is at once agreeable, for preserving the to its original color freshness of youth. Thin bair is thick-

ened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

#### Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD.

The reputation this ex-cellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it.

Scrolulous affections and disorders, which were ag-gravated by the scrotu-lous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need-to be informed of its virtues or uses.

Serofulous poison is one of the most destructive enemies of our race. Often this present and unfalt. enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection firoughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the langs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul nicerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this SARSAPARILLAR. St. Anthony's Fire, Ress or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears, and other cruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Reart Disease, Fits, Epilepsy, Nearalgia, and the various Ulcerous affections of the muscular and nervous systems.

Syphilis or Fenercal and Head, Ringuard Disease.

lar and nervous systems.

Syphilis or Fenereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure But long continued use of this medicine will cure the complaint. Leucorrhau or Whites, Eterins Uterrations, and Female Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Ahmanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Torpidity, Congestion or Inflammation of the Liver, and Jaundice, when arising, as they often do, from the rankling poisons in the blood. This SARSAPARTILLA is a great restorer for the strength and vigor of the system. storer for the strength and vigor of the system. Those who are Languid and Listless, Despondent, Sleepless, and troubled with Nervous Apprehensions or Fears, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.

BULLARD'S IMPROVED HAY TEDDER IMPORTANT IMPROVEMENTS!!

The experiments and public trials of the oast season satisfied all who witnessed them that the Bullard Tedder was the only one operated that would thoroughly spread all kinds of Hay, on rough and smooth ground, taking it up from the bottom, and leaving it in a light fleecy condition for drying."

It is the only machine for turning and spreading hay that is of light, easy draft for one horse. Its use enables, the farmer to cut, cure, and store away hay in one day, and adds 20 per cent to value of crops. A large farmer says: " its use in a single season will more than pay its cost.
