

There have been more whippings on the pillory in Wilmington, Delaware, and a writer in the *Gazette* of that place says: "The pillory and whipping-post need no defense from Delawareans. We know their work, and are determined to maintain them, despite carpetbag howling, moral ideas, and Yankee philanthropy." But one of these days Delaware will establish public schools for her people, and then she will not stand up so stoutly for her pillory and whipping post.

Dry goods are said to be cheap in Philadelphia. Money seems to be scarce and dealers are very anxious to sell.

TO PHYSICIANS.

New York, August 13, 1867.

Allow me to call your attention to my PREPARATION OF COMPOUND EXTRACT BUCHU. The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.

MODE OF PREPARATION—Buchu, in vacuo. Juniper Berries, by distillation, to form a tincture. Cubebs extracted by displacement with liquor obtained from Juniper Berries, containing very little sugar, a small proportion of spirit, and more palatable than any now in use.—The active properties are by this mode extracted.

Buchu, as prepared by Druggists generally, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this, (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopoea, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exists. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation.

With a feeling of confidence,
I am, very respectfully,
H. T. HELMBOLD,
Chemist and Druggist of 16 Year's Experience in Philadelphia, and now located at his Drug and Chemical Warehouse, 504 Broadway, New York.

Ayer's

Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.
