"My daughter has suffered for a year past with a scrofulous cruption, which was very troublesome. Nothing afforded any rollef until we tried your Sarsaparilla, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known Gage, Marray J. Co., manufacturers of enamelled papers in Nashna, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intol-crable affliction. I tried almost every thing a name could of both advice and medicine, but without any relief whatever, until I took your Sarsaparilla. It immediately made my face worse, as you told me It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and con-tinued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas - General Debility - Purify the Blood. From Dr. Robt. Sawin, Houston St., New York, "DR. AYER. I seldom fail to remove Eruptions and Scrafulous Sores by the persevering use of your SARSAPARILLA, and I have just now cared an attack of Malignant Erystpelas with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio. "For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The uleers were so bad that the cords became visible, and the loctors decided that my arm must be amputated. I began taking your SARSAPARILIA. Took two bot-tles, and some of your Pills. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Harrey Sickler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania, "Our only child, about three years of age, was attacked by pimples on his forchead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lost with them he should tear open the festering and corrupt wound which covered his whole hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's evelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die,"

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missouri.
"I find your Sarsapanhlla a more effectual remedy for the secondary symptoms of Syphilis and for syphilitic disease than any other we possess. The procession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts. "Dh. Ayen. My dear Sir: I have found your Sansapannilla an excellent remedy for Syphilis, both of the primary and secondary type, and effec-tual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required." Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse

of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen buttles to care him. bottles to care him. Leucorrhæa, Whites, Female Weakness, are generally produced by internal Scrafalous 17-ceration, and are very often cured by the alterative
