Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inverete cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the acridous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need be informed of its virtues or uses. Scrofulous poison is one of the most destructive enemies of our race. Often, this poison and unfat tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be silently deposited, rapidly developing into one or other of its hideous forms, either on the surface or among the vitals. both city and home-made, all of which he will dispose of at prices which will make purchasers wonder. Look at a few of the prices at which I am really giving away goods, and you cannot fail to be convinced that my store, in Stormsville, is the place at which to secure real bargains: PRINTS from 9 to 12 1/2 cents per yard, MUSLINS from 12 to 15 " yard, DR LANE'S from 18 to 22 " yard, and all Woolen goods at figures proportionately low. J. LANTZ, DENTIST.

Has permanently located himself in Stroudsburg, and moved his office next door to Dr. S. Walton, where he is fully prepared to treat the natural teeth, and also to insert incorruptible artificial teeth on pivot and plate, in the latest and most improved manner. Most persons know the danger and folly of trusting their work to the ignorant as well as the traveling dentist. It matters not how much experience a person may have, he is liable to have some failures out of a number of cases, and if the dentist lives at a distance it is frequently put off until it is too late to save the tooth or teeth as it may be, other wise the inconyquence and trouble of going so far. Hence the necessity of obtaining the services of a dentist near home. All work warranted. Stroudsburg, March 27, 1862.
