From Emery Edes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community." Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Mrs. Jane E. Rice, a well-known and much-estermed lady of Dennisville, Cape May Co., N. J. "My daughter has suffered for a year past with a scrofulous cruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

83999 97
It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA." Erysipelas - General Debility - Purify the

> Blood. From Dr. Robt. Sawin, Houston St., New York. "DR. AYER. I seldom fail to remove Eruptions and Scrofulous Sores by the persevering use of your Sarsaparilla, and I have just now cured an attack of Malignant Erysipelas with it. No alterative we possess equals the Sarsaparilla you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Syphilis and Mercurial Disease. From Dr. Hiram Sloat, of St. Louis, Missouri. "I find your Sarsaparilla a more effectual remedy for the secondary symptoms of Syphilis and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"Dr. Ayer. My dear Sir: I have found your Sarsaparllla an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yell to other remedies. I do not know what we can enter to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. From the well-known and widely-celebrated Dr.
Jacob Morrill, of Cincinnati.

"I have found your Sarsaparilla an excellent alterative in diseases of females. Many cases of Irregularity, Lencorrhea, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment." THE UNION PACIFIC

RAIL ROAD CO. Are now constructing a Railroad from

OMAHA, NEBRASKA, .. westward towards the Pacific Occan, making with its connections an unbroken line ACROSS THE CONTINENT. The Company now offer a limited amount of their

FIRST MORTGAGE BONDS

having thirty years to run, and bearing annual interest, payable on the first day of January and July, in the City of New York, at the rate of

SIX PER CENT. IN GOLD,

Ninety Cents on the Dollar-This road was completed from Omaha 305 miles west on the 1st of January, 1867, and \$11,557 21 is fully equipped, and trains are regularly running over it. The Company has now on hand sufficient iron, ties, etc., to finish the remaining portion to the eastern base of the Rocky Mountains, 212 miles, which is under -\$11.565 29 contract to be done September 1st of this 88 08 year, and it is expected that the entire road will be in running order from Omaha to its western connection with the Central Pacific. now being rapidly built eastward from Sac-

ramento, Cal., during 1870. MEANS OF THE COMPANY. Estimating the distance to be built by the Union Pacific to be 1,565 miles, the United States Government issues its Six per cent. Thirty-year Bonds to the Company as the road is finished at the average rate of about

\$28,250 per mile, amounting to \$44,208,000 The Company is also permitted to issue its own First Mortgage Bonds to an equal amount, and at the same time, which by special Act of Congress are made a First Mortgage on the entire line, the bonds of

the United States being subordinate to them .-The Government makes a donation of 12,-800 acres of land to the mile, amounting to-20,032,000 acres, estimated to be worth \$30,-000,000, making the total resources, exclusive of the capital, \$118,416,000; but the full value of the lands cannot now be realized.

The authorized Capital Stock of the Company is one hundred million dollars, of which five millions have already been paid in, and of which it is not supposed that more than twenty-five millions at most will be required. The cost of the road is estimated by com-2,157 42 petent engineers to be about one hundred

million dollars, exclusive of equipment. · PROSPECTS FOR BUSINESS. The railroad connection between Omaha and the east is now complete, and the earn-8.138 96 ing of the Union Pacific on the sections already finished for the first two weeks in May \$25,496 38 were \$113.000. These sectional earnings as he road progresses will much more than par the interest on the Companies bonds, and the through business over the only line of railroad between the Atlantic and Pacific must

VALUE AND SECURITY OF THE BONDS. The Company respectfully submit, that the above statements of facts fully demonstrates the security of their Bonds and as additional proof they would suggest that the Bonds now offered are less than ten million dollars on 517 miles of road, on which over twenty million dollars have already been expended; -on 330 miles of this road the cars are now running, and the remaining 187 miles are nearly completed.

At the present rate of premium on gold these bonds pay an annual interest on the present cost of

NINE PER CENT., and it is believed that on the completion of the road, like the Government Bonds, they will go above par. The Company intend to sell but a limited amount at the present low rate, and retain the right to advance the

price at their option. Subscriptions will be received in New York by the CONTINENTAL NATIONAL BANK, No. 7 Nassau St., CLARK, Dodge & Co., BANKERS, 51 Wall St., JOHN J. CISCO & Son, Bankers, No. 33 Wall St., and by BANKS and BANKERS generally throughout the United States, of whom maps and descriptive pamphlets may be obtained. They will also be sent by mail from the Company's Office, No. 20 Nassau Street, New York, on application. Subscribers will se-\$25,496 38 lect their own Agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the bonds.
