Woman.
FEMALES, OWING TO THE PECULIAR and important relations which the system performs, are subject to many sufferings. Freedom from these contribute in no small degree to their happiness and welfare, for none can be happy who are ill.—Not only so, but no one of these various female complaints can long be suffered to run on without involving the general health of the individual, and ere long producing permanent sickness and premature decline.—Nor is it pleasant to consult a physician for the relief of these various delicate afflictions, and only upon the most urgent necessity will a true woman so far sacrifice her greatest charm as to do this. The sex will then thank us for placing in their hands simple specifics which will be found efficacious in relieving and curing almost every one of these troublesome complaints peculiar to the sex.
HERMOLD'S EXTRACT OF BUCHU.—Hundreds suffer in silence, and hundreds of others apply vainly to druggists and doctors, who either merely tantalize them with the hope of a cure or apply remedies which make them worse. I would not wish to assert anything that would do injustice to the afflicted, but I am obliged to say that although it may be produced from excessive exhaustion of the powers of life, by laborious employment, unwholesome air and food, profuse menstruation, the use of tea and coffee, and frequent childbearing, it is far oftener caused by direct irritation, applied to the mucous membrane of the vagina itself.
When reviewing the causes of these distressing complaints, it is most painful to contemplate the attendant evils consequent upon them. It is but simple justice to the subject to enumerate a few of the many additional causes which so largely affect the life, health and happiness of woman in all classes of society, and which, consequently, affect more or less directly, the welfare of the entire human family. The mania that exists for precocious education and marriage, causes the years that nature designed for corporeal development to be wasted and perverted in the restraints of dress, the early confinement of school, and especially in the unhealthy excitement of the ball-room. Thus, with the body half-clad, and the mind unduly excited by pleasure, perverting in midnight revel the hours designed by nature for sleep and rest, the work of destruction is all accomplished.

In consequence of this early strain upon her system, unnecessary effort is required by the delicate votary to retain her situation in school at a later day, thus aggravating the evil. When one excitement is over, another in prospective keeps the mind morbidly sensitive to impression, while the now constant restraint of fashionable dress, absolutely forbidding the exercise indispensable to the attainment and retention of organic health and strength; the exposure to night air; the sudden change of temperature; the complete prostration produced by excessive dancing, must, of necessity, produce their legitimate effect. At last an early marriage calls the climax of misery, and the unfortunate one, hitherto so utterly regardless of the plain dictates and remonstrances of her delicate nature, becomes the unwilling subject of medical treatment. This is but a truthful picture of the experience of thousands of our young women.

Long before the ability to exercise the functions of the generative organs, they require an education of their peculiar nervous system, composed of what is called the tissue which is, in common with the female breast and lips, evidently under the control of mental emotions and associations at an early period of life; and, as we shall subsequently see, these emotions, when excessive, lead, long before puberty, to habits which sap the very life of their victims ere nature has self-completed their development.

For Female Weakness and Debility, Whites or Leucorrhoea, Too profuse Menstruation, Too Long Continued Periods, or Profligate and Bearing Down, or Profligate Uteri, we offer the most perfect specific known: **HELMOLD'S COMPOUND EXTRACT OF BUCHU.** Directions for use, diet, and advice accompany.

Females in every period of life, from infancy to extreme old age, will find it a remedy to aid nature in the discharge of its functions. Strength is the glory of manhood and womanhood. **HELMOLD'S EXTRACT OF BUCHU** is more strengthening than any of the preparations of Bark or Iron, infinitely safer, and more pleasant. **HELMOLD'S EXTRACT OF BUCHU**, having received the indorsement of the most prominent physicians in the United States, is now offered to the afflicted humanity as a certain cure for the following diseases and symptoms, from whatever cause originating: General Debility, Mental, and Physical Depression, Imbecility, Determination of Blood to the Head, Confused Ideas, Hysteria, General Irritability, Restlessness and Sleeplessness at Night, Absence of Muscular Efficiency, Loss of Appetite, Dyspepsia, Emaciation, Loss of Spirit, Disorganization or Paralysis of the Organs of Generation, Palpitation of the Heart, and, in fact, all the concomitants of a Nervous and Debilitated state of the system. To insure the genuine, cut this out. Ask for **HELMOLD'S**. Take no other. Sold by Druggists and Dealers everywhere. Price \$1.25 per bottle, or six bottles for \$6.50. Delivered to any address. Describe symptoms in all communications. Address **H. T. HELMOLD, Drug and Chemical Warehouse, 594 Broadway, N. Y.**

BEEF, IRON AND PURE BRANDY, BY DR. HARTMAN,
Regular Graduate of the University of Pennsylvania.
It will positively cure Consumption, Coughs and Colds, and all diseases of the Lungs or Bronchial Tubes.
It has been the means of RESTORING THOUSANDS to health who have been given up beyond the reach of medical assistance. It does more to relieve the Consumptive than anything ever known. Unequalled strengthener for delicate Ladies and Children. EACH BOTTLE CONTAINS THE NUTRITIOUS PORTION OF TWO POUNDS OF CHOICE BEEF.
The cure of Consumption was first effected by the use of RAW BEEF and BRANDY in Russia, afterwards in France, in which countries I have travelled for years.
I have used it with perfect success in my own family. In presenting this preparation to the public I feel confident that every afflicted one who reads this (even the most skeptical) may become convinced, by a single trial that it is truly a most valuable medicine.
Circulars and medicines sent to any address. Price \$1 per bottle—six for \$5.

Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inverete cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by the Sarsaparilla. Scrofulous affections and disorders, which were aggravated by the secretions of the system, have been radically cured in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.
Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt taint of the organism undermines the constitution, and invites the attack of eating and fatal diseases, without exciting a suspicion of its presence. Again, it seems to live in the system, rapidly throughout the body, and, on some favorable occasion, rapidly, and suddenly, issues out of the system, either in the form of eruptions on the skin, or foul ulcers, or tumors formed in the liver, or it shows its presence by eruptions in the hair, or foul eruptions on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advised, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this Sarsaparilla: **Zetter, Salt Rheum, Scald Head, Ringworm, Itching, Herpes, Pityriasis, Prurigo, Scabies, Tetter, Scrofulous disease, and other eruptions of the skin. This Sarsaparilla is also a valuable means of curing Scrofulous disease. Also, in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Pile, Rheumatism, Neuralgia, and the various Uterine affections of the immature and nervous system.**
Syphilis or Mercurial Disease are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. **Leucorrhoea or Whites, Urinary Obstructions, and Female Diseases,** are commonly cured, and ultimately cured by its purifying and invigorating effect. Minute Discharges, for each case are found in our Almanac, supplied gratis. **Rheumatism, and Gout,** are caused by accumulations of extraneous matters in the blood, yield quickly to it, as also **Liver Complaints, Torpidity, Congestion or Inflammation of the Liver, and Jaundice,** when arising, as they often do, from the rankling poisons in the blood. This Sarsaparilla is a great restorer for the strength and vigor of the system. Those who are **Languid and Lethargic, Depressed, Sleepless,** and troubled with **Headaches, Preternatural Fear,** or any of the affections symptomatic of **Weakness,** will find immediate relief and convincing evidence of its restorative power, upon trial.

Ayer's Hair Vigor,
For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.
This hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a
HAIR DRESSING,
nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.
