DR. SCHENCK'S MANDRAKE PILLS A SUBSTITUTE FOR CALOMEL.

These Pills are composed of various roots, having the power to relax the secretions of the liver as promptly and as effectually as blue pills or mercury, and without producing any of those disagreeable or dangerous effects which often follow the use of the latter.

In all bilious disorders these Pills may be used with confidence, as they promote the discharge of vitiated bile, and remove those obstructions from the liver and biliary ducts, which are the cause of bilious effects in general.

SCHENCK'S MANDRAKE PILLS cure Sick Headache, and all disorders of the Liver, indicated by sallow skin, coated tongue, costiveness, drowsiness, and a general feeling of weariness and lassitude, showing that the liver is in a torpid or obstructed condition.

In short, these Pills may be used with advantage in all cases when a purgative of alternative medicine is required.

Please ask for "Dr. Schenck's Mandrake Pills," and observe that the two-likenesses of the Doctor are on the Government stamp — one when in the last state of Consumption, and the other in his present health.

PROOFS OF THE SUPERIOR QUALITY OF THE AMERICAN WATCH

MADE AT
WALTHAM, MASS.

The American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than other watches in the market. They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches, which are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts. How they run under the hardest trial watches can have, is shown by the following letter:

PENN. RAILROAD COMPANY,
OFFICE OF THE GENERAL SUPERINTENDENT, }
ALTOONA, PA., 15 Dec. 1866. }

Gentlemen: The watches manufactured by you have been in use on this railroad for several years by our engineers, to whom we furnish watches as part of our equipment. There are now some three hundred of them carried on our line, and we consider them good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly, nor have they done as good service, as yours.

In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

Respectfully,
EDWARD H. WILLIAMS,
General Superintendent,
American Watch Co., Waltham.

We now make five different grades of watches, named respectively as follows:

Appleton, Tracy & Co., Waltham, Mass
Waltham Watch Company, Waltham, Mass
S. B. Bartlett, Waltham, Mass
Wm. Ellery, Boston, Mass
Home Watch Company, Boston, Mass

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved principle, and to possess every requisite for a reliable time-keeper. Every dealer selling these Watches is provided with the Company's printed card of guarantee, which should accompany each Watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeits and imitations of our Watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchased of Watch Dealers throughout the country.

GOOD NEWS FOR ALL

THE subscriber takes pleasure in informing the public, that he has just opened the largest and best selected stock of Goods, at his old stand in Stormsville, Pa., ever brought into Monroe county, and that he has determined to dispose of them at prices, much cheaper than they can be bought at any other establishment, whether in town or country. His stock comprises, in almost endless variety, and of the best quality,
DRY GOODS,
NOTIONS,
HARDWARE,
QUEENSWARE,
GROCERIES,
DRUGS, MEDICINES, &c., &c.

He has, also, on hand a very large assortment of new and fashionable

Boots and Shoes,

both city and home-made, all of which he will dispose of at prices which will make purchasers wonder. Look at a few of the prices at which I am really giving away goods, and you cannot fail to be convinced that my store, in Stormsville, is the place at which to secure real bargains:

PRINTS from 10 to 22 cents per yard,
MUSLINS from 15 to 25 " yard,
DE LANES from 25 to 35 " yard,
and all Woolen goods at figures proportionately low.

Boots and Shoes very low — home-made at least 50 per cent. below Stroudsburg prices.

SUGARS from 10 to 17 cents per pound, MOLASSES from 50 cts. to \$1 per gal. In short, all articles in my line far below the monopoly prices which have heretofore prevailed.

The excitement growing out of these great reductions has already begun, but come one, come all, my stock will always be found full up to the demand.

BUTTER, EGGS, and country produce generally will not be refused in exchange for goods, and the highest market prices allowed.

THE UNION PACIFIC RAIL ROAD CO.

THEIR FIRST MORTGAGE BONDS
As an Investment.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is, "Are these bonds secure?" Next, "Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One-fourth of the work is already done, and the tract continues to be laid at the rate of two miles a day.

2nd. The Union Pacific Railroad Bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 32 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are several times greater than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a bona fide property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a second lien as its security. This amount upon the first 517 miles west from Omaha is only \$16,000,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Government bonds, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to re-invest in these bonds — thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. below U. S. Stocks.

10th. At the current rate of premium on gold, they pay

OVER NINE PER CENT. INTEREST.
The daily subscriptions are already large, and they will continue to be received in New York by the

Continental National Bank, No. 7 Nassau St.,
Clark, Dodge & Co., Bankers, No. 51 Wall St.,
John J. Cisco & Son, Bankers, No. 33 Wall St.,

and by **BANKS and BANKERS** generally throughout the United States, of whom maps and descriptive pamphlets may be obtained. They will also be sent by mail from the Company's Office, No. 20 Nassau Street, New York, on application. Subscribers will select their own Agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the bonds.

JOHN J. CISCO, Treasurer,
NEW YORK.
