THURSDAY OCTOBER 17, 1872.

REPUBLICAN TICKET.

FOR PRESIDENT.

ULYSSES S. GRANT, of Illinois.

FOR VICE PRESIDENT.

HENRY WILSON, of Massachusetts.

The Liberals are not the most jolly set to be found in this latitude. They put in to win, and got most awfully cawloped. Served them right, but we are sorry to see them feeling so bad over it.

The official vote of Monroe County, will be found in another column. Though the borough of Stroudsburg and some of the Townships have fallen behind in their Republican vote, it is gratifying to know that Smithfield holds her own. In 1854 she commenced polling 54 Republican votes, and we believe, she has held to that number ever since. Success to her gallant Republicans.

Our neighbor across the way, last week, published a long list of political leaders, who somersaulted it from Republicanism to Liberalism and Democracy, and boasts of it. But where's the good when the rank and file did not follow? What do Generals amount to without the soldiers? Heretofore we have been content with from 8,000 to 15,000 Republican majority in Pennsylvania, and expected neither more than the higher nor less the lower number this fall. But here some hundred or two leaders, whose hold upon official pap was getting mighty weak, left us and went to Democracy, and behold, as a result, some 20,000 voters leave that party and come over to us. They could not stand the pressure of so many worn out Republican hacks, and hence helped us swell our majority to some 35,000. Why, if "a few more of the same sort left," as the razor strop man used to say, would go over, between now and the 5th of November, the thing would become so lopsided there would be no use of holding Election.

The licked out coalitionists, just now, are seeking to draw comfort for their almost political annihilation, from the cry of frauds in Philadelphia. Poor fellows let them cry, but, at the same time let them take the flattering unctious to their souls that we should have beaten them 15,000 in Pennsylvania, even with Philadelphia a tie. But that the cry of frauds in Philadelphia is sheer nonsense, is settled by the fact that Hon. Samuel J. Randall, Chairman of the Democratic State Central Committee, and Alex. McClure, chairman of the Liberal Republicans, both announced to the faithful that every precaution was taken against frauds of all kinds, and that the vote of the city would be the fairest cast in years. Indeed there could have been but a poor show for fraud, even if any such thing had been intended, for the total vote of Philadelphia falls some 12,000 behind what it was three years ago. No; gentleman, the true reason for your over whelming defeat in Philadelphia, is to be found only in the fact that the Republicans had 20,000 more honest votes there than you had.

The total vote cast for Governor in Philadelphia last week was 118,119—more than forty thousand less than the whole number registered. The Republican vote was about ten thousand more than that of last year, and the Democratic vote was about one thousand less than that of last October. These figures show that there was little or no repeating or importation of voters, to which the Democrats seek to attribute their overwhelming defeat. The fact is that the Republicans were earnest and determined, and got out a full vote. Large numbers of the Democrats, on the other hand, are opposed to Greeley, and either did not vote or give their help to the Republicans. "Mully" and his crowd were not faithful to Buckalew, and the Fourth ward vote showed how powerful was their influence. The election was unusually peaceable and orderly throughout the city, and there were very few disturbances at the polls.

Several of our young men joined Robinson's New York State Circus, while here recently, and left with it, on its tour. On Sunday last one of them returned home on foot, having tramped it all the way from Port Jervis. Traveling with the Circus was too much of an Elephant for him.

A Large Pear.—We were shown a few days since a pair that could hardly be classed among the pigmies. The monster weighed 1 pound 4 ounces, and had a circumference of 12 1/2 inches one way and 13 1/2 inches the other. It was raised in E. B. Dreher's garden. We do not know the variety.

We understand that an agreement is now circulating among our merchants, to close all places of business, from now until April next, at 8 o'clock, P. M. We hope the project will carry, so that the young men employed may have an opportunity for recreation, and to attend meeting, and go to see the lassies and such. It is probable that some gate posts may need bracing; but that amounts to nothing when considered in connection with the recreation.

Re-Opening.—By divine permission, the Oakland M. E. Church, which has been closed for several weeks, for repairs and improvements, will be re-opened, on Sabbath next, October 20th, at 3 o'clock in the afternoon. No person need hesitate to be present on the occasion, as the money, (over three hundred dollars), has been already provided for. Come one, come all, and help us to praise God, for his abundant goodness and mercy towards us.

T. W. MACLARY, Pastor.

The south side of the Arkansas river is reported lined for 150 miles with vast herds of elk, buffalo, wild horses and deer.

The Premium, the first premium, and the only premium given to sewing machines at the Monroe County Fair, last week, notwithstanding the fact that the Domestic, the A. B. Howe and the Grover and Baker cornsheller, with operators and got up work imported for the occasion were in competition, was awarded to the Wheeler and Wilson machine. The committee, composed of practical mechanics and experts, after giving each machine a thorough examination, were constrained to say, that for excellence of workmanship, and durability the Wheeler and Wilson, was by far the best. It was evident to all that some of the agents had mistaken their proper location. The things they exhibited there would have had a better place, decidedly, among the agricultural implements. Thanksgiving Proclamation.

By the President of the United States of America: A PROCLAMATION.

Whereas, The revolution of another year has again brought the time it is usual to look back upon the past and publicly to thank the Almighty for His mercies and blessings; and

Whereas, If any one people has more occasion than another for such thankfulness it is the citizens of the United States, whose government is their creature, subject to their behests, who have reserved to themselves ample civil and religious freedom and equality before the law, who, during the last twelve months, have enjoyed exemption from any grievous or general calamity, and to whom prosperity in agricultural, manufacturing and commerce has been vouchsafed.

Now, therefore, by these considerations, I recommend that on Thursday, the 28th day of November next, the people meet in their respective places of worship, and there make their acknowledgments to God for His kindness and bounty.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this eleventh day of October, in the year of our Lord one thousand eight hundred and seventy two, and of the Independence, of the United States the ninety seventh. By the President: U. S. GRANT. HAMILTON FISH, Secretary of State.

POLITICAL.

ADDRESS OF THE REPUBLICAN STATE CENTRAL COMMITTEE.

The Republican State Central Committee, through its chairman, Russell Errett, Esq., has issued the following address to Pennsylvania Republicans:—

HEADQUARTERS REPUBLICAN STATE CENTRAL COMMITTEE OF PENNSYLVANIA.—The Republican State Committee tenders its hearty thanks to the Republicans of the State for the devotion they have shown to their principles and the firmness with which they have maintained the integrity of their party against the fierce assault made against it.

We cannot, without being invidious, select individuals for special mention, but our thanks are particularly due to the chairman of the several Republican county committees for faithful and efficient co-operation, to the many gentlemen through out the State who have given their time and talents to advocating our cause on the stump, to the able speakers from abroad who aided us, and to the Republican newspaper press of the State, which has, by its zeal and ability, commended itself anew to the confidence and regard of our people.

The November battle yet remains to be fought. Practically, its result may be said to be known beyond a doubt; but such remains to be done to make that result certain. We go into the fight with our hearts by the great victory just won; and we must win for Grant a still greater triumph than that we have just gained for Harttrauf.

In carrying on this struggle to its certain and important conclusion, some who have fought us bitterly, and taken active part with the enemy, will attempt to regain in our ranks the places they have willfully forsaken. No one has the right to say that these men shall not come in and vote for Grant; but we have the right to say, and we trust the chairman of every Republican county committee in the State will unite with us in saying, emphatically and irrevocably, that no one who fought against Harttrauf shall be permitted to make a speech under our auspices for Grant. Let them hold meetings of their own, if they will, but not with our aid or permission.

Very respectfully, RUSSELL ERRETT, Chairman.

The Vote in Luzerne County.

SCRANTON, Oct. 14.—The official majority for Buckalew in Luzerne county is 2992. Shoemaker, Republican, is elected to Congress from the Twelfth District by 689 majority.

The Saratoga County Bank at Waterford, N. Y., was robbed at an early hour on Monday morning of over \$300,000 by a gang of nine desperadoes, disguised in Kulluk uniforms, who secreted themselves in the house of the cashier, and afterward bound and gagged the entire family except the cashier, who they compelled to open the vaults of the bank.

A smart woman in Elizabeth, Harrison county, Iowa, has raised and sold four hundred chickens since last spring, thus earning about \$75, and all the Iowa papers are crowing about her.

Monroe County Election Returns, Oct. 8, 1872.—Official

Large table with columns for Townships (Barre, Chenango, etc.) and various candidates (Governor, Judge, etc.) with their respective vote counts.

Simon B. Chase, the Temperance candidate for Governor, received 11 votes, viz: in Hamilton 8 and Stroudsburg 3. Those marked with a (\*) are Republican.

Snow fell to the depth of two or three inches in Windsor, near Binghamton, N. Y., on Sunday night.

The Whig says two Bangor gentlemen caught seventy-eight white perch that weighed 110 pounds.

Ice formed a quarter of an inch thick in Central Iowa, Thursday night. There was a heavy frost at Memphis, Tenn.

An Iowa farmer lately weighed his herd of one hundred and ten cattle and found that they had increased over ten tons in about two months.

Mr. B. C. Whipple, of Newport, has this season harvested sixty-five bushels of corn from sixty three rods of land, which is equivalent to eighty bushels an acre.

At Tilton, Vermont, there is a curiosity in the garden of Mr. James Jones, a sunflower nine feet ten inches high, with no less than thirty-five large flowers flourishing on it, enough to feed a flock of hens all winter.

The Miner's Journal has the following in reference to an aged pear tree: "Yesterday morning Mr. Wm. Shuman, grocer, of this borough, placed upon our table a pear grown the present season upon a tree 105 years old, on the premises of his father, John Shuman, at Espy, Scott township, Columbia county. The tree has borne fruit every year during this period, and may be pronounced a veteran in the service. The specimen of its fruit shown us is a splendid one, and would indicate that the old tree was good for many more years' service."

Philadelphia's Big Spread for 1876.

Philadelphia proposes a building to cover fifty acres of ground. The building used by the London Exposition of 1862 covered less than half the space, or twenty four and one half acres. To construct this building, 1,350 workmen were employed for 60 weeks, and \$700,000 in gold were paid for labor directly to people engaged in the structures, 7,222 tons of cast and wrought iron and twelve and three fourth acres of glass were in the structure. The building in Paris, used for the exhibition in 1867, covered 30 acres. Philadelphia proposes to erect one 30 per cent larger than even this. The United States has placed no money at the disposal of the commissioners to take the initial steps and the Government does not stand behind the scheme, as in France, ready to further and foster every successful movement of the managers. We must do the thing in our own republican way, and we will do it grandly and well; but first we must act as a united, intelligent committee, in which each member is fully informed as to all the plans and methods of action.

Philadelphia, where most of the materials are to be purchased, must furnish the means necessary to take the preliminary steps.—Philadelphia Press.

INDIANA.

Official Returns of the Election.

INDIANAPOLIS, Oct. 14.—The official vote of seventy-seven counties received at the office of the Secretary of State, with semi official returns from the other eight teen counties, give T. A. Hendricks, Dem., for Governor, 893 maj.; Leonidas Sexton, Rep., for Lieutenant Governor, 1313 maj.; W. W. Carry, Rep., Secretary of State, 1163; J. A. Wiedman, Rep., Auditor, 1224; J. B. Glover, Rep., Treasurer, 1520; G. L. Orth, Rep., for Congress at Large, 1147; William Williams, Rep., for Congress at Large, 1474. The balance of the State ticket, except Superintendent of Public Instruction, is Republican. For the latter office, Milton B. Perkins, Dem., is elected. The Legislature, from official returns, will stand 54 Republicans to 46 Democrats in the House, and 27 Republicans to 23 Democrats in the Senate.

The official vote in the Ninth Congressional District elects Neff over Shanks, Republican, by 28 votes, but in one township in Adams county (Shanks' district) forty seven Republican votes were thrown on account of the words "Republican ticket" being printed at the head of the ticket. If these votes are allowed, Shanks will be elected by nineteen votes. Both parties are preparing to renew the contest for the Presidential election.

OHIO.

The majority in this State for the Republicans is not less than 15,000. Hamilton county, in which Cincinnati is situated, gives a Democratic majority of 5646, in consequence of the transfer of the German vote to Greeley. But this is fully made up in other counties. The Western Reserve alone gives 12,400 for the Republicans, and several former Democratic counties have gone Republican.—Official and estimated returns from all the counties on Thursday give a Republican majority of 11,798.

The Republicans have lost two members of Congress in Hamilton county, but have gained three elsewhere, coming out one better than before.

COLUMBUS, Ohio, Oct. 11.—The election returns, in most part official, from seventy-nine counties, give Wilcox, Republican, for Secretary of State, 19,904 majority. The remaining nine counties give a Democratic majority last year of 4546.

Calculating that they have cast about the same vote this year, the Republican majority in the State will be 15,458.—But the Republicans have probably gained several hundred in the unreported counties, making their majority near 16,000 in the State.

A very strange death occurred at St. Omer, Ill., last week. A young man commenced bleeding at the nose, then at the lungs, and finally the blood oozed out of the pores of his skin. In this condition he lingered three or four days, when he died.

Apples are now selling at Greenfield, Mass., at \$1 per barrel. Not many winter apples are brought into market yet, and it is thought many of the farmers will not go to the picking their fruit, as the price does not pay for the labor.

To our Friends and Patrons

We announce that at the late meeting of the Monroe County Agricultural Society, the first premium was awarded to the Estey Organ. With due regard to the energy and zeal of other parties competing for the same prize, we found their instruments, when compared with the superior merits of the Estey, to be 2nd class. In other words only imitations. The style of the Estey is pleasing, its full depth of tone combines a sweetness and power that will make it a favorite in every household in Monroe county.

The ORGAN is durable and fully guaranteed. We invite the public to call and examine our send for illustrated circular.

SOLD ON EASY TERMS. J. Y. SIGAFUS, Stroudsburg, Sept. 26, 1872.

The Sixth Premium.

For six successive years the GROVER & BAKER Sewing Machine has carried off prizes at the Monroe County Fairs. At the late meeting of the Society, it awarded the Premium to this excellent Machine for "DOING THE BEST WORK DONE ON THE GROUND." We did not import our samples from the cities, but showed the Committee the capacity of the Machine, how complete and readily every style of work could be done; sewing through nine thicknesses of heavy cloth, four thickness of leather and sugar boxes; then without any change of needle or thread, sewing cambric, muslin and tissue paper.

After careful examination of the different machines on exhibition the Judges decided in favor of the working ability of the "Grover & Baker." Therefore the very best Sewing Machine for every Lady to purchase is the improved Grover & Baker. Sold on monthly instalments, with full instructions. J. Y. SIGAFUS, Stroudsburg, Sept. 26, 1872.
