ADDRESS TO THE NERVOUS AND DEBILITATED. whose sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable: If you are suffering, or have suffered, from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky, or frothy, or is itropy on setting? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspnea? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling upon this subject? Do you feel dull, listless, moping, tired of company, of life? Do you wish to be left alone, to get away from everybody? Do you have little things make you start or jump? Is your sleep broken or restless? Is the lustre of your eyes as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint!

Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man. Did you ever think that those bold, defiant, energetic, persevering, successful businessmen are always those whose generative organs are in perfect health? You never hear no such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they do not become sad and discouraged; they are always polite and pleasant in the company of ladies, and look young and their right in the face—none of your downcast looks or any other meanness about them. I do not mean those who keep the organs inflated by running to excess. These will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly-cured diseases, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other disease—idiocy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have departed for all but the right one.

Diseases of these organs require the use of a Diuretic. HELMBOLD'S FLUIDEXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

Helmbold's Extract Buchu, established upward of 18 years, prepared by H. T. HELMBOLD, Druggist, 591 Broadway, New York, and 104 South 10th Street, Philadelphia, Pa. Price—\$1.25 per bottle, or 6 bottles for \$6.50, delivered to any address. Sold by all Druggists everywhere.

None are genuine unless done up in steel-enveloped wrapper, with fac simile of my Chemical Warehouse, and signed.

Manhood: How Lost, How Restored

Just published, a new edition of Dr. CULVERWELL'S CELEBRATED ESSAY on the radical cure (without medicine) of SPERMATORRHEEA, or Seminal Weakness, Involuntary Seminal Losses, IMPOTENCY, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, CONSUMPTION, EPILEPSY, and FITS, induced by self-indulgence or sexual extravagance.

Price, in a sealed envelope, only 6 cents.

The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, postpaid, on receipt of six cents, or two post stamps. Also, Dr. Culverwell's "Marriage Guide," price 25 cents. Address the Publishers,

UNION MOWER & REAPER.
(A combination of different patents.)
IT COMBINES MORE VALUABLE features and will better meet the wants of Farmers than any Machine ever invented. Has been in use for the past seven years, and has proved a perfect success. Can be worked successfully on rough and stony land, and is the most durable machine in use. Has a loose pole and no pressure on the horse's neck. Has an elevating lever for raising the bar. The bar can be retained at any required height without the assistance of the driver, and can be securely folded for transportation. The Cutter-bar, in front of driver, is mounted on wheels which reduces the friction, and by means of which the height of cut can be regulated. The patented draft arrangement prevents side draft, and enables the Cutters to pass in and out of furrows with ease and safety. The Guards are of malleable iron, steel faced; are placed near together on the Bar and form a protection to the Cutters, and are warranted not to break. The Bar and Frame are raised at the same time and obstructions passed, between the wheels, as high as the axle. The working parts, and Bar always retain the same relative position; there is, therefore, no unusual strain or wear on the gearing or knife bar, as is the case in other machines. Every machine is warranted.

SPECIAL NOTICE

TO FARMERS AND ALL PERSONS OWNING HORSES, CATTLE, SHEEP & HOGS:

In the spring of the year when a Horse is about shedding his coat nothing will do him better service than a teaspoonful of YOUTATT'S CONDITION POWDER, every morning, well mixed with his feed.

COWS.

In milking cows the subscriber feels confident that YOUTATT'S POWDER, as he now prepares it, will astonish all who use it, and convince the most incredulous to say that by feeding a cow one teaspoonful of YOUTATT'S POWDER once a day will so much increase the quantity and quality of the milk as to yield one pound of Butter per week more promising much, yet we have the evidence of hundreds to prove this assertion. This increase is made by keeping the cow in a healthy condition with a good appetite.

HOGS and SHEEP will be greatly benefited by using this powder. One of our customers says that he had 16 sheep all of which had the Distemper, and concluded he would try an experiment with YOUTATT'S POWDER—he gave half of the number the Powder, and they recovered in a short time, the rest died.

The genuine YOUTATT'S VEGETATIVE CONDITION POWDER is prepared from Youtatt's Original Recipe at Hollinshead's Drug Store. All other is a counterfeit.

Try it and be convinced.
