. The average Republican majority for the last eight years has been less than 15,000, and copperheadism calculated to reduce this from five to six thousand.

Geary Meeting.

At a meeting of the friends of General Geary, held at Rinkersville, in Jackson township, on Saturday evening, Sept. 8, 1866, a Geary Club was organized by the election of the following officers, viz.:
President.—J. Marsh.
Vice-President.—H. H. Teeter.
Secretary.—Wm. H. Rinehart.
There being no further business before the club, it was Resolved to adjourn until Saturday evening, September 22nd, when eloquent speakers will be present to address the meeting.

The "Stroudsburg Cornet Band," which has become an important institution of our borough, recently perfected its organization by the adoption of a Constitution, and the election of the following named gentlemen to fill the several offices:

President.—Wm. S. Flory.
Vice-President.—Morris R. Stone.
Secretary & Treasurer.—Wm. S. Rees.
Leader.—Edwin Rees.

The band is composed of most capital material, and already do service like veteran musicians.

Public Schools.

The School Board of our borough, having employed David S. Lee, Esq., as Principal, with the required Assistants, the schools all opened on last Monday, with their ordinary complement of scholars.—It is desired and hoped that the parents will co-operate with the Directors and Principal, in order that the schools may be a success.

By action of the Board, the borough is divided into 3 districts. District No. 1, all that part of the borough above Green-st. District No. 2, all that between Green and Knob-streets. District No. 3, all below Knob-street, and all children that attend the primary schools must do so at the school-house within their own district. None will be received in any of them under 6 years of age.

New Landlord at Porter's Pond.

During a business trip to Porter's Pond a day or two ago, we found that our old friend Esquire Dutot had retired from the hotel at that place, and that Andrew Lake, Esq., of Porter township, had assumed the landlordship. The new landlord is determined to have everything in shipshape, and is doing everything necessary, regardless of expense, to make comfortable quarters for strangers sojourning with him in quest of health or pleasure. The house is being thoroughly re-fitted, and other important improvements are contemplated. There are no better fishing grounds than those afforded by Porter's Pond and its tributaries, and it needs but a trial of Esquire Lake's skill as a landlord, and his estimable lady's skill as a cook, and her general management as a landlady, to convince all who sojourn with them that they are well qualified to keep a hotel.

On Thursday last, between fifty and sixty ladies of our borough, comprising our mothers, wives, and sisters and daughters, took a special car and went pleasure seeking to Washington—not "the city of magnificent distances," of which Randolph made mention, but Washington down below here, in the "Jarveys." They enjoyed the ride hugely, and found Washington a very pretty village, located in a beautiful section of country. They were delighted with the appearance of the place, the symmetry of its buildings, its pleasant door-yards, its broad streets, and its smoothly planked side walks. Its hotels, too, especially the one at which they sojourned, came in for a large share of their admiration. The neatness of the house at which they stopped, both within and without, and the patience, meekness, and long suffering, of the landlord, landlady and servants, were perfect marvels to them. But notwithstanding all the surprises they had undergone, there was one surprise greater than all yet in store for them: Supper was announced—they were escorted to the dining-room,—they seated themselves around the table—the covers were removed, and a luxurious board of empty dishes greeted their well sharpened appetites. After going through the motion of cutting and eating air, they paid the modest price of \$1 for the privilege of rattling their knives upon the plates; and as a reply to a demurrer were coolly informed by the servants,—that if the landlord had provided a liberal supply of "sour kraut and speck" he would just have hit it. The ladies were delighted with Washington, the landlord and his servants, as well as with the ride to and from that delectable place—but they have an idea that excursionists to Washington had better see to it that the commissary department is well supplied with provisions before starting from home. Their experience of a Washington supper, at one dollar per guest, was the experience of starvation well paid for.

A new Dodge—Farmers Look Out.

A friend informs us of a new dodge by which dealers in bogus money manage to get the counterfeit trash in circulation.—He gives their plan of operations in the following account of their transactions:—A few days ago, two men, strangers, passed over the plank-road, leading from Steadfastville to Gouldsboro, engaged, ostensibly, in the business of purchasing cattle. They would call upon parties having cattle, and after bargaining and agreeing upon price, insist upon binding the bargain by paying ten dollars down,—with the understanding that the balance of the price was to be paid when they called for the cattle, which would be in ten days, for sure. In each instance the binding was done by the tender of a fifty-dollar greenback, on which the pretending purchaser received forty dollars in good money as change. After the strangers had left the country, the farmers who dealt with them found that they were out by the operation just forty dollars on each deal—every one of the fifty-dollar greenbacks proving to be counterfeit. Our farmers, and others dealing with traveling strangers should look out for such customers as the above. The country is full of them.

Monroe County Agricultural Society.

The Seventh Annual Fair of the Monroe County Agricultural Society will be held on the Society's grounds, near this borough, on Tuesday, Wednesday, Thursday and Friday, the 2nd, 3rd, 4th, and 5th of October. These Fairs have always been successes, because the officers of the Society have spared neither time, means, nor pains to make them all that could be desired, and as, in the preparation for the coming Fair, there has been no abatement in zeal, we think we may safely promise that in true virtue the coming one will eclipse all that have preceded it. The premium list is gotten up in the most liberal spirit, and all the other arrangements are as near perfection as can be. Among the premiums noted on the list is one of \$200 for the best trotting. Special premiums for the best running horse, and to the horse and rider winning in a grand hurdle race, will also be paid. Every body having articles to exhibit should have them on hand. The managers do their share to the full, and the citizens of the country—the farmers, mechanics, gardeners, and housewives should do theirs in the work of making every department a grand specimen of Monroe County's Agricultural, Horticultural, Floricultural, Pomological, and Mechanical capacity. In these latter respects we hope to see quite an improvement over the displays of the last two years.

The Sussex County Fair.

The annual Fair of the Sussex County Agricultural Society will be held on their beautiful grounds, at Newton, on the 2d, 3d, 4th and 5th of October. The management is in excellent hands. Mr. Joseph A. Orsborne is President, and P. B. Horton Secretary. The premium list is a most comprehensive and liberal one, embracing every branch of Agriculture, Horticulture, Mechanics, and Domestic economy. A novel feature will be the contest for the prizes offered for the base Ball playing, which are expensive Silver balls, four in number, to be con-

tended for by the clubs of Sussex county, by those of Sussex, Morris and Warren, those of the State of New Jersey, and those of the country at large.

The Pennsylvania State Fair.

The Pennsylvania State Fair, which is to be opened at Easton on the 25th inst. and to continue for four days, is already exciting a very great interest all over the Keystone State and New Jersey, and we have every reason to believe as we have stated before, that it will eclipse all others ever held by the Society. A State Fair is a matter of interest to thousands of people, and from no public exhibition can they derive more useful information and find so much real satisfaction and enjoyment.

The Secretary's office was opened yesterday, and rapid progress has already been made by the Superintendent, Mr. Higgins on the magnificent grounds of the Farmers & Mechanics' Institute, where the exhibition is to be held. Everything is being placed in complete and ample order; even the fences surrounding the inclosure, and the stalls, shedding, &c. are being overhauled, cleaned and white-washed. The track for the trials of speed is also being put in good order, rolled and hardened, and will, no doubt, be one of the finest and best tracks in this locality, the amphitheatre near the course is to be covered, as a protection from the rays of the sun, and enlarged to double its capacity.

The large and commodious Hall, second to none in the State, for the display of articles on exhibition, is also in good order, and will be every handsomely arrayed and decorated with flags, bunting and flowers, and everything that will adorn. Of the decorations we shall speak more particularly at another time.

A large building, thirty-two by one hundred and fifty feet is now in process of erection for the display of agricultural implements, which will be very large. A splendid tent, purchased for the occasion, eighty feet wide and one hundred and fifteen feet long, will be erected for the Floral and Fruit departments of the Fair, in the centre of which will be a beautiful display of water jets, surrounding which will be a handsome rustic scenery, rocks, trees and flowers.

We are informed by the Secretary that entries are being rapidly made, and the proper space assigned each exhibitor.—Persons who have horses and other live stock and agricultural implements to exhibit, are urged to make their applications at once so that sufficient space may be prepared for them.

The farmers and ladies of Northampton, Lehigh, and adjoining counties in Pennsylvania and New Jersey, are especially invited to contribute to the Home Department, as the articles usually exhibited by county fairs are principally contributed by the localities near the fairs. Competition, however, is open to every section.

The premiums are large—the most liberal ever offered in this State. Entries can be made by letter or in person. Ladies exhibit whatever contributions they desire, free. Other contributors must become members by the payment of \$1, for which they will receive a ticket good for the Fair. Single admission, 25 cents.

Grand Trials of Speed will be had up on each day. The premiums of \$300, \$200, \$100, &c., for trotting, will bring upon the track some of the fastest horses in the State.

The Catawissa and Quakake, Lehigh Valley, East Penn., North Jersey Central, Belvidere Delaware, Morris & Essex Lebanon Valley, Philadelphia and Trenton, and all other roads will run excursion trains, notice of which will be published in handbills.

Persons desirous of exhibiting must make their entries on or before Tuesday, September 25th. For particulars, address A. B. Longaker, Secretary, Easton, Pa.

Special Notices.

REASONS WHY THE AMERICAN WATCH

Made at WALTHAM, Mass.

IS THE BEST.

It is made on the best principle. Its frame is composed of SOLID PLATES. No jar can interfere with the harmony of its working and no sudden shock can damage its machinery. Every piece is made and finished by machinery (itself famous for its accuracy), as well as that no other have ever given such universal satisfaction. The watch is what all mechanics should have—ACCURATE, SIMPLE, STRONG AND ECONOMICAL. Except some high grades, too costly for general use, foreign watches are chiefly made by women and boys. Such watches are composed of several hundred pieces, screwed and riveted together, and require constant repairs to keep them in any kind of order. All persons who have carried "anxious," "leaves" and "English Patent Levers," are perfectly well aware of the truth of this statement.

At the beginning of our enterprise, more than ten years ago, it was our first object to make a thoroughly good low-priced watch for the million, to take the place of these foreign impositions—the refuse of foreign factories—which were entirely unuseable at home and perfectly worthless everywhere.

How well we have accomplished this may be understood from the fact, that after so many years of trial, we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES and that no other have ever given such universal satisfaction. While this department of our business is continued with increased facilities for perfect work, we are at present engaged in the manufacture of watches of the HIGHEST GRADE KNOWN TO CHRONOMETRY, unequalled by anything hitherto made by ourselves, unsurpassed by anything made in the world.—For this purpose we have the amplest facilities. We have erected an addition to our main buildings expressly for this branch of our business, and have fitted it with the best workmen in our service. New machines and appliances have been constructed, which perform their work with consummate delicacy and exactness. The choicest and most approved materials only are used and we challenge comparison between this grade of our work and the finest imported chronometers. We do not pretend to sell our watches for less money than foreign watches, but we do assert with no fear of contradiction that for the same money our product is incomparably superior. All our watches, of whatever grade, are fully warranted and this warranty is good at all times against us or our agents in all parts of the world.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeit watches will be prosecuted.

ALLOCK'S POROUS PLASTERS.

WHOOPIING-COUGH CURED.

Cayuga, Hinds County, Miss. T. ALLOCK & Co.—Gentlemen: Please send me another six dozen of your Porous Plasters. They are in great demand here for Whooping-cough. They act like a charm. I could have sold two dozen this week if I had them. Send as soon as possible, and oblige. Yours respectfully,
JOHN I. WILLIAMS, P. M.

ASTHMA CURED.

Mr. Wm. May, of 245 Spring Street, New York, writes, Jan. 1, 1855: I have been afflicted with asthma for upwards of ten years, receiving no benefit from medical men. I was advised by a friend to try one of Allock's Porous Plasters. I said, I had tried several kinds of plasters without any benefit, and supposed they were all alike. My friend gave me one of Allock's and urged me to use it. I did so, and have now worn them steadily for nine months, and find myself better than I have been for many years.—Agency, Brandreth House, New York—Sold by Druggists.

DR. TOBIAS' VENETIAN LINIMENT.

AN INSTANTANEOUS REMEDY FOR

chronic rheumatism, headache, toothache, croup, colic, quinsy, sore throat, and pains in any part of the body. Remember, this article is a success—not an experiment; for 19 years it has been tested. No medicine ever had such a reputation as this; silently it has worked its way before the public, and all are loud in its praise. "Chronic rheumatism!" Thousands who laid their heads on a bed of agony, and never walked without the aid of crutches, with this complaint, can testify to the magical effects of this liniment. They are cured and proclaim its virtues throughout the land. Remember, relief is certain, and a positive cure is sure to follow. Headache of all kinds we warrant to cure. Putrid sore throat, quinsy, and diphtheria are robbed of their terrors by a timely use of the Venetian Liniment. It has saved hundreds the past three months. Price, 40 and 80 cents a bottle. Office, 56 Cortlandt street, New York.—Sold by all Druggists.
