Pugnacious Goat.

[From the Louisville Courier-Journal.] His head was the shape and size of a Bullet county watermelon, and he was so black that charcoal would make a light mark on him. The goat was asleep leaning against the house. The darkey was smoking a decayed cigar. He espied the goat, looked at the lit end of the cigar, grinned, then at the tail end of the goat, "grinned louder," looked all around to see that nobody was looking, and touched the lit end of that cigar to the tail end of that goat. The goat turned a hand-spring, and the negro opened his big mouth to laugh, but the goat butted him so quick between the chin and his breeches-pockets that his jaws came together making a noise louder than the report of a gun. The negro's hat, boots, and cigar lay in a pile, ten feet off, while his body was curled up like a horse-shoe in the mouth of a sewer-opening. When he "came to" he looked around at each one in the crowd, and dispersed the by saying: "Will some-ob 'you gemmen, shoot me with a pistol? A nigger dat's big a fool as I is ain't got no business libin'."

Secretary Delano has formally resigned his incumbency of the Interior department, to take effect next Friday. His letter of resignation is dated July 5th, but it was not accepted by the President until last Wednesday. President Grant's letter is highly complimentary to the ability and integrity of the retiring Secretary. It is reported that the vacant position has been tendered to Hon. Wayne McVeigh, of Pennsylvania.

CRAWFORD COUNTY, Pa., has in operation 68 factories, producing 6,310,000 pounds of cheese; Erie county 22 factories, producing 2,610,000 pounds of cheese; Berks and Venango counties 11 factories, producing 647,700 pounds of cheese; aggregating in the four northwest counties 101 factories, producing 9,557,700 pounds of cheese. Of these 101 factories only five are manufacturing milk that has been in the least skimmed. Two are regular creameries.

Judge Pershing has written a letter accepting the Democratic nomination for Governor. In this document he says he is opposed to inflation, but gets over the difficulty by declaring that the Erie platform does not favor it! In this he differs sharply from the men who made the platform and mean to make it the national policy if they can. The Judge further says that he will not resign his seat on the bench, pending the election, which decision certainly will not strengthen his position as a political aspirant.

Cedar for Hen Lice. A breeder of poultry writes: Every spring I procure a quantity of cedar boughs, and scatter them plentifully in and around the hen house. This is all that is necessary, as the odor of the cedar keeps away lice. The remedy is cheap, simple, and effective, and is well worth trying by all who have to care for.

Cattle in the West. The sale of short-horn cattle now going on at various points throughout the West, indicate anything but hard times among the farmers. Fancy cows bring \$2,000, \$3,000, \$3,500 and \$4,000, according to pedigree and appearance, and the poorest of these fancy cattle bring from \$125 to \$150 each. It is a cheering sight to see the Western farmers devoting their attention to the improvement of their herds, and to the greater diffusion over the country of blooded stock; but it is much more cheering to know that they are so generally able to indulge in these extreme figures in carrying out that purpose. We have a strong inclination to doubt the wisdom of giving these high prices for fancy stock; but we are very certain that they could be obtained if the farming interests of the West were not exceptionally prosperous.

Ayer's Cathartic Pills. For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild purgative, and an excellent cathartic. Being purely vegetable, they contain no mercury or mineral whatever. Meticulous attention has been given to their preparation, and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the Pills with which the market abounds. By their occasional use, the blood is purified, the secretions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by Ayer's Pills, and stimulated into action. This incipient disease is changed into health, the value of which cannot be reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and prevents their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although so gentle, they are not to be used without disturbance to the constitution, or without occupation. Full directions are given on the wrapper to each box, how to use them as a Family Medicine, and for the following complaints, which these Pills rapidly cure: For Dyspepsia or Indigestion, flatulency, nausea, languor and loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action. For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Stools, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it. For Constipation or Diarrhoea, but one mild dose is generally required. For Rheumatism, Gout, Gravel, Pains of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear. For Dropsy and Dropsical Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purge. For Suppression, a large dose should be taken, as it produces the desired effect by sympathy. As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels, restores the appetite, invigorates the system. Hence it is often advantageously where no serious derangement exists. One who has liberally used them, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. PREPARED BY DR. J. C. AYER & CO., Practical Chemists, LOWELL, MASS., U. S. A. OR SALE BY ALL DRUGGISTS EVERYWHERE.

Ayer's Hair Vigor. For restoring to Gray Hair its natural Vitality and Color. A dressing which is at once agreeable, healthy, and effectual for preserving the hair. It soon restores faded or gray hair to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume. Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, LOWELL, MASS.

Ayer's Cherry Pectoral. For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption. Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organ yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as have been believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwieldy to be without it. As a safeguard to children, and the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome INFLUENZA and painful BRONCHITIS, when they know how easily they can be cured. Originally the product of long, laborious, and successful chemical investigation, no cost or toll is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
