The debt of the city of Scranton is nearly three hundred thousand dollars.

Go to Phillips' restaurant and confectionery for good cigars and tobacco, opposite the M. E. Church.

For Sale.—Two new seven Octave Pianos, for sale at the Washington Hotel, Dec. 19 '72-4f.

M. L. Phillips' has the largest and best stock of French and American candies in town. Try them.

Iron is said to be a good tonic for young ladies—but ironing with a little tincture of washboard is said to be better.

Don't forget that M. L. Phillips has just opened his place of business up town, opposite the M. E. Church.

The partial coal famine and the blockade of the Street Passenger rail-way still continues.

Go to M. L. Phillips, restaurant and confectionary for oysters, the largest and best in town. Only \$1 per hundred.

Corner loafers have had a hard time of it of late. A few of the old veterans manage to put in a brief appearance daily.

We were pleased to see our enterprising doctier, Simon Fried, on the street again on Monday. Simon has been laid up, a sufferer with diseased eyes, for over a month.

Why is it that so few sleighing excursions take place this season? We fear that the young men are not acting as gallant toward the fair sex as they should.

Our thanks are due to Mr. Jacob L. Wyckoff, who is slogging around through the West and South West, for copies of Kansas and other papers.

All is again quiet along the lines of battle formed by the "license" and the "no license" leaders in the local option contest this spring. It is said, however, that "no license" will carry Monroe county high and dry.

The sleighing makes our town quite lively. Farmers teams stand in front of nearly every store, or are coming or leaving town at all hours of the day. This should indicate a healthy and prosperous state of business.

The Hon. John B. Storm and the Hon. Richard Staples have laid us under obligations for Congressional and Legislative favors. Our old friend Geo. H. Rowland, Esq., of the Senate, it seems, has forgotten us altogether.

Last week we insinuated that the Post Office had got to be quite a tempting plum for a number of our citizens. This week it appears that another number have laid wishful eyes on the Constabulary. Go in boys, and may the best man win.

Miss Lizzie Malvin, daughter of the late John Malvin, of this place and Mr. J. T. Ridgeway, of Philadelphia, were married on Tuesday morning, and left immediately on a pleasure tour. May happiness and prosperity always be theirs.

Mr. Jacob K. Shaffer has built an addition to his Indian Queen Hotel, and will have it ready for occupancy soon. Jacob is one of the most popular landlords to be found anywhere and his business is increasing so rapidly that this addition was a work of necessity.

Prof. J. M. Singer, proposes holding a Musical Convention for instruction and drill at Moscow, Pa., commencing on Monday evening, January 10th, and continuing four days. The affair will wind up on Friday evening with a Grand Concert. A good time and a rich treat are in store for the Moscovians.

Mr. Wm. Loder, one of our old and most respectable citizens, died, of consumption, at 12 o'clock Sunday night. The deceased lived in this borough and neighborhood all his life, and so urbane was he in manners that we don't believe he ever had an enemy, or came in contact with a person whose respect he did not at once win.

Wm. Dreher, son of Melchior Dreher, and Philip Kautz, son of Henry Kautz, returned home from an extended tour through the West, and South West. Their trip extended over the Plains, and through California, and their return was made, via the Isthmus, and the Sea. They had an enjoyable time and saw many old Stroudsburg and Monroe county boys on the way. Among others whom they visited was Stephen DeYoung, son of the Hon. John DeYoung, who is Hermitizing it somewhere in Kansas, and with whom they spent several pleasant days. They look hearty as Bucks, as though the trip, and the country through which they passed agreed with them.

REMOVAL.—Mr. James Boys, the uniting and consequently successful agent of the Wheeler & Wilson Sewing Machine Co., has moved his place of business from the old stand in Jesse Albert's building, to the building lately occupied by Wm. Rafferty, a few doors East of Knecht's American Hotel, where a full line of Machines, and machine supplies may always be found.

The weather, which had been intensely cold for several days, the Thermometer, on Thursday last standing at thirty-two degrees below zero, moderated considerably and felt quite springlike on Tuesday. Several moderate snows fell during the week. The moon, which came out on Sunday, and, seeing his shadow, returned to his hole again, somewhat missed his calculation.

The alarm of fire on Saturday was occasioned by the overheating of the heater pipe attached to the stove intended to warm the new Masonic Lodge room. Some one had set a boiler of water over the register for the purpose of heating it. This confined the hot air, which heated the pipe to a red heat, and set fire to the floor. It was noticed in time to extinguish the fire before the services of the firemen were called into requisition. The new furniture of which we made mention last week, had a narrow escape.

There are rumors of an "onpleasantness" about to take place between England and Russia, growing out of Eastern Complication. Indeed it is said that the initiative has already been taken by the latter power, and that War cannot be avoided with honor to either party. Where is the Peace Society. It should certainly be up and doing, though we do not know but that it would be just as well to let these rusty old customers maul at each other. They are both, probably growing rusty for the want of a fight.

Gov. Hartranft has been fortunate in all his selections for Cabinet Offices. To two of the positions he has called gentlemen from this Congressional District. The Honorable Samuel E. Dimmick, of Honesdale and Col. John D. Bertollette, of Mauch Chunk.

The appointment of Samuel E. Dimmick, Esq., of Honesdale, to the Attorney Generalship of the State by Gov. Hartranft, is something that could not well be improved upon. Mr. D. stands in the front rank of the Legal profession, is emphatically and unflexibly honest, is a finished scholar, and a genial gentleman, and cannot fail to honor to the office to which he was appointed, as well as the patriot Governor who appointed him.

Col. Bertollette will bring to the performance of the Adjutant Generalship, all the experience which grew out of his brilliant career in the service of his country, during the recent days of its tribulation. He is energetic and honest, and knows precisely what is necessary to secure efficiency in the Military arm of our great Commonwealth. That he will perform the duties of his office faithfully and fearlessly no one who knows him can for a moment doubt.

A Kansas girl has hair nine feet long Cambria county, Pa., contains 28 steam saw mills.

A new county of parts of Schuylkill Columbia and Northumberland, with Ashland for its county seat, is talked of.

The thermometer registered 79 degrees in the shade at St. Augustine, Florida, on the 3d of January.

Secretary Boutwell announces that the actual expenses of the government for the fiscal year of 1872 were \$259,481,844.56.

The will of the late Horace Greeley made in 1871 was probated at White Plains, N. Y., on Monday. The estate amounts of \$225,000.

A movement is on foot to secure the repeal of the local option law. It is boldly asserted that \$200,000 have been raised by the liquor interest for this purpose.

Sophie Barney took a premium at a Montgomery (Ala) fair as "the young woman who would make the best wife for a poor man"

Three thieves entered a Scranton bank at noon one day week before last, and captured money and securities to the amount of \$50,000.

The whole number of hogs slaughtered in Cincinnati during the past week was 39,000; the whole number since November 1, 528,000.

Laurester is advancing. "Parties," from there swindled two Bucks county farmers out of "several thousand dollars by selling them a worthless washing machine patent."

Mr. H. S. EBERLY, of Durlach, Lancaster county, is the owner of 600 turkeys, 500 geese, 300 ducks, and 1,000 chickens, and it takes 15 bushels of corn to feed them daily.

An Ohio cheese merchant has invented an electrical machine for destroying skippers in cheese, and the destroyers in Cleveland have on their bills of fare, "Cheese struck by lightning."

On Saturday afternoon a man named Alfred O. Love, living in Bennett street Boston, shot his daughter, Grace M. Love, only 4 years old, through the head, and then shot himself through the head, dying shortly afterwards.

A most remarkable weather phenomena occurred on Saturday morning between Milwaukee and Sparta, Wis., 180 miles west. The thermometer at Sparta was 45 below zero, while at Milwaukee it was 8 above. This difference was due to two distinct currents of air, that at Milwaukee being from the north, northeast, brisk, with a lively fall of snow, while at Sparta and further west the wind was from the northeast, with a clear sky.

An Iowa country 'squire concludes the knotty ceremony thusly: "Them that the court hath joined together let no man bust asunder; but suffer little children to come unto them; so help you God."

A Reading bar tender has not lived in vain. He has invented a "gargle cocktail" warranted to cure the most obstinate case of sore throat. And now every other man in that city is suffering with an inflamed gullet, and the hourly salutation is, "Let us gargle." And they gargle.

An editor announces the marriage of a friend of his: "He has read himself out of the jolly brotherhood of bachelors, sold his single breasted lounge, packed his baggage and checked it for Glory, waked the gang plank of courtship to the vessel of matrimony, and is now steaming down the stream of bliss by the light of the honeymoon.

Seventy-five ear loads of bones, gathered from the plains of Western Kansas, the frames of defunct buffaloes and Texas cattle, have been shipped East during the past season. The best are selected for combs, knife handles, &c.; and the next best are ground into dust and used for refining sugar; the refuse is ground into meal for fertilizing purposes.

BEDFORD county, Penn., boats one of the biggest families on record. The father and mother, Benjamin and Catharine Troutman, of Londonderry township, in that county, had eighteen sons and daughters. The father and eight of the children are dead, and the ten surviving children weigh collectively 2,215 pounds. The mother, who is about 75 years of age, weighs 200 pounds; and of the children, George weighs 245 pounds, Joseph 220 pounds, John 265 pounds, Daniel 225 pounds, Adam 240 pounds, Sarah and Polly 240 and 200 pounds respectively Annie 200, and Elizabeth 200. The father weighed 180 pounds, and the deceased children ranged between 180 and 225 pounds each.

Distancing the rest of the world in almost everything, it is not a matter of great surprise that this country should exceed the old carrier-pigeon service of Europe through the means of dogs. In the recent terrible and fatal snow storm, which brought desolation to so many heartstones in Minnesota, there is related the following one pleasant incident:—

Among the railroad men suddenly storm bound near St. James, was one who was much concerned for the safety of his wife and children, some seven miles away from the spot where he was snowed and frozen in. Imagine his joy when a sheep herd dog belonging to him came bounding into St. James with a little leather bag attached to his collar, in which was a letter from his wife containing the joyful intelligence that they were "all well at home," and asking for news of her husband. Another letter was written in forming the wife that the husband was safe, and would return home as soon as he could reach there. This letter was placed in the leather bag and the faithful animal told to "go home." Away started the almost human animal, through the fearful storm and snow drifts, and arrived safely at home with the precious news so anxiously looked for by the waiting wife and mother. The next day the husband reached home.

What are the carrier pigeons of Paris to this faithful dog?

Me go to chail!—But I can't go! Dere's my pizness—my bakery. Who pakes my bread when I bee gone?" Then, casting his eyes about the court appealingly, they fell upon the good natured face of jolly Chris Ell waner, a fellow countryman, who had no objection to being put in the place of the offender. Turning to the Judge, he said, in sober earnest, "Dere's Chris Ell waner! He's got nothing to do send him!"

Cure for Rheumatism.

We find the following cure for this very troublesome disease floating among our exchanges. We don't vouch for its remedial qualities, but it is worthy of a trial from those who are afflicted. If it does no good, it certainly will do no harm:—Boil a small potful of potatoes, and bathe the part affected with the water in which the potatoes were boiled as hot as can be applied, immediately before going to bed. The pain will be removed, or at least alleviated, by the next morning. Some of the most obstinate rheumatic pains have lately been cured by one application of this novel and simple remedy.
