UNION STATE TICKET.

FOR GOVERNOR, Major General JOHN W. GEARY, OF CUMBERLAND COUNTY. FOR CONGRESS, Gen. WILLIAM LILLY, OF CARBON COUNTY. FOR SENATOR, CHARLES F. ROCKWELL, OF WAYNE COUNTY. FOR REPRESENTATIVE, Maj. WILLIAM SCHOONOVER, OF MONROE COUNTY.

Don't forget that the Agricultural Fair commences on the 2nd and ends on the 5th of October. One of the attractions of the Fair will be the performances of the Star Minstrels, who will be on the grounds during the Fair.

The Phoenix.

We are pleased to learn that the "Grand Gift Distribution," for the benefit of the Phoenix Fire Company of our borough, promises to be a complete success. The certificates are selling quite rapidly, and to secure one of the valuable premiums, every body should make sure of a certificate by purchasing early. There could be no more praiseworthy object, none in which our citizens could have a deeper interest. It should be born in mind that the object of the enterprise is to assist the company in the erection of a suitable building in which to house their splendid apparatus, and every one should feel it a duty to contribute. Read the list of gifts to be disposed of, in this paper—remember that your dollars expended in their purchase go to beautify the town and add security to your property, and then purchase liberally.

Base-Ball.

STROUDSBURG VS. SAWKILL.

We give below the score of the second match game of base-ball, played between the first nine of the Sawkill Club of Milford, and the first nine of the Stroudsburg Club. The game was played on the grounds of the latter club, in this borough, on Saturday morning last. It will be seen that the Sawkills proved the better of the two in the match, but as the Stroudsburgers beat them in the first game, at Bushkill a few weeks ago, thus making them even, a third game will have to decide which is really the champion. The Sawkills are A. No. 1 chaps, and we have heard more than one of our boys express himself that it was a pleasure to play with them.

Table with columns for STROUDSBURG and SAWKILL, listing players and scores for various innings.

ORGANIZE.

Republican Union Men of Monroe county, we again urge you to the work of thorough and effective organization for the campaign in every township in the county. The skies never looked so bright for the spread of the good cause as they do now. Most cheering news comes to us, from all parts, of the ripening of the grain for the grand Union Harvest in October. You can see the evidence of it in countenances of our friends, as well as in the conduct of our opponents. Form clubs, hold meetings, circulate documents and, in short, let every man do his duty and the result will be such a surprise as you never dreamed of. The people are disgusted with the manner in which political popinjays and nincompoops have bamboozled them. They need but to have the way made plain to them to induce them to walk straight in the path of Republicanism—the only ism that can secure peace, contentment and prosperity to the country. Republicans: Leaders of bogus democracy call democratic meetings all over the county, and conceited ignorance, at the nod of those leaders travels miles to address those meetings, only to come home again, covered with the blackness of disappointment at having failed to find an audience to listen to their fanfarade of nonsense and lies.—This is an auspicious one to every true friend of his country. Up and at them, boys in blue—up and at them patriots, in whatever phase in life your lot may be chance to be. It needs but a shoulder to shoulder fight to redeem Monroe from the thralldom in which she has so long suffered, or, at least to place her far on the road towards that most desirable redemption. We can poll, at least, one thousand votes for Geary and the rest of our excellent ticket this fall. If we do not do it there will have been lamentable negligence somewhere. Let each Republican see that the blame lies not at his door.

THE TICKET.

We place at the head of our paper, this week, the names of the candidates placed in nomination by the Republican Union Conference held at Knecht's, on Thursday last. The ticket is such an one that no true friend of his country and its prosperity will hesitate to support, because every man upon it was a hard and hearty worker for the preservation of the Government at a time when to do so, was, in the eyes of the leaders of this latter-day democracy, a sin, and a reproach.

Gen. WM. LILLY, of Carbon, our candidate for Congress, was a democrat in the days of the purity of that party, and is a democrat still in spirit and in truth. His democracy, however, like the democracy of the noble Geary, would not suffer him to cahogue with traitors for the success of treason; and as a man of his noble character and ardent temperament could not brook standing out in the cold, when the services and means of men were wanting in the defence of the country, its constitution and laws, the war instituted by the secessionists for the dismemberment and destruction of the Union, found him a warm seceder of the sainted Lincoln in his earnest determination to quell rebellion. No man worked harder, or spent more liberally of his means to strengthen the government than did Gen. LILLY; and no man living this day more surely deserves the unfading support of every man, who believes that the cause of the country should be above party in the selection of the man who is to represent us in Congress.

CHARLES F. ROCKWELL, Esq., of Wayne, our candidate for Senator, is also a man of the times and for the times. We do not know what his political antecedents were before the war; nor does it much matter. We know that during the war he was for the Government all the time, and against treason and traitors.—While his democratic competitor was hesitating between two opinions for fear he should miss the popular one—while he was issuing and countermanding military orders by virtue of his holiday-militia-Generalship—while he was addressing Union League Meetings at Bethlehem (see Easton Sentinel about that time), and endeavoring here at home to stem the damaging effect of his efforts that way upon his political prospects—while he was mobilizing armies in speeches in the Court-House, and doing all in his power to prevent their mobilization outside of the Court-House—while he was advocating resolutions encouraging the government at one meeting in the Court-House, when he supposed that to do so was popular, and, at another time, advocating resolution encouraging to rebels, when he supposed that to do so was popular,—while he was opposing and befouling Gen. McCLELLAN, when loyal men had confidence in and were supporting him, and supporting Gen. McCLELLAN, when loyal men had lost confidence in him, and endeavoring to the wheel a firm and untiring supporter of every measure calculated to destroy rebellion, to give new life to the government, and to bring out of the chaos of a fratricidal war, a permanent and a lasting peace. Can any thing but the lash of party make men hesitate in a choice between such candidates? And will thinking men allow themselves to be made such slaves as to submit to that lash.—Democrats—ye who have hitherto suffered yourselves to be led by men who take to themselves the name, but do not possess a title of the capital of that time honored organization, the good old democratic party—you have until the second Tuesday of October in which to make your choice. Exercise the right untrammelled by any thing but a desire to do the best for your country, and CHARLES F. ROCKWELL will be sure to receive your vote.

Maj. WILLIAM SCHOONOVER, of Monroe, our candidate for Representative is well known to all of you. By occupation he is a hard working and successful farmer, and in all the relations of life he is known as an honest and praiseworthy man. When the country needed his services, in the Mexican war, he boldly marched forward and stood on the bulwarks at Buena Vista, and other bloody fields, as brave as the bravest among his country's champions. When the rebellion broke out he was among the first to espouse the cause of the Constitution and laws, and early in the war accepted a command in the service. He served the term for which he was called out with fidelity, and most reluctantly yielded to the demands of health shattered in the service and retired at its end. Mr. SCHOONOVER, possesses intelligence of no common order; and having been reared in the school from which our most successful self-made men are graduates, will, if elected, make a most faithful Representative of the best interests of the people in the Assembly of the State. People of Monroe county, such is the

ticket presented for your suffrage by the Conference at Knecht's. If you are true to your own best interests and the best interests of your country, you will go to the Polls on the second Tuesday of October and elect it most triumphantly. Bear in mind that the only true National Union ticket is that which will have on it

- For Governor, JOHN W. GEARY. For Congress, WILLIAM LILLY. For Senator, CHARLES F. ROCKWELL. For Representative, WILLIAM SCHOONOVER.

The Meeting.

The meeting at the Court-House, on Thursday evening last, was emphatically a rouser. Every part of the Court room was filled, and every face beamed with brightness, save that belonging to an occasional copperhead who had found his way into the building and took no encouragement from the augury which the tremendous outpouring forced upon his vision. The ladies, too, God bless them, were there in goodly numbers, and by their smiles and cheers gave encouragement to the men to fight on and fight manfully in the good cause of the redemption of the country from the last vestiges of rebellion. The meeting was organized by the appointment of H. C. LEVANY, WAY, President; FREDERICK KEISER and Gen. ROBERT BROWN, Vice-Presidents; and David S. Lee, Esq., Secretary.

The first speaker introduced to the meeting was Daniel Kalbfus, Esq., of Carbon county. Mr. K. is an eloquent, argumentive, and most effective speaker, and handled the principles involved in the campaign in a most able and convincing manner. Our limits will not admit of a report of what he said on the occasion, but being a near neighbor, we hope to both see and hear him often.

The next speaker was Dr. Doane, of Connecticut. Language would fail us did we attempt even a synopsis of this gentleman's effort. It is seldom that we allow the chord of our sympathy to be touched when an opponent, whom we know is carrying out his iniquity for the mere love of the sin, is being handled roughly; but the skinning inflicted by Dr. Doane was so merciless that we could not but feel that though the hypocritical political knaves who run the democratic machine were getting no more than they really deserved, there might have been a little let up, in the Doctor's manner of handling them. He literally tore the hide from their backs and exposed, in all its naked deformity the hollowness of their cant about negro suffrage, negro equality and the whole batch on their negrophobic catalogue, which constitutes their political capital stock. The Dr.'s points were perfectly invulnerable, and whether in their fears of nigger voting, nigger equality, their love of country, or in any thing else on which they base a claim to the support of the Union loving men and patriots, his proofs were beyond dispute, that all was hypocrisy and pretense. With others we regretted that such men as Daniel Kalbfus and Dr. Doane, could not be heard as we heard them, by all the people every where throughout our county, district and State. A richer display of eloquence and sound, logical reasoning was never heard in our Court-House.—The speeches occupied some three hours in their delivery, and yet at the conclusion no one was tired—no one wanted to go home. If the speeches had continued on all night they would have held the multitude as willing and attentive listeners.

Go and Hear Him.

Readers, the champion of rebels and of bogus democracy, Heister Clymer will be in town and address the people to-morrow. Go and hear him, and compare his sayings, with his votes and doings in the Senate chamber of Pennsylvania during the long years of the rebellion. Boys in Blue, he had no vote for you during those years; see if he attempts to lick the blarney stone in your behalf now. Patriots, he had no votes for you during all that time; see whether he does not have a guided word for you now. Honest supporters of Andrew Johnson, he had nothing but abuse for your leader at a time when that leader was doing the duty of a patriot throughout the country, but refused by word and speech to permit him to be heard in the Senate chamber of Pennsylvania; see if he has a word of praise for him now. In short, go and see the man, treat him civilly and hear what he has to say.

Superintendent Storm made one of his stunning speeches at Williamsburg, below the mountain, on Saturday evening last, which had the effect of making democrats mad at the thought of having any one attempt to cram so much nonsense down even their gullible throats, and the republicans jubilant over the manner in which it worked. The Republican Union men of that neighborhood want the Superintendent to come often and speak every time. His first speech operated so well, that they are strong in the faith that two or three more of the same sort will bring the Mount Bethelites to reason, and make Upper Mount Bethel a stronghold of Republican Unionism.

REPUBLICAN UNION CONFERENCE.

Pursuant to previous notice the Republican Union Conference, representing the counties of Northampton, Carbon, Monroe, Pike and Wayne, assembled at the house of Jacob Knecht, in the borough of Stroudsburg, on Thursday, September 13th, 1866. The following named gentlemen presented their credentials and took their seats in conference.

- Northampton—Dr. G. W. Lott, Wm. J. Micke, H. J. Reeder, H. C. Wolfe, and J. F. Thompson. Carbon—T. F. Walter, J. D. Bartollette and Daniel Kalbfus. Monroe—Wm. Davis, H. C. Levany and Theodore Schoch.

On motion, Wm. Davis, Esq., was elected Chairman, and Theodore Schoch, Secretary of the Conference.

On motion it was Resolved, That conference now proceed to nominate a candidate for Congress, whereupon On motion of T. F. Walter, Gen. WILLIAM LILLY, of Carbon, was unanimously declared to be the candidate of the Union Republicans of the 11th District for Congress.

On motion, the following named gentlemen, were appointed a committee to inform Gen. Lilly of his nomination, viz.: Messrs. Bartollette, Walter and Kalbfus, of Carbon. Messrs. Lott, Micke, Wolfe, Reeder, and Thompson, of Northampton, and Messrs. Davis, Levany and Schoch, of Monroe.

The Conference of Northampton having withdrawn, conference proceeded to nominate a candidate to represent the counties of Carbon, Monroe, Pike and Wayne in the Senate of Pennsylvania.

Whereupon, on motion, CHARLES F. ROCKWELL, of Wayne county, was unanimously declared to be the Republican Union candidate for Senator.

On motion, Major WILLIAM SCHOONOVER, of Monroe, was nominated by acclamation as the Republican Union candidate to represent the counties of Carbon and Monroe, in the House of Representatives, at Harrisburg.

On motion, conference adjourned sine die.

In his speech, on Thursday evening last, Dr. Doane told many startling and telling truths, which he particularly requested the speakers engaged to tell to the Democrats at the meeting, which was to have been held at Snedersville, on the following Saturday. Saturday came, and at about one o'clock, p. m., our neighbor of the Democrat, accompanied by a distinguished speaker, the Bombastus Furioso of the democratic tribe, started, with countenances illumined by the importance of their mission, for the scene of their oratorical labors. About three o'clock they returned home, with their countenances looking as though a heavy black frost had struck them. They had reached Snedersville in safety, but found no audience to preach to. The people had heard the nosensical yarns of modern democracy, poorly told, so often that they did not want to hear them repeated; and as they did not know of the good things which Dr. Doane had sent them greeting, they did not think worth while to turn out. After looking around and making deep calculations as to "how the cat would jump," in view of the evidence before them that their occupation was gone, the orators took "a heavy wet" or two, smiled grimly at each other and at the vacancy by which they were surrounded, and returned home wiser, and we hope, better men. On arriving in town, the distinguished, extinguished by the coolness of his reception at Snedersville, slipped slyly into his hotel and exchanged his Sunday-go-to-meetings for everyday wear, while our neighbor closed the proceedings of the day by quietly returning the horse and carriage to the livery.

Gen. Hartranft has been commissioned a Colonel in the regular army. If he accepts, as he probably will, a vacancy will be created in the office of Auditor General of this State.

Death of Hon. Josiah Randall. PHILADELPHIA, September 10.—Hon. Josiah Randall died at noon to-day, aged seventy-seven years.

Special Notices.

BLACK AS A CROW, a few years since, was many a splendid head that is now grey or grizzled. Why not restore to the yet unwrinkled brow its raven honors? Five minutes effects the splendid transformation. In less time than a rifleman would take to

Load and Fire three times, the greyest head may be made darker than the

RAVEN'S WING. No matter of what undesirable tint the hair or whiskers or beard may be, the change to a superb and perfectly natural black or brown is accomplished by one application of CRISTADORO'S HAIR DYE, without staining the skin or injuring the filaments. REASONS WHY THE AMERICAN WATCH

Made at WALTHAM, Mass. IS THE BEST. It is made on the best principle. Its frame is composed of SOLID PLATES. No jar can interfere with the harmony of its working and no sudden shock can damage its machinery. Every piece is made and finished by machinery (itself famous for its loveliness, as well as for its effectiveness) and is therefore properly made. The watch is what all mechanism should be—ACCURATE, SIMPLE, STRONG AND ECONOMICAL. Except some high grades, too costly for general use, foreign watches are chiefly made by women and boys. Such watches are composed of several hundred pieces, screwed and riveted together, and require constant repairs to keep them in any kind of order. All persons who have carried "accents," "impurities" and "English Patent Levers," are perfectly well aware of the truth of this statement.

At the beginning of our enterprise, more than ten years ago, it was our first object to make a thoroughly good low-priced watch for the million, to take the place of these foreign impostions—the refuse of foreign factories—which were entirely unsaleable at home and perfectly worthless everywhere.

How well we have accomplished this may be understood from the fact, that after so many years of trial, we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES; and that no other have ever given such universal satisfaction. While this department of our business is continued with increased facilities for perfect work, we are at present engaged in the manufacture of watches of the HIGHEST GRADE KNOWN TO CHRONOMETRY, unequaled by anything hitherto made by ourselves, unsurpassed by anything made in the world.—For this purpose we have the amplest facilities. We have erected an additional main building expressly for this branch of our business, and have fitted it with the best workmen in our service. New machines and appliances have been constructed, which perform their work with consummate delicacy and exactness. The choicest and most approved materials only are used and we challenge comparison between this grade of our work and the finest imported chronometers. We do not pretend to sell our watches for less money than foreign watches, but we do assert without a fear of contradiction that for the same money our product is incomparably superior. All our watches, of whatever grade, are fully warranted and this warranty is good at all times against us or our agents in all parts of the world.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeit watches will be prosecuted.

Mr. Wm. May, of 215 Spring Street, New York, writes, Jan. 1, 1866: I have been afflicted with asthma for upwards of ten years, receiving no benefit from medical men. I was advised by a friend to try one of Alcock's Porous Plasters. I said, I had tried several kinds of plasters without any benefit, and supposed they were all alike. My friend gave me one of Alcock's and urged me to use it. I did so, and have now worn them steadily for nine months, and find myself better than I have been for many years.—Agency, Brandreth House, New York.—Sold by Druggists. September 13, 1866.

Thousands who lacerate their backs with agony, and never walked without the aid of crutches, with this complaint, can testify to the magical effects of this liniment. They are cured and proclaim its virtues throughout the land. Remember, relief is certain, and a positive cure is sure to follow. Headache of all kinds we warrant to cure. Putrid sore throat, quinsy, and diphtheria are robbed of their terrors by a timely use of the Venetian Liniment. It has saved hundreds the past three months. Price, 40 and 50 cents a bottle.
