An official report of Gen. Diaz tothe War. Department, stated that after the important victory he obtained at Miahuallan, in Oaxaca, on the 3d ult., he advance I aganist the city of Oaxaca, and invested it for eleven days. As he wasgetting ready to assault, he heard that an Austrian column of 1500 men was coming to protect the garrison. He, therefore, abandoned the city, and went to meet the column, and did so, at Carbonsia, at 11 A. M. on the 18th ult. The battle lasted until 7 P. M., when Gen. Diaz having obtained a complete victory, followed the enemy as far as Menos, nine miles from Carbonsia He took 396 Austrian, Polish and Hungarian prisoners, four rifled guns, over 600 carbines, and a very large supply of munitions.

He further states in his report that he

would march that very evening to Oax-

aca, to capture the garrison. Eighty-five

boxes, being a part of Maximilian's bag-

that he had taken for his own use several

valuable old paintings and Mexican relics.

Letters from the City of Mexico state

Some very sagacious prophecies have

been made in regard to the year 1867. As

nacs, we will give a few for the benefit of-

one to every maiden who gets married .-

Throughout the whole course of the year,

whenever the moon wanes, the nights will-

grow dark. Whoever is in love this year

will think his sweet-heart an angel. Who-

ever gets married will find out whether it.

is true. If a young lady happens to blush

she will look red in the face. If she

dreams of a young man three nights in

The year 1867 will be a very eventful

gage, have arrived at Vera Cruz.

Do it Well.

Whatever you do, do it well. A job slighted, because it is apparently unimportant, leads to habitual neglect, so that men degenerate, insensibly, into bad work-

"That is a good, rough job," said a foreman, in our hearing, recently, and he meant that it was a piece of work, not elegant in itself, but strongly made, and well put together.

Training the hand and eye to do work well, leads individuals to form correct habits in other respects, and a good workman is, in most cases, a good citizen. -No one need hope to rise above his present situation who suffers small things to pass by unimproved, or who neglects, metaphorically speaking, to pick up a cent because it is not a dollar.

Some of the wisest law makers, the best statesmen, the most gifted artists, the most merciful judges, the most ingenious mechanics, rose from the great mass.

A rival of a certain great lawyer sought to humiliate him publicly, by saying : ---" You blacked my father's boots once." "Yes," replied the lawyer, unabashed, "and I did it well." And because of doing mean things well, he rose to greater. Take heart, all who toil! all youths in humble situations, all in adverse circum-

He a two cent stamp. states that in the course of three years he has met, among eighty three inveterate smokers, twenty-one instances of intermittence of the pulse occuring in men from twenty-seven to forty-two years of of some importance, is certainly a natural those who to-day are men of influence and age, and not to be explained by organic lesion of the heart. The abscence of capable of inducing intermission of the action of the heart, and the fact that, in nine of these instances in which the use of tobacco was abandoned, the normal action of the organ was restored, M. Decaisne believes will justify him in concluding that in certain subjects the abuse of tobacco may give rise to conditions which may be termed " narcotism of the heart," characterised by intermission in the movement of that organ and the pulsation of the radical artory; and in some cases a suspension or diminution in the practice of smoking is sufficient to cause the entire disappearance of this irregularity .- Medical Times and Gazette.
