

# The Jeffersonian

THURSDAY, MARCH 7, 1867.

The Hon. M. Russell Thayer, M. C., has laid us under obligations for Congressional documents.

William S. Rees has sold 10 acres of land, near the Stroudsburg Depot, to the Rev. Henry Anson Buttz, of Patterson, N. J., for \$1,000.

David S. Lee, Esq., was on Friday last admitted to practice in the several Courts of Monroe county. Mr. Lee is a young gentleman of fine abilities, a close student, and in every way qualified to win distinction in his profession.

We would call attention to the advertisement headed "Money Wanted." The property offered as security is among the best and most valuable in the borough, and is abundantly ample to cover the amount. Capitalists cannot find a safer investment.

Base-Ball. The first regular meeting of the Stroudsburg Base Ball Club will be held at the office of J. B. Storm, Esq., Thursday, March 7th inst., at 7 o'clock, P. M. A full attendance is requested. D. S. LEE, President.

A Concert and Exhibition, will be given by the pupils of Mrs. Carr and Miss Miller, at the Court-House, Monday and Tuesday evenings, March 11th and 12th. Admission, twenty-five cents. A New-York Union Piano-Forte, will be used at the Concert, and is offered for sale.

Messrs. Philip Miller & Son, are now stocking their ware-room, at the head of Main-st., with an extensive stock of superior furniture, which they offer at reasonable prices. Their line embraces cabinet making, undertaking and machine sawing, turning and planing. They design giving particulars next week.

The Rev. J. H. Alday, of the Methodist Church, left town on Monday last, preparatory to his attendance on Conference, which assembles at Harrisburg, on the 14th inst. During his absence we learn that his pulpit will be supplied by the Rev. F. Wolfe, of New York city, a clergyman well known in this section of country for his fervid eloquence and zeal.

The fifth Lecture, and the last of the course, at the Presbyterian church, will be delivered on Tuesday evening next, by Wm. C. Cattell, D. D. LL. D., of Boston. Subject—"Jerusalem and adjacent country." As the lecturer will be a telling of what the distinguished lecturer saw, it can not fail to prove of unusual interest.

The President last week sent two veto messages to Congress, one of the Reconstruction bill, and the other of the Official Tenure bill. Congress, in turn, vetoed the President's Veto by passing both bills by the two-thirds vote necessary to make them laws of the land.

The first session of the Fortieth Congress, commenced, at Washington, on Monday last. The House was organized by the election of the Hon. Schuyler Colfax, Speaker, by a vote of 127 to 30 for Marshall, Democrat. Two members elected by the Democrats, Messrs. Stewart and Robinson, both of New-York, voted for Colfax.

Hotel Changes. Barnet Mansfield sold his hotel property, the Indian Queen, in this borough, to Mr. Uriah Sandt, of Forks township, Northampton county. Mr. S. takes possession on the 1st of April. Bush & Brother sold their Washington Hotel property, in the lower end of the borough, to \_\_\_\_\_ of New Jersey, and yield possession on the 1st of April.

Improvements. We observe that Mr. Amos Shoemaker, has commenced the erection of a new dwelling house on his lot on Bark-street. The building is to be a plank house, two stories high. Dr. Sydenham Walton has enclosed, and under roof, a large double frame house, on the site of the buildings which were burned down, on Bark-street, last summer. J. S. Williams & Co. have broken ground for their new brick rectifying establishment, at the corner of Monroe and Green-streets. In East Stroudsburg, several important additions, in way of buildings are also to be made. Mr. George Mann has already broken ground for a new dwelling, and others are soon to follow. Both in the borough and East Stroudsburg, the demand for dwellings is greater than was ever known before, and we are pleased to be able to notice the fact that our capitalists are moving to meet the demand.

### Court Proceedings.

We last week announced the organization of the several Courts of Monroe county for February Term. The following business was transacted:—

*Henry Fisher vs. Ihabod Price.*—Defendant confessed judgment for \$170.61.

*Mary Newhart by her next friend William Searfess vs. Joseph Newhart.*—Application for Divorce. John B. Storm appointed to take testimony in case. Robert Warner was appointed Constable of Tobyhanna township for unexpired term.

*Commonwealth vs. Maurice Kellher and Susan Kellher.*—Indictment, Larceny. — This was an action against parties who converted a school-house in Stroud township into a bridal chamber, and appropriated the books of the scholars to help pay expenses on the voyage matrimonial. Maurice pleaded guilty, and was sentenced to pay a fine of \$10, pay costs of prosecution, restore the stolen goods, and undergo an imprisonment in the county jail for 10 days. Susan threw herself upon the mercy of the Jury and was acquitted.

*Commonwealth vs. John Keller.*—Indictment for Assault and Battery on oath of Thomas Carey White. — Defendant pleaded guilty, and was sentenced to pay a fine of \$1 and costs of prosecution.

*Solomon Hill vs. Benjamin F. Horton.*—Verdict for plaintiff in sum of \$33.76.

*A. A. Shumway & Co. vs. Jerome Fenner.*—Verdict for plaintiff in sum of \$199.41.

*Truman H. Porter & Higley vs. Jerome Fenner.*—Plaintiff takes non suit.

Hotel Licences were granted to the following named persons:— John Thomas, Stroud township. Josiah Dowling, Tobyhanna township.

The following named gentlemen were appointed to audit the respective accounts named:— Thomas M. McIlhenny, the account of John S. Fisher, Administrator of Edward Hawk, deceased. Thomas M. McIlhenny, the account of Joseph Troch, Administrator of Joseph Alteneose, deceased.

Stephen Holmes, jr., the account of Jacob K. Shafer, Administrator of Peter G. Kunkle, deceased. John B. Storm, the account of Charles H. Bartholomew, Administrator of Nathan B. Everitt, deceased.

*Sarah Ann Marvin by her next friend George Jacob Miller vs. Henry E. Marvin.*—Action for Divorce. —Verdict for plaintiff.

*Gruber vs. Wallace & Co. vs. Sydenham Walton.*—Appeal. —Rule on defendant to plead within ten days after notice of Rule or Appeal to be dismissed.

*Susan Emeline Walter by her next friend Linford Marsh vs. Charles S. Walter.*—Divorce. —Court awarded an alias subpoena, returnable to next term. The Sheriff acknowledged the following Deeds in open Court:—

To Wm. Wallace, for lot of land in Stroud township, containing one acre, sold as the property of Abraham Rhodes, for \$200.

To Joseph Kempf, for tract of land in Poocono township, containing 116 acres and 75 perches, sold as the property of Joseph Kempf and Mary Maltman, for \$629.

To John Boys, for lot of land in Stroudsburg, sold as property of Watson Jones, for \$115.

To Joseph N. Stright, for a lot of land in Barrett township, containing 40 acres, sold as the property of Simon N. Stright, for \$80.

To Henry Green, several tracts of unseated lands, sold as the property of Jas. H. Walton, for \$403.

*Nolle prosequi* were entered, upon payments of costs, in Commonwealth vs. Depue S. Miller, and Commonwealth vs. Jacob Frederick.

The exhibitions—tableaux, charades, music, &c.—by the pupils of Miss Malvin's school, on Monday and Tuesday evenings, at the Court-House, were splendid affairs; reflecting credit alike on both teacher and pupils. They really deserve an extended commendatory notice, which we are compelled to forgo the pleasure of writing only because of the sparsity of room in our columns. Professional artists could hardly have excelled the masters and misses who took part, and so greatly distinguished themselves, in the exhibition. The Court-House was literally jammed on both evenings, and numbers more of our citizens would have been present had there been space in the room to hold them. Had we a hall sufficiently large to afford room for all who desired to attend, the necessity for which was clearly demonstrated on Monday and Tuesday evenings, the receipts would be materially increased by the greater frequency with which exhibitions would be demanded; and thus school, church, and charitable interests could be rapidly advanced in our borough, and our citizens amused in a manner from which no possible evil could flow. — We but express the earnest wish of the public when we ask for a repetition of these exhibitions at an early day, even in the contracted Court-room.

### Course of Lectures.

A course of Lectures, under the auspices of the ladies of the Presbyterian church will be commenced, on Tuesday evening, January 29th, 1867. The following distinguished gentlemen have been engaged, and will lecture upon the subjects named:—

Tuesday evening, March 12th, 1867, Wm. C. Cattell, D. D. LL. D., of Easton, Pa. Subject—Jerusalem and Adjacent Country. Illustrated.

Tickets for the course, \$1.00; single tickets, 25 cts.; children under 12 years, half price.

Tickets may be had of either of the undersigned committee, or at Brown & Keller's Jewelry Store, or at the Drug Store of either Wm. Hollishead, Dreher & Bro., or Detrick & Williams.

Proceeds to be applied to the benefit of the church. REV. B. S. EVERITT, JOHN B. STORM, S. HOLMES, JR., Committee.

### Narrow Escape.

Miss Sarah Melick, employed as a weaver in the Woolen Mills, in this borough, made a narrow escape with her life on Monday evening. She had just stopped her loom, preparatory to quitting work for the day, when, as she extinguished her light, the lamp (kerosene) exploded, scattering the burning oil over her head, neck and shoulders. Owing to the presence of mind of her companions, who enveloped her at once in a piece of woolen cloth, her life was saved, and she escaped with slight burns on her neck, shoulders and hands. The burning oil on the floor and loom, for a time, threatened the destruction of the Mills, but after some little labor it was happily extinguished.

### State Loan.

The Treasurer of the Commonwealth has advertised a loan of \$23,000,000.— This is to take the place of the loan for some time and now falling due, and the rate of interest is to be either five or six per cent, as bidders shall elect.— The bonds will be issued for sums of fifty dollars, and such higher sums as bidders may desire, and be made redeemable in five, ten, fifteen and twenty-five years.— The State finances having been placed in a most flourishing condition, this loan should become a popular one with the people. Guardians, and Executors of Trusts can invest in this loan without an order of Court.

Mr. Wm. Bloom, long a resident of our borough, and well known to many of our citizens, now residing in Scranton, met with a streak of bad luck, in that city of stamps, mud and "magnificent distances," last week. His wheelwright shop with all his stock, tools and finished work were destroyed by fire. He had a partial insurance on the establishment, independent of which his loss will be somewhere in the neighborhood of \$1,500. The fire was doubtless the work of an incendiary.

Prof. James G. Clark, the Vocalist and Composer, says, "I have used BLADE'S EUPHONIAL LUBRICATORS with admirable effect, and would recommend them in preference to any 'Troche,' 'Wafers' or 'Lozenges,' now before the American people, not only for their immediate healing and strengthening effect upon the vocal organs, but also because they produce no irritation of the stomach. For sale by all Druggists.

### Fast Living.

In this age of luxurious living, late suppers, and rich food, it is surprising that the stomach performs its functions as well as it does. COE'S DYSPEPSIA CURE will be found a valuable assistance to the stomach; when loaded with late suppers, rich food, or any indulgence or excess, it will instantly relieve that feeling of heaviness after eating.

Another star has been added to the firmament of States. Nebraska is now a sovereign State. Her Senators and Representatives were sworn in last week.

### Belvidere Delaware Railroad.

We learn from the U. S. Railroad Register, that this road is to be extended to Port Jervis, which will put the Camden and Amboy Railroad interest into close connection with the Erie Railway, and also the road which will be built from Port Jervis, parallel with the Delaware and Hudson Canal, to the Hudson River, whence there will be direct communication up the west side of the Hudson river to Albany and the St. Lawrence.— The Register, in connection with the announcement, give the following particulars in reference to the grade of ascent:— The Belvidere Delaware Railroad grade at Phillipsburg, 51 miles from Trenton, is 164 feet above tidewater; the Erie Railway grade at Port Jervis, 72 miles above Phillipsburg, is 441 feet above tidewater; grade of Erie Railway at Deposit, 89 miles from Port Jervis, 1,093 feet above tide; grade of Erie Railway at Summit, between Delaware and Susquehanna rivers, 7 miles west of Deposit, 1,373 feet above tide; total rise in the grade of the Erie Railway in 96 miles along the Delaware river, between Port Jervis and the Delaware-Susquehanna Summit, 932 feet.

A laboring man in Providence, R. I., has been fined and sent to jail for ten days, for falling asleep in church. The Providence Journal thinks the minister ought to be fined for not preaching so as to keep him awake.

### Another Woman Murdered in New-Jersey.

On Monday last the wife of Dr. Lester Coriell, of New Market, Middlesex County, 7 or 8 miles from New Brunswick, was brutally murdered in her own house, during the absence of her husband, who had been called away to attend a patient. The few particulars which have come to hand, are substantially as follows:—

Just after the Doctor left home, two strangers called at the house, and inquired if he was in. The servant girl replied he was not, and the men left. Late in the evening they returned, and woke Mrs. Coriell, who went to the door. As soon as she opened the door one of the men seized her by the throat and attempted to stifle her screams.

The servant girl hearing her noise, seized an infant and fled through the rear door. She immediately ran to the next house, which was occupied by a Methodist clergyman, and, after much difficulty, succeeded in arousing him.

On reaching the scene, the minister discovered that the house was on fire.— He entered, and finding the smoke very dense, he placed himself upon the floor to avoid suffocation, when his hand came in contact with the body of Mrs. Coriell, which was partially covered with blood. The corpse was taken from the room, when it was found that she had been strangled, and also stabbed in the breast. Fortunately the flames were quickly extinguished by the neighbors, several of whom had been aroused by the alarm which was made. The girl was so confused by the fright, that she failed to take particular notice of the murderers, remembering only their apparent size, and the fact that one of them had black whiskers.

LATER PARTICULARS. Conductor Doughty, of the Central Railroad, who passed through New Market Tuesday afternoon, reports the following particulars connected with the murder of Mrs. Coriell, which are confirmed by other parties:—

An investigation was commenced Tuesday afternoon, when a physician from Plainfield made a post-mortem examination of the body. He found ten stabs on the body, head and neck. The wound that caused death was in the neck, which severed the jugular vein. There were also visible the prints of four upper teeth, and from the fact that no robbery had been committed, or any apparent attempt at one, the Doctor at once suspected the servant girl. He accordingly made an examination of her mouth, and found that she had four upper teeth exactly corresponding with the imprint of the teeth on the neck of deceased. The young woman was at once taken into custody, to await the result of the investigation. —*Sussex Register*, February 25.

When such representative men as Reverdy Johnson in the National Senate, and Governor Orr and Ex-Governor Brown of South Carolina and Georgia, publicly advocate the adoption by the Southern States of the conditions set forth in the Reconstruction bill just passed by Congress, it is proof that the legislative body of the nation has acted wisely. It has done what was necessary to make itself respected as the law-making power, not subordinate to the individual pleasure of the Executive. The declarations of these men show that ere long, if not held back by the sinister counsels of those who would still cherish the spirit of treason for the accomplishment of political ends, the masses of the Southern people will cheerfully conform to what Congress has now signified to be the ultimate basis of restoration. The principles of the Constitutional Amendment, supported by the establishment of universal suffrage, will give to the country that guarantee of future safety and peace without which there can be no final reorganization of the Rebel communities. The examples of lawlessness and persecution of Union men in the South are too many and too recent to be ignored. The loyal people who stand behind Congress will never consent that such a barbarous condition of society shall be perpetuated in any part of the country. They further demand that the freedman, whose shackles have been broken by the act of the nation, shall be unrestricted in his personal liberty, and shall be treated as a man and not as a brute.— That the fidelity of Congress will at last secure these ends cannot be doubted.— The present attitude of a number of Southern leaders shows that the leaven of regeneration is at work, and it will not surprise us if the entire South shall have been "reconstructed" upon the basis of equal rights for all before the end of the present year.

The New Jury Law, just passed by our Legislature, provides for the election of two Jury Commissioners in each county in the State, whose duty it shall be to meet at the county seat thirty days before each term of Court, in order to draw jurors for each term. These Jury Commissioners are to be chosen at the election next fall, each qualified voter casting a ballot for one person for the office, and the two receiving the highest number of votes to be elected. They are to serve three years, and to be paid out of the county treasury, at the same rate per day as County Commissioners are paid in the same county.

Family Poisoned. On last Wednesday evening, soon after having partaken of supper, Mr. Jacob Stuber, living in Centre street, together with his wife and four children, were suddenly taken sick. A physician, who was called in, found that they had partaken of poison, but how, they are unable to say. It is supposed, however, that the butter used by the family must have been colored with some poison, as the two youngest children, who are not in the habit of eating butter, were not affected. The family is doing well, and hopes are entertained of their entire recovery.—*Bethlehem Times*.

Norristown, Montgomery county, seems to be infested with robbers and house burned. Our exchanges from that borough are filled with long accounts of all manner of depredations committed by these outlaws.

### The first election under the District of Columbia suffrage bill was held at Georgetown on Monday of last week, when a new Mayor and Common Council were chosen.

The occasion was one that was watched with intense interest by the friends and opponents of universal suffrage, as it was the first practical example of the former and the discomfiture of the latter, the election passed off quietly and peaceably, the negroes casting their votes with as much dignity and discrimination as if they had been accustomed to doing so all their lives. A strong force of policemen were on hand to prevent any riotous action on the part of the Rebels and Copperheads who form a majority of the white population of Georgetown, but no outrages were attempted. About two thousand votes were cast, the proportion being about twelve hundred whites to eight hundred blacks. Charles D. Welch, the Radical candidate, was elected Mayor by ninety-six majority, with seven out of the eleven Councilmen.

Encouraging. The farmers generally are in excellent spirits with regard to the wheat crop.— It is believed that it has now taken such a hold, under the protection of the snow, that the "March freezes," "rust," "weevil," or the whole army of "craokers," will not be able to make it a failure. We trust that this may prove true. The prospects certainly was never better.—*Exchange*.

A YOUNG LADY returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen.— Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any lady's toilet. By its use any lady or gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficiency in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. ### REDUCTION IN PRICE OF THE AMERICAN WATCHES, MADE AT WALTHAM, MASS.

In consequence of the recent great decline in gold and silver and all the materials used in the manufacture of our goods, and in anticipation of a still further decline, we have reduced our prices to as low a point as they can be placed.

With Gold at Par, so that no one need hesitate to buy a watch now from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of More than 200,000 Watches, have given our productions the very highest rank among timekeepers. Commencing with the determination to make thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together, we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover over three acres of ground, and give accommodation to more than eight hundred workmen.

We are fully justified in stating that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade-marks engraved on the plate:—

1. "American Watch Co." Waltham, Mass.
2. "Appleton, Tracy & Co." Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Elbery."
5. "OUR LADIES' WATCH of the first quality is named "Appleton, Tracy & Co." Waltham, Mass.
6. "Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade marks or price, ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that unlike the guarantee of a foreign maker who can never be reached, this warrant is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham, are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeit will be prosecuted. ROBBINS & APPLETON, AGENTS FOR THE AMERICAN WATCH COMPANY, 182 BROADWAY, N. Y.

SCHEWENCK'S SEAWEED TONIC. This medicine, invented by Dr. J. H. SCHEWENCK, of Philadelphia, is intended to dissolve the food and make it into chyme, the first process of digestion. By cleansing the stomach with Schewenck's Mandrake Pills, the Tonic soon restores the appetite, and food that could not be eaten before using it will be easily digested. Consumption cannot be cured by Schewenck's Pulmonic Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWEED TONIC and three or four boxes of the MANDRAKE PILLS will cure any ordinary case of dyspepsia.

DR. SCHEWENCK makes professional visits in New York, Boston, and at his principal Office in Philadelphia every week. See daily papers of each place, or his pamphlet on consumption for his days for visitation.
