Deer Stalking The dear creasures, we don't mean the ladies, although Cupid occasionally gets a shot at them, are being shot on the mountains in this vicinity. Only a few days since Mr. G. M. Miller, of Lacka-Sunday to visit a patient, reports that on the appetite is restored Monday a party including himself went SCHENCK'S PULMONIC SYRUP is

were astonished last Thursday by a snow storm that covered the ground thickly .-The weather was warm, and it melted away in a few hours.

Special Notices. IRON in the BLOOD.

blood is veli known to all medical men; when it be- dressing, in perfect confidence, comes reduced from any cause whatever, the whole arstem suffers, the weakest part being first attacked, and a feeling of languor, lassitude, and "all goneness" pervades the system. Stimulants only afford temporary relief, and have the same effect as giving a tired horse the whip instead of oats. The true remedy is to supply the blood with the necessary quan less face, also a recipe for the removal of tity of iron. This can be done by using the

PERUVIAN SYRUP.

is so prepared that it assimilates at once with the blood, giving strength, vigor and new life to the whole

To take medicines to cure diseases occasioned by a deficiency of IRON IN THE BLOOD, without restoring it to the system, is like trying to repair a building when the foundation is gone. An eminent divine says: "I have been using the PERUVIAN SYRUP for some time past; it gives me new vigor, buoyancy of spirits, elasticity of mus-Pamphlets containing certificates of cures, and recommendations from some of the most eminent physicians, ciergy men and others, will be sent free to any

Jenves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, fifth and fifthy habit., the depressing viers, and, above all, Ly the venercal infection. Whatever Le its origin, it is hereditary in the constitution, descending "from parents to children untothe third and fourth generation;" indeed, it seems to be the rod of Him who vays, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the longs, Scrofula produces talercles, and finally Con amption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, degangements valida produce indigestion, dyspepsia, and liver complaints; on. the skin, emptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. Wiffi

feeble, foul, or corrupted blood, you cannot

have heelth; with that "life of the flesh"

healthy, you cannot have serofalous disease.

Ayer's Carsaparilla

is compounded from the most effectual anti-

dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following discuses: King's Evil, or Glandular Swellings, Tumors, ture, but go to McCarty's, and you will get Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Sept. 26, '67. Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may belearned the directions for its use, and someof the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in orderthat every reader may have access to some one who can speak to him of its Lenefits from personal experience. Scrofula decresses the vital energies, and thus leaves its victims farmore subject to disease and its fatal results than are healthy constitutions. Hence its tends to shorten, and does greatly shorten. the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a temedy which is adequate to its cure. This we now offer to the public under the name of Aver's: Sarsaparitla, although it is composed of ingredients, sone of which exceed the best of Sanaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that not and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lark within the system or burst out

on any part of it. We know the public have been deceived by many compounds of Saraparilla, that romised much and did nothing; but they will neither be deceived nor disappointed inthis. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more of-fectual than any other which has ever been

AYER'S CHERRY PECTORAL. The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages

of the disease. This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it niny be relied on to do all it has ever done.
