

REASONS WHY THE AMERICAN WATCH Made at WALTHAM, Mass. IS THE BEST.

It is made on the best principle. Its frame is composed of SOLID PLATES. No jar can interfere with the harmony of its working and no sudden shock can damage its machinery. Every piece is made and finished by machinery itself famous for its novelty, as well as for its effectiveness and is therefore properly made. The watch is what all mechanism should be—ACCURATE, SIMPLE, STRONG and ECONOMICAL. Except some high grades, too costly for general use, foreign watches are chiefly made by women and boys. Such watches are composed of several hundred pieces, screwed and riveted together, and require constant repairs to keep them in any kind of order. All persons who have carried "swiss," "leipzig" and "English Patent Levers," are perfectly well aware of the truth of this statement.

At the beginning of our enterprise, more than ten years ago, it was our first object to make a thoroughly good low-priced watch for the million, to take the place of these foreign impositions—the refuse of foreign factories—which were entirely unsaleable at home and perfectly worthless everywhere. How well we have accomplished this may be ascertained from the fact, that after so many years of trial, we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES and that no other have ever given such universal satisfaction. While this department of our business is continued with increased facilities for perfect work, we are at present engaged in the manufacture of a watch of the HIGHEST GRADE KNOWN TO CHRONOMETRY, unequalled by anything hitherto made by ourselves, unsurpassed by anything made in the world. For this purpose we have the most complete facilities. We have erected an addition to our main buildings expressly for this branch of our business, and have fitted it with the best workmen in our service. New machines and appliances have been constructed, which perform their work with consummate delicacy and exactness. The choicest and most approved materials only are used and we challenge comparison between this grade of our work and the finest imported chronometers. We do not pretend to sell our watches for less money than foreign watches, but we do assert with no fear of contradiction that for the same money our product is incomparably superior. All our watches, of whatever grade, are fully warranted and this warranty is good at all times against us or our agents in all parts of the world.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeit watches will be prosecuted.

IMPORTANT QUALITIES.—BRANDRETH'S PILLS, SO STIMULATE, all the interior powers of the system that every poison or impurity is forced from the blood into the bowels, and thus passes off. Recent cases of sickness will often be cured by the effect of 6 or 8 Brandreth's Pills, which, when the operation is full and complete, leave the blood as free from poisonous and unhealthy matter as that of a new-born babe. In colds, inflammatory diseases, and even in cholera, their use restores to health sooner than all other remedies, because they take from the blood and bowels those matters upon which pains, cramps, and aches depend for continuance.

Captain Isaac Smith, of Sing Sing, says, thirty of Brandreth's Pills, taken according to directions, cured him of a very severe bronchial affection after other means had failed, and he wishes his numerous friends to know the fact.

PATENT WHITE WIRE FOR Clothes Lines.

I BEG leave to call your attention to an entirely new quality of Wire, known as White Wire, possessing a coating which prevents it from ever corroding, or turning from its uniform whiteness, during any number of years, and on which Letters Patent have been secured. It has been found to be the only article suitable for a clothes line, except the old fashioned rope or cord, which always gives so much trouble and annoyance, by breaking, rotting out and discoloring clothes, and by being obliged to put it up and take it down every time used. With this Wire Clothes Line you have none of these annoyances, as when it is once put up it gives you no more trouble until the stakes or posts to which it is attached rot down. After using it, we are confident you will fully corroborate the statements of thousands of others in its praise. Over 160,000 lines have already been sold, and every family should and will have one. It will not change though you may keep it under water for any length of time, hence you see it cannot discolor clothes like a rope or cord.

Sold, Wholesale and Retail, by **T. W. CUTLER, Agent for the White Wire Company.** Stroudsburg, January 3d, 1867.—t.

MAKE WAY! GOOD NEWS FOR ALL IN SHAPE OF New Goods at Stormsville.

THE subscriber takes pleasure in informing the public, that he has just opened the largest and best selected stock of Goods, at his old stand in Stormsville, Pa., ever brought into Monroe county, and that he has determined to dispose of them at prices, much cheaper than they can be bought at any other establishment, whether in town or country. His stock comprises, in almost endless variety, and of the best quality, DRY GOODS,

NOTIONS, HARDWARE, QUEENSWARE, GROCERIES, DRUGS, MEDICINES, &c., &c.

He has, also, on hand a very large assortment of new and fashionable

Boots and Shoes, both city and home-made, all of which he will dispose of at prices which will make purchasers wonder. Look at a few of the prices at which I am really giving away goods, and you cannot fail to be convinced that my store, in Stormsville, is the place at which to secure rare bargains:

PRINTS from 10 to 22 cents per yard, MUSLINS from 15 to 25 " " yard, De LANES from 25 to 35 " " yard, and all Woolen goods at figures proportionately low.

Boots and Shoes very low—home-made at least 50 per cent. below Stroudsburg prices. SUGARS from 10 to 17 cents per pound, MOLASSES from 50 cts. to 81 per gal. In short, all articles in my line far below the monopoly prices which have heretofore prevailed.

The excitement growing out of these great reductions has already begun, but come one, come all, my stock will always be found full up to the demand.

BUTTER, EGGS, and country produce generally will not be refused in exchange for goods, and the highest market prices allowed.
