### THE "WAR OF RACES."

in this country is not aggressive, murder- crusade for its prevention. ous, or disorderly, and that, as in the masdealer was killed in the struggle, and several escape the yawning precipice. of the crew wounded. The slaves had all the whites in their power, but they did only what was necessary for their freedom. The difference between their conduct and that to which they had been subjected to by whites was sublime. But they were denounced by Calhoun and Benton and Webster as "murderers and mutineers." If

they were so, what were Washington and men who were carrying them to the sham-

bles in New Orleans? Just before, in 1839, occurred the case of the Amistad. Against Spanish law a cargo of slaves stolen from Africa was landed in Havana, and was transhipped in the Amistud to Principie. The Africans rose, as Americans would have risen, and took the most improved method, how principal and cook were killed; but, havis neatly done. All work waranted, ing gained their liberty, the slaves spared mon, the thrilling story, the melting poem, everybody else, including the slave-dealers who were carrying them to market. The people are apt to suppose. ### GROWING OF OPIUM-EATING.

The importation of opium now amounts in the United States to nearly 250,000 pounds annually, says the Inter-Ocean ; ten times more than it did thirty years ago. It is estimated that one-third of this quantity is used for medical purposes. Therefore, 160,000 pounds are now expended in stimulating the people of the United States. Considering that a taste for opium-eating, once acquired, is about as difficult to throw off as original sin, the evil is likely to in- of the sufferer,

crease rather than diminish.

"In this boat there were about a dozen of his own shipmates, the officer saperintending the punishment, a lieutenant of ment was kept short of inflicting death.
