(A combination of different patents.)  
IT COMBINES MORE VALUABLE features and will better meet the wants of Farmers than any Machine ever invented. Has been in use for the past seven years, and has proved a perfect success. Can be worked successfully on rough and stony land, and is the most durable machine in use. Has a loose pole and no pressure on the horse's neck. Has an elevating lever for raising the bar. The bar can be retained at any required height, without the assistance of a driver, and can be securely fastened in front of driver, is mounted on wheels which reduces the friction, and by means of which the height of cut can be regulated. The patented draft arrangement prevents side draft, and enables the Cutters to pass in and out of furrows with ease and safety. The cut of furrows with ease and safety.
