

Barnum has secured a live gorilla from Africa. In removing it from the vessel to the Museum, Tuesday afternoon, the animal became greatly enraged from the jarring it was subjected to. In order to securely remove him from the box in which he was placed, to his cage, a rope was inserted and fastened to his chain.—But the gorilla seized it, and pulled it away from several men who grappled it.—He got it in the cage, untied it from the chain, and dropped it through a hole.—A huge wrought iron bar was then inserted, an inch and three quarters thick, for the purpose of bringing out the chain.—The gorilla seized the bar, pulled it away from two men noted for their muscular strength, and then bent the bar double, the two ends actually meeting. He was finally secured, however. His furious howls excited all the animals, women fainted and children cried. An immense chain, with resistant force of six thousand pounds, is attached to him. He is five and a-half feet high, with an eye like a human being and a face more resembling man than monkey, and of color like an elephant. His hand is as delicate as a woman's. When irritable, he is quieted by a few cloves or nutmegs. This account is true, though a little strained, and will be a good card for Barnum.

There are in New Jersey sixty-nine newspaper establishments, publishing in all eighty papers. Of these sixty-five are issued weekly, twelve daily, one semi-monthly, and two monthly. Twenty-eight of the weeklies are Republican in politics, twenty-four Democratic, twelve Independent; the semi-monthly and monthly devoted to agricultural matters. Seven of the dailies are Republican, and five Democratic. There are two daily and three weekly papers published in the German language, the balance in English. Nine new weekly, one new daily, one new semi-monthly, and four new monthly papers have been started, and two weekly papers have been discontinued during the year.

The oldest wooden house in the United States, is the "Minot House," Dorchester, Massachusetts. It was built in 1633, and rents to-day for \$60 a year. It was the headquarters of General Washington for a season during the Revolution, and was once defended by Mrs. Minot alone, when attacked by Indians.

According to the figures of the New Orleans Republican the number of deaths in that city from yellow fever, from the commencement to Saturday morning last, was 1214. The deaths for twenty-four hours ending on Sunday morning, was 69, and for the twenty-four hours ending this morning, 77, being the largest number for any two days since the commencement of the epidemic.

**Getting rich out West.**  
James Thompson went from Pennsylvania to Scott county, Iowa, a dozen years ago, worth a few hundred dollars. He now owns forty-four farms, averaging \$160 acres each, or in all about 7,000 acres of land, at least half of which is under cultivation; the whole will be next year.—The land lies in Scott and Cedar counties. The past year he has put under cultivation 2,200 acres of new land. He is now having twenty farm dwellings of six rooms each, framed and gotten ready in Davenport, so they can be hauled to his farms and set up for his tenants. The tenants get the third of the crop and \$2 an acre for farming new land, and the same share of the crop with 75 cents to \$1 an acre for cultivated land.

It takes three editors to start a newspaper in New Orleans—one to get killed in a duel, one to die with the yellow fever, and one to write an obituary notice of the defunct two.

It is rumored in Washington that General Grant is to be removed from the position of Secretary of War and General Sherman put in his place. Johnson has found that he cannot use Grant as he would like, and is therefore anxious to try his hand with Sherman. The arrival of Sherman in Washington, and other attendant circumstances, has given color to this rumor.

At Marion, Iowa, a few days ago, one Johnson, a "prestidigitator," was fatally injured during one of his feats, which was to allow any person to shoot at him a pistol loaded with shot or ball. It appears that the tube on the end of the ramrod; draws the charge after being rammed down, remained in the pistol, thereby leaving it full loaded. The professor was shot in the head and cannot survive.

The Easton Express says: The County Commissioners have purchased a lot two hundred feet square, immediately east of the Court House, for the sum of \$1,800, upon which they purpose erecting the new county jail. The Commissioners have resolved to build next year, and they intend making preparations.

The trains on the Lehigh Valley Railroad are now running regularly between Easton and Scranton, making direct connection with trains to Philadelphia and New York. Passengers can now ride from Scranton to Philadelphia, via the North Pennsylvania Railroad, without change of cars.

**Dr. WINTER'S BALM OF WILD CHERRY.**  
In the whole history of medical discoveries no remedy has performed so many of such remarkable cures of the nervous affection of the Throat, Lungs, and Chest, as this long-told and justly celebrated Balm. So generally acknowledged is the superior excellence of this remedy that but few of the many who have tested its virtues by experience fail to keep at hand a supply and certain cure for sudden attacks of Croup, whooping Cough, and other affections of the Throat, for many years, and never in a single instance has it failed to relieve and cure me. I have frequently been very lame on Saturday, and looking forward to the delivery of two sermons on the following day with misgivings, but by a liberal use of the Balm my lameness has invariably been removed, and I have preached without difficulty.  
I commend it to my brethren in the ministry, and to Christian speakers generally, as a certain remedy for the bronchial troubles to which we are peculiarly exposed.

It has been introduced since 1847, and hundreds who now have it in their houses, say they would not be without it even if it was \$10 per bottle. Every drop is mixed by Dr. Tobias himself, and can be depended on. Only 50 cts. and \$1 per Bottle Sold by Druggists. Depot, 56 Cortlandt St., N. Y. [Sept. 26.—1m.]

**CONSUMPTION CURABLE BY DR. SCHENCK'S MEDICINES.**

**TO CURE CONSUMPTION,** the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for good, wholesome food, which, by these medicines will be digested properly, and good healthy blood made; thus building up the constitution. SCHENCK'S MAN-DRAKE PILLS cleanse the stomach of all bilious or mucus accumulations; and, by using the Sea Weed Tonic in connection, the appetite is restored.

**SCHENCK'S PULMONIC SYRUP** is nutritious as well as medicinal, and, by using the three remedies, all impurities are expelled from the system, and good, wholesome blood made, which will repel all disease. If patients will take these medicines according to directions, Consumption very frequently in its last stage yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes in diarrhoea they are necessary. The stomach must be kept healthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and allay any irritation. Then all that is required to perform a permanent cure is, to prevent taking cold. Exercise about the room as much as possible, eat all the richest food—fat meat, game, and, in fact, anything the appetite craves; but be particular and masticate well. [2d w. c. m. no. 1 yr.]

**Ayer's Sarsaparilla.**  
THE WORLD'S GREAT REMEDY FOR  
Scrofula and Scrofulous Diseases.  
From Emory Edes, a well-known merchant of Oxford, Maine.  
"I have sold large quantities of Ayer's Sarsaparilla, but never yet one bottle which failed of the desired effect and full satisfaction to the patient. As fast as our people try it, they agree there has been no medicine like it before in our community."  
Eruptions, Pimples, Blisters, Pustules, Ulcers, Sores, and all Diseases of the Skin.  
From Rev. John Stratton, Berlin, England.  
"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your Sarsaparilla. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your Sarsaparilla. She has been well for some months."  
From Mrs. Jane E. Rice, a well-known and much-extended lady of Des Moines, Iowa, U. S. A.  
"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your Sarsaparilla, which has completely cured her."  
From Charles P. Gage, Esq., of the widely-known Gage, Murray & Co., manufacturers of emerald paper in Salem, Mass.  
"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could do both advice and medicine, but without any relief whatever, until I took your Sarsaparilla. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I knew of. I enjoy perfect health, and without a doubt owe it to your Sarsaparilla."  
Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Smith, Houston St., New York.  
"Dr. Ayer's Sarsaparilla failed to remove Eruptions and Scrofulous Sores by the persevering use of your Sarsaparilla, and I have just now cured an attack of Maligant Erysipelas with it. No alternative was possible equals the Sarsaparilla. I have supplied to the profession as well as to the people."  
From J. E. Johnson, Esq., Waterson, Ohio.  
"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarsaparilla. Took two bottles, and some of your Pills. Together they have cured me. The ulcers have healed, and my arm is in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monroe, M. P., of Newcastle, C. W., a leading member of the Canadian Parliament.  
"I have used your Sarsaparilla in my family, for general debility, and for purifying the blood, with very beneficial results, and feel confidence in recommending it to the afflicted."

St. Anthony's Fire, Roso, Sclat Rhoum, Scald Head, Sore Eyes.

From Harvey Siebler, Esq., the able editor of the "Pittsburgh Democrat," Pennsylvania.  
"Our only child, three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a bad case of violent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, but with no apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Sarsaparilla, and applying the iodine ointment, both as you directed. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyes were two distinct eyes, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Diseases.

From Dr. Hiram Stout, of St. Louis, Missouri.  
"I find your Sarsaparilla a more effective remedy for the secondary symptoms of Syphilis, and for syphilitic diseases than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.  
"Dr. Ayer's Sarsaparilla I have found your Sarsaparilla an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alternative is required."

Mr. Chas. S. Van Lee, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial poisoning, and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S Sarsaparilla, the skillful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Murrell, of Cincinnati, Ohio.  
"I have found your Sarsaparilla an excellent alternative in diseases of females. Many cases of Irrigidity, Leucorrhoea, and other diseases of the local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly sustained and continued."

A lady, unwilling to allow the publication of her name, writes:  
"My daughter and myself have been cured of a very debilitating Leucorrhoea of long standing, by two bottles of your Sarsaparilla."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia, when caused by Scrofula in the system, are rapidly cured by this EX. Sarsaparilla.

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public that their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.
