### SIFTING ASHES MADE EASY.

Every housekeeper knows that the process of sifting Coal Ashes is attended with much inconvenience and annoyance from dust, &c., and unless the ashes are sifted much coal will be wasted that can be used after sifting. In the American Cooking Stove this disagreeable process is entirely overcome by the ingenious arrangement of an ash sifter, in the hearth or ash box, of the stove, by means of which after the grate is dumped into the ash box the ashes can be sifted in a moment, with the ash box all closed, and without any dust in the room, and the coal and cinders are all retained in a separate apartment, and can be returned to the fire chamber, or be removed elsewhere, and the ash pan can then be removed containing the ashes without any dust whatever. This arrangement does away with the old fashioned ash sifter, and must commend itself to all, and is another long stride towards perfection, and must add largely to the already extended reputation of this deservedly popular stove. This improvement is fully secured by letters patent.

### Rheumatism Shorn of its Terrors.

**THE LAME MADE TO WALK!**

THE undersigned announces to those afflicted with Rheumatism, no matter of how long standing, that he has discovered a sovereign cure for that painful complaint, no matter in what form it attacks the patient. His remedy consists of a combination of herbs, which, prepared and used according to direction, will be sure to drive the disease out of the system, and affect a speedy and permanent cure. It has been tried by a number of persons in this section of country with invariable success, as certificates in his possession will show. Afflicted, you have now a means of relief on which you may safely rely. Try it and be convinced that hopelessness is no longer a word rightfully to be used in connection with Rheumatic complaints.

I will furnish the herbs, with full directions for the preparation and application of the remedy, or I will call on the afflicted at their homes and apply it for them as they may desire. For particulars apply, in person or by letter, to

JACOB H. BUTTS,  
Stroudsburg, Pa.

Read the following Certificate.

STRODSBURG, Pa., }  
March 19, 1866. }

I, JOHN NIXON, do certify, that about the 1st of September, 1864, I was attacked with Rheumatism, and was confined to the house, and most of the time to my bed, for seven months, suffering great pain all the while. During the time I doctored with three Doctors without receiving any relief. I had suffered all that it was possible for mortal to suffer, and had about made up my mind that my case was hopeless, when Mr. Jacob H. Butts called to see me and offered me a cure of his own discovering. I tried his remedy using it on a Thursday evening, repeated the trial on Friday, and, to my great joy and relief, was able, on Saturday, to walk half a mile and back. Since then I have enjoyed good health.

JOHN NIXON.
