THE revival meetings held in the Presby terian church in this borough during the past winter culminated in most glorious re ligious results. On Sunday last forty-four new members were received into full communion. These with the twenty received in February makes an addition of sixty-four to the membership as the result of the winter's work. The Rev. Mr. Dinsmore, the pastor, is certainly to be congratulated over the success which his Divine Master has vouchsafed

Their show rooms now measure 25 by 100 feet, and these with their large basement are already filled furniture, principally of their own manufacture. It will pay to visit the establish ment first to see what is to be seen, but it will pay still better to call if you wish to purchase any thing in the furniture line, for here you can get just what you want at the lowest prices.
