

# The Jeffersonian.

THURSDAY, MAY 2, 1872.

## LUTHERAN CHURCH.

Liturgical Services next Sunday.  
MORNING, 10, - - - EVENING, 7.  
MORNING SERMON: Pray without ceasing.  
EVENING SERMON: Waters of Marsh.  
Friday evening Lecture at 7 1/2 o'clock.  
G. W. MARRIOTT, D. D., Pastor.

Go to Simon Fried's for boots and shoes.

The funeral of Capt. C. F. Spering will take place from the residence of Mr. Levi Smith, East Stroudsburg, at 10 o'clock this morning.

Go to Simon Fried's for neck ties and collars.

Money.—Loaned at short date, on good security by, PEIRSON & STILLMAN, East Stroudsburg, March, 14-[f.] Office opposite R. R. Depot.

If you want to see the latest style of spring goods, go to Simon Fried's.

Mose Case, whose capabilities as a Guitarrist and singer are not to be beaten treated us to a most delightful serenade, on Friday last. "Mose" has the thanks of our whole household for his kindness.

The stock of carpets, oil cloths, window shades and willow-ware at Lee & Co's (where may also be found the largest assortment of Furniture in Monroe county) is unsurpassed. Call and see. [April 11 1872-1m]

Change of hours.—There will be preaching at Analomink on 12th inst. at 10 a. m. and at Wesley Chapel 7 1/2 p. m. J. PASTORFIELD, Pastor. Tannersville Circuit.

Sad Accident.—A little son of Daniel Kintner, aged about 6 years was run over by the 6 o'clock coal train, at the East Stroudsburg Depot, on Wednesday of last week. The toes of his right foot were all mashed, and were skillfully amputated by Drs. Jackson & LeBar, who were called to the case. The little sufferer is getting along as well as could be expected under the circumstances.

During our interview, the American Consul at Bangkok, presented the King an elegant assortment of his medicines from Dr. J. C. Ayer, of Lowell, Mass., for the use of the Court. He explained to his majesty their origin from the great chemist and their uses. The Cherry Pectoral for coughs—the Sarsaparilla for eruptive diseases and the Ague Cure for the fevers that are so fatal in this hot country. The dangerous condition of a favorite wife in the palace with one of the disorders these medicines cure, gave him special interest in these products of medical skill; indeed, these medical marvels interested him more in our country than all the other attentions we had shown him.—Letters from a Lady in Siam.

Van Cott, at the Lackawanna House, is daily giving further and still further demonstrations, that he knows how to keep a hotel as it should be kept. His house is as neat and clean as a new pin; his table is filled with all the luxuries of the season, prepared in a style to tempt the most fastidious epicure; his bar produces none but the choicest Ales, Wines and Liqueurs, not a single headache or fight in a headache of them; his house is quiet and comfortable as a well arranged private dwelling, and he has fitting around him the rotund corpus of our friend William Dreher, Esqr., as factotum who has a world wide reputation for cleverness, and knows just how to see that every guest feels at home and at peace with himself. "The world and all the rest of mankind." No wonder Van-Cott's efforts as a landlord are altogether a success.

The undersigned begs leave to inform the citizens of Monroe county and vicinity, that he has disposed of his entire interest in the Real Estate business, to his late partner, Wilson Peirson, for whom he solicits a continuance of the patronage so liberally bestowed on him heretofore. GEO. L. WALKER. dec. 14, '71-[f.]

The undersigned beg leave to inform the citizens of Monroe county and vicinity, that they have entered into co-partnership, for the purpose of buying and selling

## REAL ESTATE,

as successors to the late firm of Geo. L. Walker & Co., and respectfully solicit the continuance of the patronage extended to the former firm.

WILSON PEIRSON, THOS. STILLMAN, dec. 14, '71-[f.]

Will water burn? And if so, can burning water be used at a moderate cost for fuel? The public mind of Peoria, Ill., has been of late much exercised upon these questions. A stranger and a Yankee came to the city and claimed that, by burning mixed water and oil in it, he could heat a common cooking stove red-hot in five minutes. The proportions were four gallons of oil to five gallons of water, and with this quantity the inventor said that he could run a steam-engine for thirty days, heat twelve furnaces, or light a whole city with gas. The oil was worth fifty cents a barrel, and cooking, heating, and lighting were thus to cost almost nothing. A stock company was started to push the enterprise, and it was found that "by the aid of twelve gallons of oil two gallons of water could be evaporated." It didn't promise overwhelming dividends. The corporation disembodied itself as fast as possible, and the inventor, packing up his gas pipes and oil cans, left Peoria to enlighten and warm some other region.

EDITOR JEFFERSONIAN.—Dear Sir,—Having formerly been a resident of Stroudsburg, and also having frequently perused, through the columns of your valuable paper, the very interesting letters of your Scranton "Critic," we concluded to drop you a line. Since the cessation of those letters, judging from the manner in which your Scranton readers miss them, certainly, your many readers outside of this city must feel the loss of them to a much greater extent. However, to the best of our ability, we shall endeavor to furnish you with a few interesting items: Our city elections, which take place on Friday next, May 3d, bid fair to be the most exciting ever yet held in this place. Conventions have been held, and candidates placed in nomination, and to-day, there are no less than three tickets in the field, viz: The Democratic ticket, (so-called), the Republican ticket, and the Labor Reform ticket. The first named, (Democratic) ticket, is composed, with but one or two exceptions, of Irishmen, the nominees of which are well-known leaders of what is known as the "Court House Ring," and who are first and foremost in every species of fraud and corruption that can possibly be perpetrated upon a community. That party will stand no show at all. The regular Republican ticket is a miserably botched up affair, composed solely of political tricksters and scoundrels, who are at this time, and always have been, a continual drainage upon the public treasury. In order, if possible, to inveigle the public into supporting their ticket, they have placed in nomination church members—that's a Joke—and prominent men represented in every branch of trade, yet, we opine, that we but express the opinion of the majority of the voters in this district—Republican that we are—when we must emphatically declare that we shall not, by our suffrage, support one nominee of the party, and that it cannot be elected. The Labor Reform ticket, the third and last named, appears to be decidedly the most popular of them all, with every class and nationality of our citizens. It is composed of able and competent men, who have come to the rescue, and will, undoubtedly, if elected, control our city affairs to the entire satisfaction of each and every tax-payer. The Scranton Daily Times represents the so-called Democratic party, the Scranton Republican sustains the Republican nominations, while the Daily and Weekly Democrat, the City Journal, the Wochenblatt, the Banner America and the Public Code, together with the major portion of our well thinking citizens heartily endorse the Labor Reform movement. To use a rather vulgar phrase, a "red-hot" time is anticipated. The political hot-mobbing which is at present going on in our midst, was never before equalled, and it is to be sincerely hoped that the laboring men and tax-payers of this city will look to their interests, and cast their votes accordingly. Certainly, a Reform in the municipal affairs of our city, are sadly needed.

Since writing the above, another ticket has been formed, known as the Citizens ticket. It is composed in part of the regularly nominated candidates of the Republican and Labor Reform parties, and this action has had a tendency to create a furor in all circles, inasmuch as it will probably be the means of electing the whole Irish ticket, and then, in the language of the Democrat, "the city will be run to the Devil with a high pressure."

The season thus far has been very unhealthy throughout this section. Black Fever, Small-pox, etc., are the prevailing epidemics, and the number that fall victims to these terrible diseases, is alarming in the extreme. We are happy to state, however, that the number of cases of small-pox that have been reported is small, and also, that the Black Fever epidemic is abating.

In the way of amusements, we have been particularly well favored during the past winter, but decidedly the grandest event of the season is yet to take place. Mr. Joe Jefferson, the world's favorite comedian, supported by first-class troupe, will appear at the Opera House, in his celebrated character of "Rip Van Winkle," on Friday and Saturday evenings, May 3d and 4th. P. T. Barnum's colossal combination is also to visit Scranton on the 23d of May.

The second terrible explosion of fire-damp within a month occurred at the Pine Brook shaft, by which three men were so severely burned that their lives are despaired of, and two more were slightly injured. This was soon followed by another explosion at the Hampton shaft of the D. L. & W. Co., by which seven men were more or less injured, a number of whom have since died.

Great Loss of Cattle in Texas. Both the late cold weather and the drouth, have occasioned an immense loss of cattle in many portions of Texas. Indeed the stock interest has not received for many years such a severe blow. According to the Texas papers it is estimated that 200,000 head of cattle have died during the past few weeks in Western Texas. The loss has been fearful between the Goliad and Nueces rivers. In Goliad alone 25,000 animals have been skinned, and about an equal number in San Patricio and Karnes counties.

The San Antonio Herald says that in a space of one mile opposite Helene, 1,000 or more animals have been skinned.—Within a space of three miles near Kennedy's Ferry, on the Nueces, 5,000 more have died, and many of the carcasses have been stripped of their hides.

At last accounts the cattle were dying in Texas at a fearful rate, from starvation. After the cold weather came a terrible drouth, and there was literally no grass for them to subsist upon. So the loss of stock in the counties above mentioned, in Victoria, DeWitt, Gonzales, and other neighboring portions, this winter and spring, may be estimated at about one-half. We rejoice to learn that abundant rains have recently fallen over the State.

Another explosion of fire-damp, occurred at Pine Brook Shaft at Scranton last Friday morning, resulting in the burning of five miners, who were so badly injured that they cannot possibly recover.

This is the last year of the income tax. Go to Simon Fried's for hats and caps. A boy, aged 6 years, at Shelburn, Vt., weighs 133 pounds. Prices at Rusters are in accordance with the times, low, low down. East Tennessee proves to be a first rate tobacco country. Go to Simon Fried's for a nice fitting suit. California boasts an orchard of 426 acres and over 75,000 trees. Ruster has the finest display of Goods ever brought to Stroudsburg. It is not perhaps commonly known that tomatoes will make excellent champagne. Go to Simon Fried's for shirts and Umbrellas. Morris county, N. J., reports a good prospect for a fine crop of peaches.

Everything that at Rusters is warranted to be as recommended or no sale. There are 3,000 confirmed users of opium in New York City. Go to Simon Fried's for trunks and valises. Texas has 75 counties in which there is not a single Sunday School. Go to Ruster's if you wish to purchase a new style Hat. His stock is complete. Caldwell county, Kentucky, promises an unusually good tobacco and wheat crop. In ready made clothing, whether in city or country, Ruster's stock cannot be beaten.

The Plymouth (Iowa) Sentinel says that 40,000 acres, at least, of prairie land, will be this year broken in that country. If all who design purchasing goods call on Ruster they will make money both in quality and price of goods purchased. A bedquilt has just been completed by a Connecticut lady which contains 5216 pieces. Notions, Dress trimmings and fashionable Dress goods are specialties with Ruster and prices rule low. Consumption is said to carry to the grave 200,000 persons annually, on the North American continent. There is no charge for showing goods at Rusters, neither are there cross looks if you do not buy.

Warm weather is coming. Thirty thousand dollars' worth of fans were imported last week. In collars, neck ties, cuffs, &c., for lady's or gents wear Ruster has all the novelties. Call and see them. California proposes to furnish the United States with all the figs it wants in a year or two. In novelties Ruster is ahead of all competitors, beating even Barnum himself, because there is no humbugging in what he offers to the public. Two men in Holt county, Tenn., held an egg-sucking match the other day. The result was, one swallowed thirty, the other nineteen.

Ruster don't boast of numberless trunks, and big and little boxes, but his counters and shelves do what is better—display an array of first class goods, worth looking at and worth buying. The silver production in Nevada for 1871 footed up \$22,000,000, of which the Comstock mine furnishes \$11,000,000; the Pioche, \$4,000,000; the Eureka, \$2,000,000. A man in Missouri recently, by mistake, ran away with his own wife. She was disguised in a fancy ball-room costume, and he did not recognize her for some time. A Virginian met death in a singular manner the other day. He felt unwell, leaned against a picket fence, fainted, fell forward with his head between two pickets and choked to death.

General John A. Logan has written a letter declining to visit the Cincinnati Convention as a delegate, and announcing his intention to stand by the choice of the Philadelphia Convention. Another explosion of fire-damp, occurred at Pine Brook Shaft at Scranton last Friday morning, resulting in the burning of five miners, who were so badly injured that they cannot possibly recover. The Duluth, Herald says that 1,000,000 ties, 500,000 telegraph poles, 10,000 piles, and 6,000,000 feet of logs, at the very least, have been cut on the Northern Pacific Railroad line this winter. Civilization's axe has thus been at work. Wisconsin has just passed a law for the punishment of drunkenness with more than ordinary severity. Hereafter the inebriate is to be considered a criminal, liable to imprisonment for two months, or for as much longer a period as the costs of the action remain unpaid.

Saturday morning a singular looking box, addressed to Superintendent Kelo, of New York, was landed from the steamer Manhattan, and exciting the suspicions of the custom officers, it was opened and found to contain a coffin, on the plate of which was inscribed "John C. Heeman," with a representation of the Angel Gabriel. The coffin was opened and found to contain a lot of lace curtains, horse blankets, &c., and a smaller coffin filled with valuable bronze goods.

The Democratic Convention at Wilkes-Barre instructed their delegates to vote for Col. H. B. Wright for Governor. The report of the Secretary of War, lately transmitted to Congress, contains a statement of the number of colored soldiers enlisted during the late war. The total number enlisted was 178,975, of which 144,426 were slaves. The Secretary states that in case the bill now pending before the Senate Military Committee passes, providing for the payment of bounty to enlisted slaves, \$2,000,000 will be required to pay the bounty allowed.

An Australian paper gives a very simple remedy for all forms of sore throat, and one which it asserts is entirely efficacious. It is wearing a soft old silk handkerchief next the skin and close around the neck, especially during the night. A common sore throat is said to be relieved in an hour by this application; a serious case requires a day to be cured. Such a remedy is so simple that every one may easily test it without danger or difficulty. Henry Ward Beecher, in a recent lecture on Wall street, delivered in Boston, said: "I have buried four generations of men from Wall street in twenty five years. Wall street is a dunghill of mushrooms. There is a vast growth of men in every single year and every year they are trampled down in hosts. I know but one or two men in that time who have been able to make permanent gains, and hold their gains; they added other means of accumulation which were the foundation of their stability; and I believe that all the men there are trying to be rich in uncanny ways, and trying to be rich without paying for what they get."

A contemporary says: The average yield of oranges per tree in California is set down at 1,500. If 1,000 oranges be assumed to each tree, however, seventy trees be assumed to the acre, the product of 700,000 oranges results. Calculating that these sell at \$20 per thousand, the result of \$14,000 for an orchard of ten acres is given. Cutting off one half to allow for contingencies, \$7,000 still remains as the offspring of a single crop.—The proceeds of a recent crop at Los Angeles is reported at \$20,000, while \$500 included the entire outlay due to pruning, taking off the ground, and so forth.

The eruption of Mount Vesuvius, which has been increasing in violence since the first sign of commotion, has now reached an unwonted state of grandeur. A new crater has been formed and streams of lava are pouring down the mountain side in different directions. Naples is already crowded with visitors, and tourists are arriving from all parts of Europe to witness the spectacle. It was reported in London on Friday that sixty persons, whose curiosity had led them too near the volcano were killed by a shower of lava.

The nature of the food of the shad has long been a problem, as, when ascending rivers in the spring, their stomachs are generally found entirely empty. A communication of Prof. Leidy, published in the Proceedings of the Academy of Natural Sciences, in Philadelphia in 1868, may tend to throw some light on this subject. In this paper, which bears date October 20th, he states that he had just examined specimens recently caught in the Delaware and off the New Jersey coast, and found the stomachs full of small fishes belonging to the species known as sand lces (Annodyles amaricanus), of which as many as thirty were found in a single stomach.

According to The Kansas City News, the women of Topeka have assumed judicial functions of the Lynch variety. The story is that a woman of the neighborhood had led several married men from the path of virtue. Mrs. Neisinder, the offender in question, was one day last week, waited upon by the wives of four of these unfaithful spouses, who brought with them tar, turpentine, feathers, ropes, and cayenne pepper. The helpless woman was stripped, tied hand and foot, tarred and feathered, and then the pepper rubbed into her eyes and nose, after which she was left, still bound, to live or die as might be. Two of these harpies have been arrested and committed for trial. We have a cheering example of the sweet charity which women always entertained for an erring sister. Of course men have committed outrages quite as great; but it is not the business of lovely woman and to set them a better example, especially when a poet has kindly said of them, "We had been brutes without you?"

A terrible affair is reported from the Indian Territory. A desperado named Proctor was on trial last Monday at the Indian Court House, near Dutchtown, for the murder of a woman on the 13th of February. Deputy Marshals Owens and Peavy, with a posse, went to the Court House with instructions, if Proctor was not convicted, to arrest him on another charge. The party, on approaching the building, were fired upon from the inside, and a general fight ensued. Seven of the Marshal's force and three of the assailants were killed. Three of the posse are missing. The wounded numbered sixteen or seventeen, including Marshal Owens, whose injuries were supposed to be mortal. The Sheriff was among the killed, and the Judge was wounded in the knee. Proctor, the murderer, was guarded by 11 of his comrades. A letter from Marshal Peavy was received at Fort Smith, Ark., asking assistance, as an attack on the survivors was momentarily expected, and a force of thirty men left for the scene of the tragedy. A demand has also been made on the Cherokee authorities to assist in taking the murderers, dead or alive. General Sheridan has ordered General Grierson, with two companies of infantry, to occupy Fort Gibson, and drive out the desperados from the Indian Territory.

Thousands of bushels of potatoes were frozen in the farmers' cellars in Vermont during the month of March. A Washington dispatch says that there is a movement on foot, understood to be approved by the administration, to place Senator Scott of Pennsylvania on the ticket with Grant, as a candidate for Vice President, for the purpose of healing the difficulties and divisions which exist in the party in Pennsylvania. A person who was called into court for the purpose of proving the correctness of a doctor's bill was asked by a lawyer whether "the doctor did not make several visits after the patient was out of danger." "No," replied the witness, "I considered the patient in danger as long as the doctor continues his visits."

The value of coffees entered at the New York custom house for the first quarter of the current year, is \$7,244,125, against, for the corresponding term in 1871, \$4,049,368; and in 1870, \$3,144,286. The imports of coffee at the port of Baltimore for the first quarter of 1872 were 112,802 bags, against, for the corresponding term last year 147,613 bags. DOCTOR, WHAT IS IT? Is a question frequently asked by a patient, who, though perhaps not sick enough to be confined to his room or bed, nevertheless feels himself physically unable to attend to his usual avocations. There is a falling or general breaking down of the system, but no symptoms sufficiently marked to be classed as a disease, yet peculiarly trying to the sufferer. The feelings cannot be expressed—Doctors don't understand it; they may prescribe hopefully, yet blindly, and without result. Mishler's Herb Bitters is the best Remedy for these nameless disorders. Try it and be convinced!! Sold by all Druggists. Price \$1 per Bottle. [May 2-1m]

DIED. At East Stroudsburg, on Monday, the 29th inst Capt. Chas. Spering, an old resident of County, aged 76 years. Cause of death apoplexy. In Philadelphia, on the 26th inst William Overfield, Jr., of cerebro spinal meningitis, aged 48 years. Register's Notice. Notice is hereby given to all persons interested in the Estates of the respective decedents, that the following accounts have been filed in the Register's Office, of Monroe county, and will be presented for confirmation to the Orphans Court of said county, at Stroudsburg on Monday, the 27th day of May, at 10 o'clock, a. m. Account of Charles J. Shafer, Administrator of Geo. Shafer dec'd. Account of Joseph Fenner, Executor of Margaret Fenner, dec'd. Account of Joseph Brong, Executor of Jacob Brong, dec'd. Account of Joseph Fable, Guardian of Martha Heller. Second account of L. W. Van Buskirk and Andrew Kiser, Executors of George L. Van Buskirk, dec'd. Account of David R. Malvin, Guardian of Elizabeth M. Hollinshead. Account of Stephen Kistler, Guardian of Edwin K. Edinger. Account of William Smith, Administrator, de bonis non, of Peter Snyder, dec'd. Account of J. Madison Price and Townsend Price, Administrators of Charles Price, dec'd. Account of John Heller, Executor of Ludwig Smith, dec'd. Account of M. G. Frutchey, acting Administrator, of William W. Frutchey, dec'd. Account of Juliana Zuber, Executrix of Coplin Zuber, dec'd. Account of Hetty Shellenberger and David Shannon, Administrators, of Jacob Shellenberger, dec'd. Account of Philip Depue and John Turn, Administrators of Melchior Depue, dec'd. JOHN S. FISHER, Register. Register's Office, Stroudsburg, May 2, 1872-4t

CAUTION. All persons are hereby notified not to fish or trespass along the streams passing through the premises of Geo. W. Price, John Price and Samuel Grisum, under penalty of the law. The law in these cases will be rigidly enforced. GEO. W. PRICE, JOHN PRICE, SAM'L GRISUM. Barrett (sp, may 3-3t\*)

United States Internal Revenue. Assessor's Office, 11th Dist., Pa. May 1st, 1872. Notice is hereby given that the lists of Assessments of Taxes on Income for the year 1872, and of special Taxes for the year 1872, for the Counties of Northampton, Carbon, Monroe, Pike and Wayne will be open for inspection to all concerned, and that appeals relative to any erroneous or excessive assessments will be received and considered at the office of the Assessor of Internal Revenue in the Borough of Easton, on the 20th, 21st, and 22d of May 1872. All appeals must be made in writing and must specify the particular cause, matter or thing, respecting which decision is required, and must moreover state the ground or principal of error complained of. W. H. THOMPSON, ASSESSOR OF INT. REV. Easton Pa., May 1 1872] 11 Dist. Penn'a.

Sheriff's Sale. By virtue of a writ of ven. ex. to me directed, issued out of the Court of Common Pleas of Monroe County, I will expose to sale, at Public Vendue, on SATURDAY, the 18th day of May, 1872, at 2 o'clock in the afternoon, at the Court House in Stroudsburg Monroe County, the following described Real Estate, to wit:—All that certain lot or piece of land situated in the Borough of Stroudsburg, in said County, on the North side of Main street, being 50 feet in front on said street, by 400 feet deep, bounded by land of Daniel H. Wyckoff on the west and Rebecca Drinker, on the east. The improvements are a Fame Dwelling House, 24 x 36 feet, 3 stories high, with Kitchen attached 16 x 18 feet and other out-building; lot of fruit trees on the premises, water near the door. Seized and taken in execution as the property of Jacob L. Wyckoff, and to be sold by me for cash. CHARLES HENRY, Sheriff. Sheriff's Office, Stroudsburg, May 1, 1872-3t
