With a united Republican press, and an undivided public sentiment in their favor, the prospects for Hartranft and Rawle next November are certainly very promising.

The Law's Delay.

[From the Harrisburg Telegraph.] A case from Blair county has just been decided by the Supreme Court which illustrates to an alarming degree the uncertainty and delay of the law. One Farrell sold a tract of coal land to Lloyd in 1854 for six thousand dollars-one thou. sand paid at time of deed, on the 1st of July, 1854, and the balance of the \$6,000 secured by judgment notes payable in two and three years. When these came due defect in the title to the extent of two. thirds, that quantity of the coal tract hav-The Brodheadsville and Kresgeville ing been recovered from him by reason of defect in Farrell's title. Lloyd took the case THE ROUTE CF THE PROCESSION to the Supreme Court, and they reversed to Pocono St., down Pocono to Main St., Jury, and the court, following the supposed Main St., to Ann St., up Ann to Race St., jury to render a verdict for the defendant, where the procession will be dismissed and tribunal reversed the court below the second time because they said the case should have been given to the jury.
