THE MAIDEN FOR ME.

Just fair enough to be pretty, Just gentle enough to be sweet, Just saucy enough to be witty, Just dainty enough to be neat. Just tall enough to be graceful, Just light enough for a fay, Just dress enough to be tasteful, Just merry enough to be gay.

Just tears enough to be tender, Just sighs enough to be sad, Tones soft enough to remember, Your heart through their cadence made glad. Just meek enough for submission, Just bold enough to be brave. Just pride enough for submission,

A tongue that can talk without harming, Just mischief enough to tease, Manners pleasant enough to be charming, That put you at once at your ease. Disdain to put down presumption, Sarcasm to answer a fool,

Just thoughtful enough to be grave.

Cool contempt enough shown to consumption Proper dignity always the rule. Flights of fairy fancy etheral, Devotion to science full paid,

Stuff of the right sort of material That really good housewives are made. Generous enough and kind-hearted, Pure as the angels above-Oh! from her may I never be parted, For such is the maiden I love.

"Perhaps,' said I, 'Mr. Summerfield, but separated from it by a ridge of lofty er's face with a sweet, confiding look, and "Ma, ma, I forget to say my prayers." Summoning what strength she had left,

> "Now I lay me down to sleep, I pray the Lord my soul to keep; If I should die before I wake, I pray the Lord my soul to take."

The prayer finised, she never spoke again. Jesus heard those sweet words, and the little sufferer went where pain

How to Raise Large Hogs. Get a good stock and feed them from heir birth with as much as they can eat. It will not do to starve them in the summer and then expect to make them "as fat as butter," by a few weeks' feeding in the fall. A writer on hogs says : "The finest porkers I ever saw were kept growing right along through every day of their lives till slaughtered. More is commonly lost in winter than at any other time. See that they have a dry, warm, sheltered place, plenty of good clean litter to keep them warm, a very regular supply of wholesome food (not trash), and a clean place to stay in. With this kind of management, such pigs as you would have next spring would astonish your slipshod, careless neighbors ponding care were continued through the season, you would show such porkers as would surprise them still more."-

Do Not Neglect Young Grafts.

It should not be forgotten that grafts, which have been fairly set this spring. when they once fairly start to grow they mostly go ahead rapidly, and becoming laden with leaves, and the hold they have upon the stock being very slender, they frequently break off. Birds will also light eight to ten inches, one half. They usually make better branches by this abscission, and in no event is there any injury. Grafts set last spring should also be examined, and where the wax has become loose and fallen away or where the split has widened, additional wax should be supplied, otherwise the water gaining

A Word to Boys.
