Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints.

Long before the ability to exercise the functions of the generative organs, they require an education of their peculiar nervous system, composed of what is called the tissue which is, in common with the female breast and lips, evidently associated at an early period of life, and, as we shall subsequently see, these organs, when excessive, lead, long before puberty, to habits which sap the very life of their victims ere nature has self-completed their development.

For Female Weakness and Debility, Whites or Leucorrhoea, Too profuse Menstruation, Too Long Continued Periods, for Protrusion and Bearing Down, or Prolapsus Uteri, we offer the most perfect specific known: HELMHOLD'S COMPOUND EXTRACT OF BUCHU.
