

The Signal Office reports that it was blowing on Pike's Peak Thursday last, with temperature of 35 degrees.

And now it is said that the ladies of the period are injuring their health by slow fashion. As long as the pull-back dresses are fashionable, the reason for their unpopularity is obvious enough.

W. F. Schroeder, the young German who has announced his determination to construct a balloon to make the voyage to Europe in fifty hours, has begun the work of building the air-vessel. It is expected that the balloon will be finished in less than a month.

An ingenious scamp in Philadelphia got possession of a complete suit of clothes the other day by calling at a dwelling house and informing the lady that her husband, who was a wholesale grocer, had fallen into the hands of moonshiners and needed a change of raiment. His story was false, and the explanation that followed on the husband's return in the evening caused amazement and anger, mingled in about equal proportions.

General Crook's expedition has penetrated to Custer's Gulch, in the Black Hills, where two hundred miners were found. In the meantime Spotted Tail's indignation was waxed warmer, and he proposes to put a claim of \$7,000,000 for damages incurred by his people in the invasion of their country. Before what court or tribunal the avicious red man will present this claim is not, however, stated. Gold, according to the source of this information, which is a special correspondent of the Tribune, really exists in the Hills.

**Moulting Canaries.**  
The bird moulting season is coming on. When your canary birds are moulting and cease to sing do this: Put a little oxide of iron (from rust from the drug store), or a couple of lath nails in the water they drink; take away their bath, so that they can't get any drink but their medicine. In another cup immerse a little saffron. The latter gives color to the incoming feathers. The iron braces their systems while moulting.

**Milk as a Remedy for Diarrhoea.**  
Considerable has been said in medical journals concerning the value of milk as a remedial agent in certain diseases. An interesting article on this subject lately appeared in the London Milk Journal, in which it is stated, on authority of Dr. Benj. Clark, that in the East Indies warm milk is used to a great extent as a specific for diarrhoea. A pint, every four hours, will check the most violent diarrhoea, stomach ache, indigestion and dysentery. The milk should never be boiled, but only heated sufficiently to be agreeably warmed—not too hot to drink. Milk which has been boiled is not fit for use.

**Locomotive on Legs.**  
The walking locomotive is a French machine which has six feet in place of the ordinary driving wheels. They are heavily clad with india rubber, weighing two and a half pounds to each four-tenths of an inch square surface. The two middle feet are connected by a horizontal shaft and move together at a moderate pace, but the other four feet are independent of each other, and strike the ground successively, trotting at a rapid pace. The machine is said to maintain a much firmer "hold" on the rail or ground than can be obtained with a locomotive's driving wheels, and hence it can pull heavier loads on equal grades, or the same loads on heavier grades than the locomotives now in use. *Ironmonger*, an English journal, says that the walking locomotive can be used on grades of one foot in ten.

**A Terrible Tornado in Pike County.**  
A despatch from Milford, Pike county, Pennsylvania, dated August 9th inst., says a destructive storm of wind, hail and rain swept over the lower part of this county last Thursday afternoon. About half past four o'clock the large clouds, one moving rapidly in a northwesterly direction and the other to the southeast, came together over two mountain ranges about two miles below Dingman's Ferry, in Delaware township. The collision was followed by a terrific report, and almost instantly great volumes of water began pouring down. In a very short space of time every ravine and hollow in the mountain side for ten miles became the bed of a rushing torrent of water which swept into the Delaware valley, uprooting large trees in their course, and displacing huge rocks, which were borne along into the fields below. Hundreds of acres of corn and backwheat fields were covered by these streams, and the crops totally destroyed. Miles of fences were swept away, and many cattle feeding in the pastures were drowned.

**HEAVY STORM.**  
NEWARK, N. J., August 12.—A heavy storm yesterday did great damage in Orange valley, sweeping away dams, bridges, roads, crops, &c. Littlewood Park, Orange, was materially injured. The total loss is estimated at about \$75,000.

PATERSON, N. J., August 12.—Yesterday's heavy rains have greatly swollen the Passaic river and caused freshets in its tributaries, which have done much in this city and carried away several bridges above Paterson. Near Singack, above Little Falls, some damage was done by a whirlwind, a barn being leveled to the ground.

ELIZABETH, N. J., August 12.—A tornado passed over a section of Union township yesterday afternoon. The rainfall was tremendous, and the Rahway river rose eight feet inside of half an hour. Bridges were swept away and much other damage done.

The loss caused by the storm in New Jersey to-day has been very heavy. In Orange county the damage is estimated at \$100,000 to \$200,000, and in Passaic county at \$50,000.

A severe storm of wind and rain swept over the northern part of New Jersey at intervals between Wednesday night and Thursday of last week. In some localities the wind lashed itself into a tornado, inflicting a great deal of damage upon property.

In Tioga county, Pa., eighty two sheriff's sales have been announced.

There are sixty-five persons in the Montgomery county jail, two awaiting trial for murder.

An annular eclipse of the sun will occur September 26th. It will rise eclipsed, visible at all points east of the Mississippi river.

This is the time of the year when you can't sometimes most always tell what kind of weather fifteen minutes will bring forth.

The losses to fire insurance companies the first six months of 1875 in the United States are \$26,000,000; as much as during the whole year of 1874.

Boston papers say the business signs indicate that there is more confidence in the future, and that the reaction in values so long looked for has begun.

"I think I have seen you before, sir. Are you not Owen Smith?" "Oh, yes, I'm Owen Smith, and Owen Jones, and Owen Brown, and Owen everything."

Bishop Cummins states that there are now fifty ministers and forty congregations of the Reformed Episcopal Church in the United States and Canada.

Reports from a number of the heaviest grain-growing districts of Nebraska give encouraging accounts. The grasshoppers have entirely disappeared in most places.

Berks county can boast of a rival to Tom Thumb in the person of a certain Master Kline. The little fellow is 7 years old, and has not yet soared above thirty-two inches.

**SINGMASTER'S PUBLIC SALE**  
OF VALUABLE  
**REAL ESTATE.**  
The undersigned will offer for sale at public vendue, on  
Tuesday, August 24, 1875,  
on the premises, at 2 o'clock p. m., the following valuable Real Estate, viz:  
No. 1.—All that certain message and tract of land, known as the late Jacob Singmaster, deceased, situated in the Borough of Stroudsburg, the county seat of Monroe county, Pa. The land fronts on Main street 22 1/2 feet, on Pocono street 45 feet, and on Ann street 20 1/2 feet, containing  
**One and Three-Eighth Acres.**  
It is most beautifully shaded with Evergreens, Maple and other trees. The improvements thereon, consists of a  
Suburban Ornamental Villa,  
Built of Solid Masonry in Brick, Lime-stone, Sand-stone and Brown-stone,  
56 x 60 feet, three stories high, with a French roof over the whole, surmounted in the centre with a dome, and at the South-west corner by an observatory. On the East side of the Villa is a two-story  
Brick Kitchen,  
20 x 22 feet, French roof on it, and a 16 feet wide porch on the other three sides of the building. All the windows and door frames are of dressed brown-stone. The entire building can be heated by hot water or steam, and lighted with gas. Bath rooms and water closets on every floor of the house. All parts of the house are connected with the Stewart's room by annunciators and speaking tubes. A 10 feet wide Hall extends through the centre of the building on each story with the rooms either side. The wood used in the house is all perfect; nowhere, not in the floors, doors, frames, stairway or bath rooms can a knot or a flaw of any kind be found. The main building contains 15 rooms, all large, airy and well ventilated. All the rooms and halls are frescoed in oil colors. But the crowing glory of the building is its magnificent stovary—running from the first floor, in the centre of the hall, to the large dome in the roof, from which it is lighted—built in a most massive style, throughout of black walnut, after the fashion of the old Barons. Also a two-story  
Dwelling House,  
35 x 45 feet, with a two story Kitchen 16 x 20 feet, a Barn 23 x 100 feet, Carriage House, Ice House, Henney, a brick Coal-shed, Corn Crib and Wagon House, 2 Foundations of Water and a Deer Park, all in good order. As Stroudsburg, with all its variety of delightful scenery, refreshing and bracing air, is becoming known to thousands of invalids and pleasure seekers, who spend the summer months here—this property for location, beauty and comfort, would be most admirably adapted for a first class permanent residence.  
No. 2.—A lot on Main street 85 feet front and 124 feet deep.  
No. 3.—A triangular lot on Pocono Creek, in said Borough.  
No. 4.—Contains FORTY-FIVE ACRES and FIFTY PERSHES in Stroud township, adjoining the Borough of Stroudsburg. This tract is all under a good state of cultivation, located high, and on the highest pinnacle near the centre, is a *Crested Horse*, from which the lovers of comfort and cool breezes, can enjoy themselves to their hearts content, by viewing the splendid valleys and magnificent mountain scenery for many miles around. It is well calculated by nature for a driving Park; for which purpose it was frequently used by Mr. Singmaster.  
No. 5.—FOURTEEN ACRES, good land, in Stroud township, near said Borough.  
No. 6.—FOURTEEN ACRES in Stroud township, near said Borough, divided into three lots. Nos. 5 and 6 will be sold in town lots separately or altogether, to suit purchasers.  
No. 7.—About TEN THOUSAND ACRES of  
Timber Land,  
located in Smithfield, Barrett, Price, Hamilton, Ross, and Stroud townships.  
Terms and conditions will be made known on day of sale, by  
HENRY SINGMASTER, Adm'r.  
JAMES SINGMASTER, Adm'r.  
Stroudsburg, August 5, 1875.—3t.

**CAUTION!**  
All persons are hereby cautioned not to trespass on any property of the undersigned, situate in Stroud township, Monroe county, Pa. Any one violating this notice will be prosecuted to the full extent of the law.  
JACOB H. BUTTS,  
Stroudsburg, July 29, 1875.

**Auditors Notice.**

about 6 Acres Timber Land, the balance improved land, fine stone soil, in a high state of cultivation. The Improvements are:  
**Frame House,**  
containing nine rooms; Barn 32 by 40 feet; Wagon Shed, 15 by 30 feet; and Carriage House attached, and all other necessary out-buildings; a never failing well of water near the dwelling. There is an excellent Orchard of  
**Choice Fruit Trees**  
on the farm, consisting of Apple, Peach, Cherry, Plum, Prunes, Crab-apple, several varieties of Grapes, standard and dwarf Cherries, &c.; a Lime Kilo, and one of the best stone quarries in the valley. The Soil has capacity enough to turn out one hundred and fifty bushels of lime per day.  
The crops and stock can be bought with the Farm. Here is a good chance for a bargain.
