

The Jeffersonian

THURSDAY, OCTOBER 11, 1866.

The reply to "Justicia" is necessarily laid over until next week.

We would call the attention of Millers and Farmers to the advertisement of Cooper & Campbell, in another column.

The friends of the Presbyterian Church are invited to a "Sociable" of the "Ladies Society," at the house of Darius Dreher, on Friday evening, October 12.

We would call attention to the card of the Mount Vernon Hotel, in another column. The many friends of the genial proprietors, in this section, will be pleased to learn where to find them on making their usual business visits to the city.

We were agreeably surprised a few days ago, on going up town, at seeing the really beautiful Store Room which our friend C. B. Keller has finished off for himself, in the new building in course of completion on the old site of the Monroe Democrat office.

THE ELECTION.

The election passed off very harmoniously in this county. We prefer giving results alone this week, leaving figures for next week, when we can give them officially. The Copper Johnsons carried the Governor, Congressman, Senator and Representative by the usual majority.

John N. Stokes, Esq., of this borough, received his commission on Tuesday, re-appointing him to the Assistant Assessorship of the 5th Division, 11th Revenue District. The re-appointment is a compliment well earned by an efficient and gentlemanly performance of duty.

The display of manufactures from the Stroudsburg Mills, at the Fair, must have been truly gratifying to every one who has the manufacturing interests of the county at heart.

The drawing of the Phoenix Gift Distribution, came off, as per previous announcement, at the Fair House, on Friday last. The drawing was made by a committee selected by the ticket holders, and was proceeded with in the greatest fairness.

One of the neatest pieces of mechanism, if not the very neatest, on exhibition at the Fair, during last week, was a shifting-rail, top buggy, from the manufactory of Mr. H. Bunnell, at Blairstown, N. J.

"I have faith in the people," said Andrew Johnson. "We stand by Congress and its policy," said the people on Tuesday.

THE FAIR. The Seventh Annual Fair of the Monroe County Agricultural Society, came off on the 2d, 3d, 4th and 5th of October, inst. Better weather for the Fair could not have been manufactured to order.

The display was not as full as the most ardent friends of Agriculture, and its relatives, could desire, but there was a perfection about every thing exhibited, especially in the Fair House, which could not fail to afford encouragement for the agricultural reputation of Monroe, and lead to the hope for better things, in point of numbers, in the future exhibitions of the Society.

On the Course, the display was good. The trials of speed were well contested; and thousands looked on with breathless interest, while the Horses, entering into the spirit of the contest, strained every muscle to reach the goal first. We think an improvement could be made in the management of this, most exciting, portion of the exhibition.

The attendance at the Fair was about equal to that of last year, and, in a pecuniary point of view, it may be set down as a success. There was, also, a marked absence of the thimble riggers, and petty gamblers, who brought reproach on the Fair of last year.

The drawing of the Phoenix Gift Distribution, came off, as per previous announcement, at the Fair House, on Friday last. The drawing was made by a committee selected by the ticket holders, and was proceeded with in the greatest fairness.

The following are the names of the gentlemen who superintended the drawing of the Premiums:—Benjamin Bush and A. B. Burrell, Del. Water Gap; A. F. Eckert, Spragueville; S. Stillwell, Scranton; J. L. Wyckoff and R. Cress, Stroudsburg, Pa.

HOW OFTEN WE HEAR EXPRESSIONS of Patent Medicines, and in nine cases out of ten they may be right. It is over 19 years since I introduced my medicine, the VESPERIAN LINIMENT, to the public. I had no money to advertise it, so I left it for sale with a few druggists and storekeepers through a small section of the country, many taking it with great reluctance; but I told them to let any one have it, and if it did not do all I stated on my pamphlet, no one need pay for it. In some stores two or three bottles were taken on trial by persons present. I was, by many, thought crazy, and that would be the last they would see of me. But I knew my medicine was no humbug. In about two months I began to receive orders for more Liniment, some calling it my valuable Liniment, who had refused to sign a receipt when I left it at their store. Now my sales are millions of bottles yearly, and all for cash. I warrant it superior to any other medicine for the cure of Croup, Diarrhea, Dysentery, Colic, Vomiting, Spasms, and Sea sickness, as an internal remedy. It is perfectly innocent to take internally, see each accompanying each bottle,—and externally for Chronic Rheumatism, Headache, Mumps, Frosted Feet, Burises, Sprains, Old Sores, Swellings, Sore Throats, &c., &c. Sold by all the Druggists, Depot, 56 Cortlandt Street, New York. Oct. 11.—7w.
