# SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR Scrofula and Scrofulous Diseases.

From Emery Edes, a well-known merchant of Ox-ford, Maine.

"I have sold large quantities of your SARSAPA-BILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community." Eruptions, Pimples, Blotches, Pustules, Ul-eers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Eristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her cars, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA." Erysipolas-General Debility-Purify the

Blood. From Dr. Robt. Sawin, Honston St., New York.
"DR. AYER. 1 seldom fail to remove Eraptions and Scrofulous Sores by the persevering use of your SARSAPARILLA, and I have just now cured an attack of Malignant Erystpelas with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bot-tles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of

From Hon. Henry Monro, M. P. P., of Newcastle, ment.
"I have used your SARSAPARILLA in my family, for general debility, and for purifying the blood, with very beneficial results, and feel confidence in commending it to the afflicted."

Jackson, at the house of Charles Spy. St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes. Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished

> Syphilis and Mercurial Disease. From Dr. Hiram Slout, of St. Louis, Missouri. "I find your Sarsaparitta a more effectual remedy for the secondary symptoms of Syphilis and for syphilitie disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of strates the security of their Bonds and as adthe Legislature of Massachusetts, "Dr. Ayen. My dear Sir: I have found your ditional proof they would suggest that the SARSAPARILLA an excellent remedy for Syphilis, both of the primary and secondary type, and effec-tual in some cases that were too obstinate to yield dollars on 517 miles of road, on which over to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Lieue, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distractions than this and it took several dozen distressing than this, and it took several dozen

Leucorrhæa, Whites, Female Weakness, are generally produced by internal Scrofulous Ul-ceration, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in sid of the SARSAPARILLA, the skilful application of local remedies

From the well-known and widely-celebrated Dr. "I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhea, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment." A lady, unwilling to allow the publication of her

name, writes:
"My daughter and myself have been cured of a very debilitating Leucorrhoca of long standing, by Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia, when caused by Scrofula in the system, are rapidly cured by this EXT. SARSAPARILLA.

# FIRST MORTGAGE BONDS

having thirty years to run, and bearing and nual interest, payable on the first day of Janpary and July, in the City of New York, at the rate of

SIX PER CENT. IN GOLD,

Ninety Cents on the Dollar. This road is already completed to Julesburgh, 376 miles west of Omalia, and is fully equipped, and trains are regularly running over it. The Company has now on hand sufficient iron, ties, etc., to finish the remaining portion to the eastern base of the Rocky Mountains, 141 miles, which is under contract to be done in September of this year, and it is expected that the entire road will be in running order from Omaha to its western connection with the Central Pacific, now being 'rapidly built eastward from Sac-

ramento, Cal., during 1870. MEANS OF THE COMPANY. Estimating the distance to be built by the Union Pacific to be 1,565 miles, the United States Government issues its Six per cent. Thirty-year Bonds to the Company as the road is finished at the average rate of about \$28,250 per mile, amounting to \$44,208,000

The Company is also permitted to issue its own First Mortgage Bonds to an equal amount, and at the same time, which by special Act of Congress are made a First Mortgage on the entire line, the bonds of the United States being subordinate to them.

The Government makes a donation of 12,-800 acres of land to the mile, amounting to 20,032,000 acres, estimated to be worth \$30,-000,000, making the total resources, exclusive of the capital, \$118,416,000; but the full value of the lands cannot now be realized.

The authorized Capital Stock of the Company is one hundred million dollars, of which five millions have already been paid in, and of which it is not supposed that more than twenty-five millions at most will be required. The cost of the road is estimated by com-

petent engineers to be about one hundred million dollars, exclusive of equipment. PROSPECTS FOR BUSINESS. The railroad connection between Omaha and the east is now complete, and the earning of the Union Pacific on the sections already finished for the first two weeks in May

the second. The child's cyclashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted the road progresses will much more than pay the interest on the Companies bonds, and the through business over the only line of railroad between the Atlantic and Pacific must VALUE AND SECURITY OF THE BONDS. The Company respectfully submit, that the above statements of facts fully demon-

> twenty million dollars have already been expended; -on 330 miles of this road the carsare now running, and the remaining 187 miles are nearly completed. At the present rate of premium on gold

Bonds now offered are less than ten million

these bonds pay an annual interest on the NINE PER CENTA and it is believed that on the completion of the read, like the Government Bonds, they will go above par. The Company intend tosell but a limited amount at the present low rate, and retain the right to advance the

price at their option. Subscriptions will be received in New York by the CONTINENTAL NATIONAL BANK, No. 7 Nassau St., CLARK, Dodge & Co., BANKERS, 51 Wall St., JOHN J. CISCO & Son, Bankers, No. 33 Wall St., and by BANKS and BANKERS generally throughout the United States, of whom maps and descriptive pamphlets may be obtained. They will also be sent by mail from the Company's Office, No. 20 Nassau Street, New York, on application. Subscribers will select their own Agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the bonds.
