

FEMALE WEAKNESSES.
There is no class of diseases known to Medical Science of more frequent occurrence or so little cared for as those peculiar to the female organism. A slight derangement of health from delicacy or some other cause is often allowed to continue until the whole system suffers, and constitutional disturbances of a grave and serious character are often established.

Ayer's Hair Vigor,
For restoring to Gray Hair its natural Vitality and Color.
A dressing which is at once agreeable, healthy, and effectual for preserving the hair. It soon restores faded or gray hair to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

Ayer's Cherry Pectoral,
For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.
Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually cure them. The testimony of our best citizens, of all classes, establishes the fact, that Ayer's Cherry Pectoral will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organ yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affection, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is advise to be without it. As a safeguard to children, smother the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centered on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bronchitis, when they know how easily they can be cured.
Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
