THURSDAY, JUNE 6, 1867.

John Shively, Esq., has sold his property, purchased of Daniel Peters, some two years ago, in this borough, to Mrs. Rebecca Drinker.

The Monthly Report of the Agri cultural Department is on our table, and is filled with most valuable experimental and statistical information. We are in debted to the Hon. Isaac Newton, Com missioner, for the copy before us.

Christie Hiller has added a Piano Fort to the attractions of his Saloon. The in strument is both handsome and excellent in tone, and, manipulated by a professor of the divine art, discources music most eloquently. Christie is, undoubtedly, man of enterprise.

The lull, last week, in the al most continuous rain, with which we have been blessed nearly all spring, was made good use of, by our farmers, in get ting in their corn, potatoes, &c. The storm of Sunday last, however, shows that the water is not all down yet.

The names of the parties killed and injured by the railroad accident, of which we made mention last week, are T. Howell, engineer, and Alfred Maynard, fireman, killed, and William Ace. brakesman, badly injured. Ace, it is said, will recover.

Buck Beer, Schweitzer and Limberger Case, and all the other delicacies of the season, accompanied with music on the Piano Forte by skillful performers, will be on hand at Christie Hiller's Saloon on Saturday next. Lovers of good things should make a note of this.

The new Time Table of the Del Lack. & Western Railroad, was received just as we were going to press. It will appear next week. The only material change is in the time of starting from Philadelphia, which is at 8 a. m. instead of 7:30 as heretofore.

The Liberals under Jaurez have at last captured Maximilian and his government; and fears are entertained that the Liberals, acting upon the example set by Max., when in power, will retaliate by shooting the Emperor and all his chief officers .-Our Government has interposed to save the lives of the prisoners, and, it is to be hoped, will be successful.
